The Best of Both Worlds

The 1988 Chieftain focuses on Waconia's location. Students can take advantage of Waconia's friendliness and atmosphere, but can easily add a change to their lives by driving into the city.

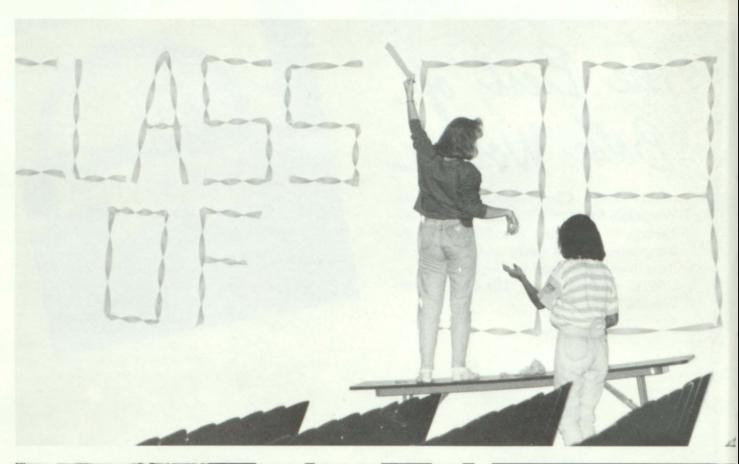

WHS students have "The Best of Both Worlds."

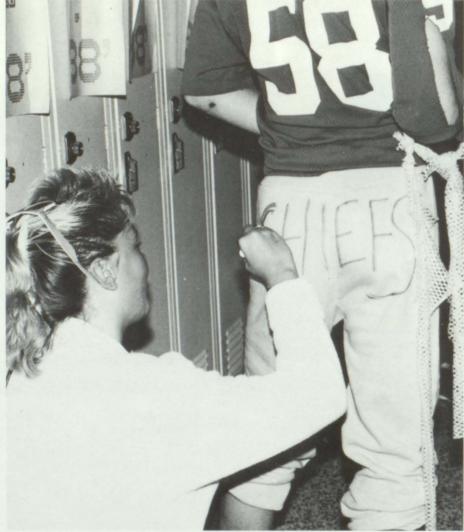

HEHHHHH

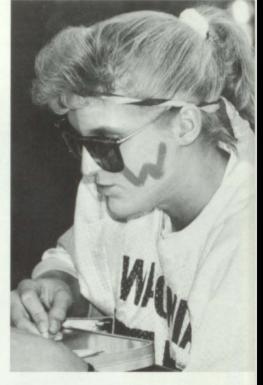

24 So. Walnut

Waconia, MN 55385

Top. Bonnie Burandt and Stacy Stender know who really dominates. Left. Diane Anderson adds a "rear" view to Brad Heyer's sweat pants during Spirit Week. Above. Deana Speak experiments with her make-up on Purple and Gold Day.

Small, but Active

Waconia High School has a student population of 470 in grades 9-12. Smaller than any of the metro area schools, WHS still offers its students a wide variety of activities — homecoming, an all-school musical, international week, prom, 10 musical organizations, and 12 different sports.

Because of the size of the student population, many students are active in several activities and organizations throughout the school year. The most active students often find their extracurricular activities overlapping and their schedules becoming crowded, but even less active students participate in all-school activities and attend musical and athletic events. WHS is small, but active!

Top. Fans add "oomph" during fall football games.

Left. Mr. Tisel's Pre-Calc students have a special activity of their own — pizza on Friday!

Above. Jason Grengs adds a special meaning to the phrase — small, but active.

Our Corner of the World

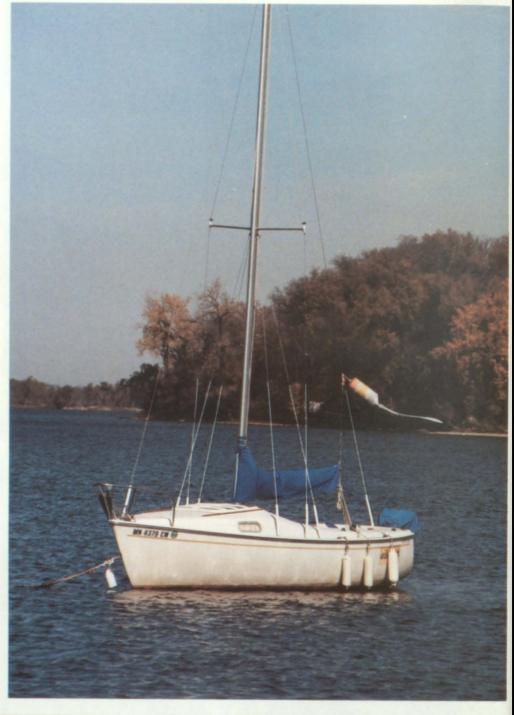

Waconia offers many exciting attractions for surrounding communities. The lake seems to be the major source of interest during the summer and winter months for sailing, boating, swimming, and ice fishing. In addition, businesses like the Lakeside, D'Vinci's, and the Prairie House attract travelers as well as locals.

Although Waconia is a small community, it has four schools — two public and two parochial — as well as the outstanding medical facilities of Ridgeview Hospital and Lakeview Clinic. Recreation is another major attraction; from tennis to swimming, people gather in Waconia for a day of fun.

Right. Lake Waconia provides a variety of entertainment for all ages.

Below. Many students use this means of transportation throughout their high school years.

Below right. Patty Ebert and Dale Dahl enjoy a view of the lake near Lakeview Terrace.

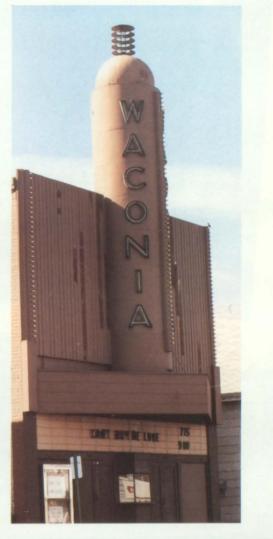

Below. Football injuries leave Paul Eveslage, Todd Bailey, and Todd Karels modeling wheelchairs at Waconia's Ridgeview Hospital.

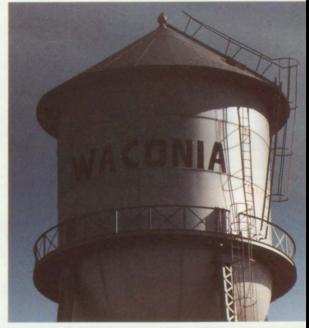

Right. Waconia's only movie theatre offers another source of entertainment to residents.

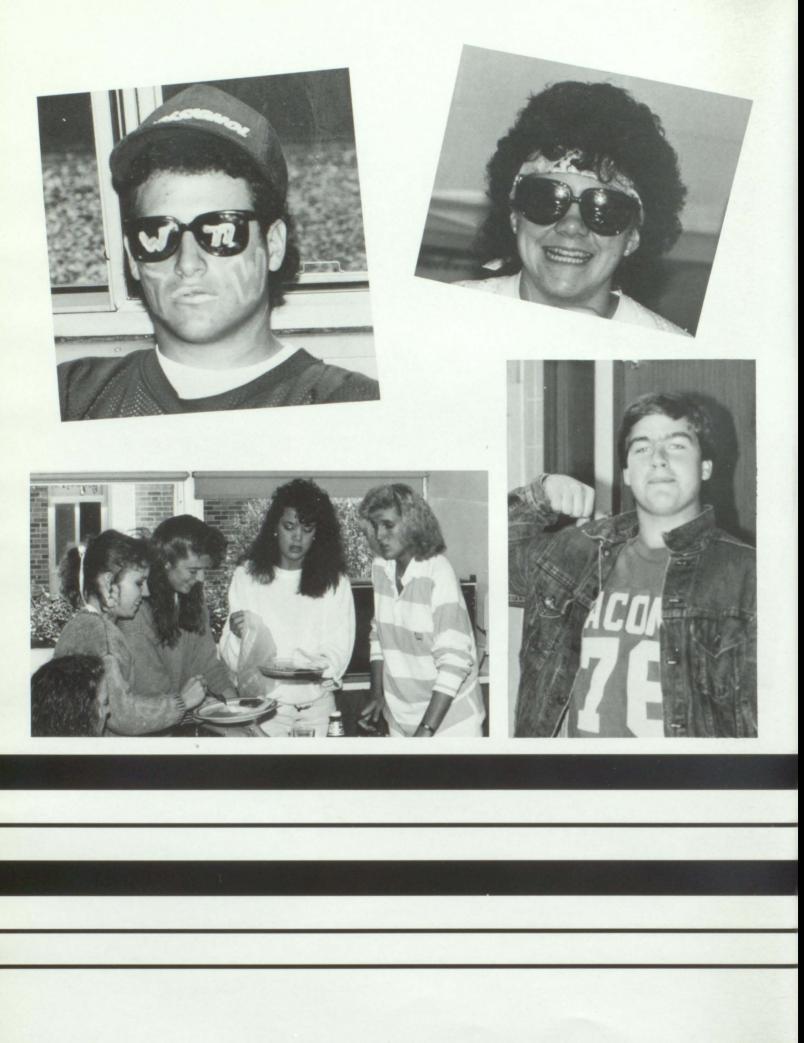

Above. Dawn Hilgers, Jenny Boll, and Karen Kirsch enjoy a day of fun and frolic at the city's park.

Right. Since Waconia acquired a new water tower, the old one pictured here brings back memories of the early days of the town.

STUDENT LIFE

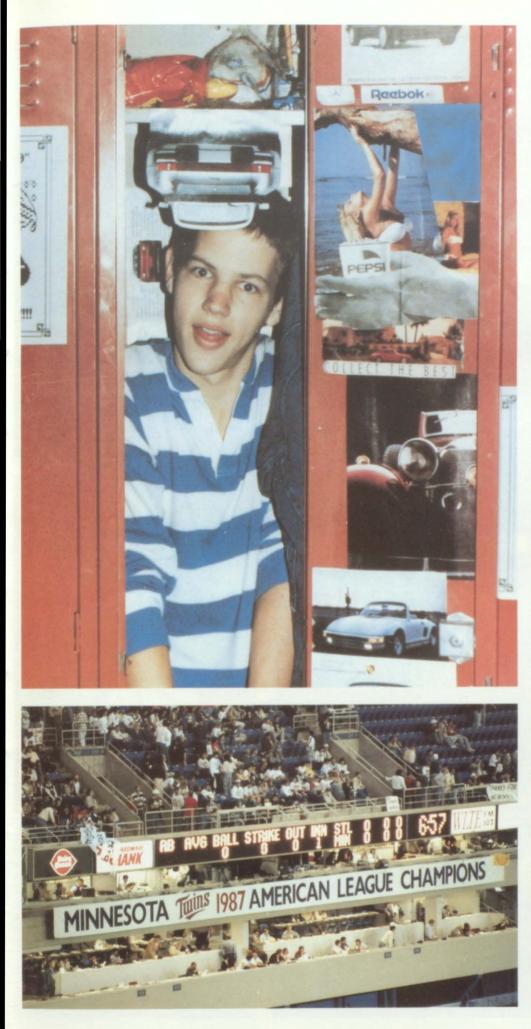

Top. People from all over Minnesota, including WHS students, gathered together at the state Cap-itol to support and honor the World Series champs. Left. The football team shows the student body not only their spirit, but also their legs during one of the fall pepfests. Above. Junior Tracy Logelin shows what a good night's beauty sleep can do for her during Spirit Week.

Anything but Ordinary!

This year was anything but ordinary!

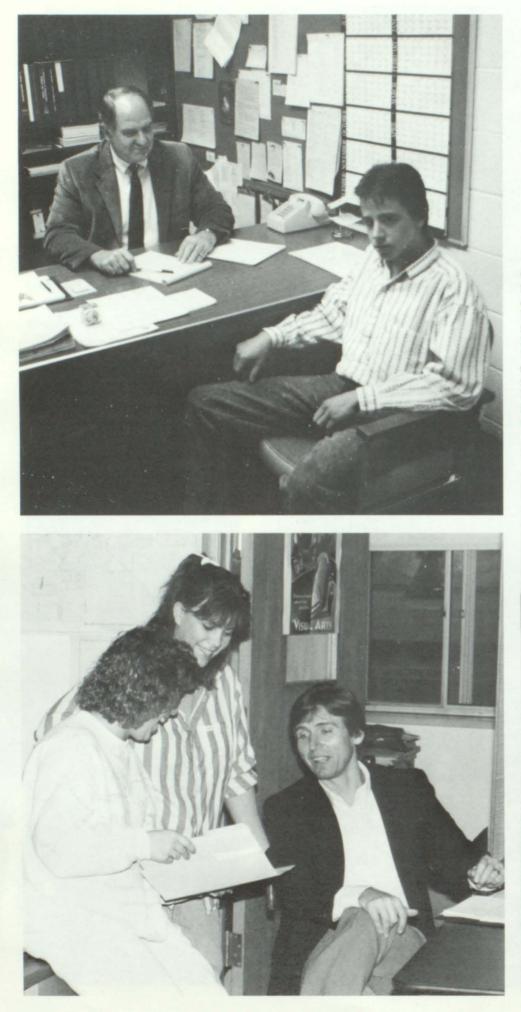

With the Twins winning the World Series, junior guys hiding out in lockers, girls coming to school forgetting to take their beauty-masks off, football players in skirts, there is no doubt that 1987-88 was an extraordinary year.

Left. Junior Dan Popelka finds refuge in his home away from home.

Below left. It was an anything but ordinary season for the Twins this year as they captured the 1987 World Series Championship.

Below right. Freshman Jenny Boll expresses her individual taste in hairstyles.

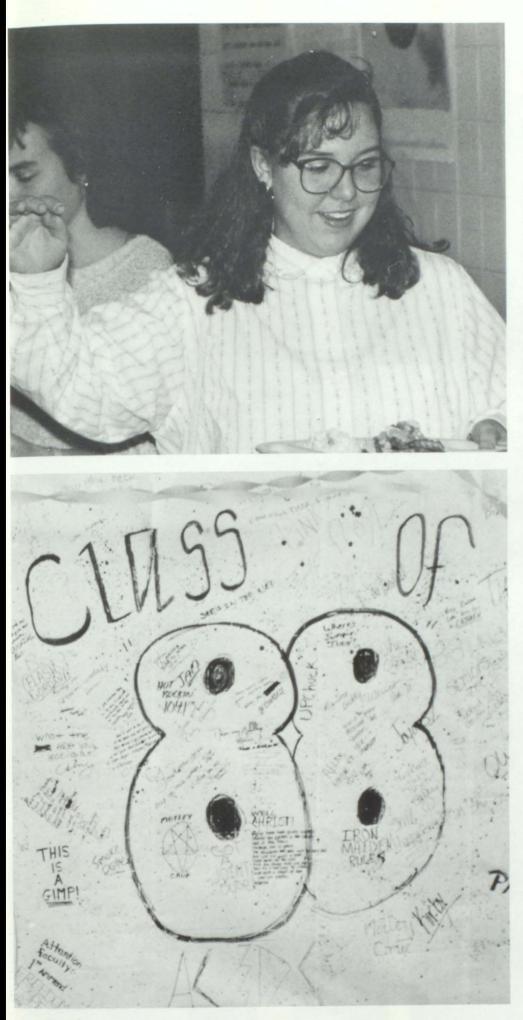

Opposite page, top. Sophomore Stephanie Stolz shows that some of the sophomores actually stay at school for lunch. **Left.** Senior Matt Schaffer seems to press the issue and finds himself in a home away from home in Mr. Lind's office.

nome in Mr. Lind's office. Bottom left. Senior cheerleaders Traci Wil-son and Jodi Bednar discuss fall cheerlead-ing with Mr. Mortensen. Below. Someone decided to upset the sen-iors by making their mascot "Puff" attempt to fly.

Pressin' the Issue

In high school, students tend to do things that make other people mad. Everyone in one way or another presses the issue. Whether it is in a class, out in the hall, or in the parking lot ... things just happen.

For instance, this fall the cheerleaders pressed for football cheerleading, 9th and 10th grade students sometimes "took" the privilege of open lunch available only to 11th and 12th graders, the seniors pressed for a senior wall during homecoming, and students often found themselves in the principal's office for pressing an issue in class.

Below left. The senior wall causes some controversy during Homecoming. **Below right.** Eighth grader Jeff Schulz probably regrets "pressing the issue" with senior Neil Otto.

Just for Kicks

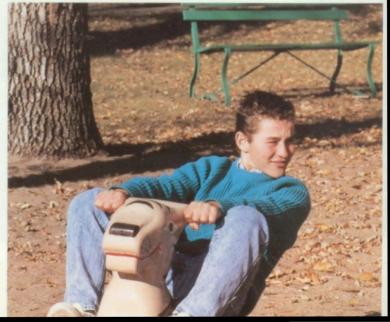

Some days students just have to get away from the heavy load of homework and have some fun. Whether it's catching a movie, eating out, going shopping, or just spending time in the park, students everywhere need a little added fun to make the school year go by more quickly. Staying in Waconia or traveling to the Cities, everyone needs to get out and have a few kicks.

Right. Annie Johansen and Linda Deardorff window shop at Eden Prairie Center.

Below left. Patty Ebert tries something new on the slide at the local park. **Below right**. Brad Ess reverts back to his childhood as he rides a pony in the park.

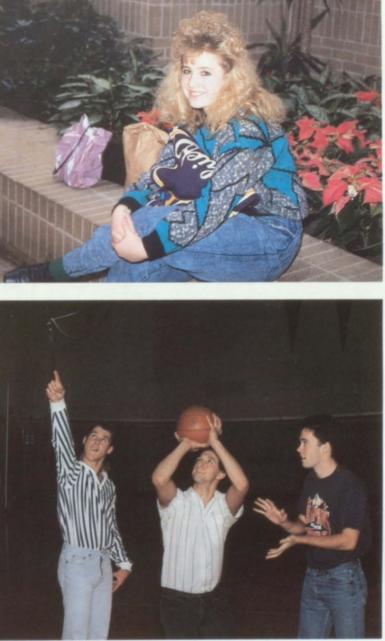

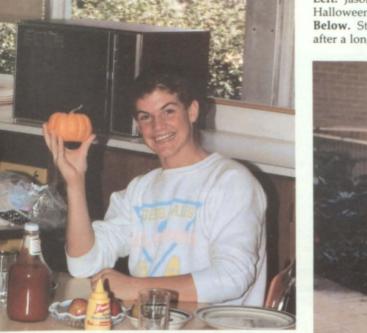

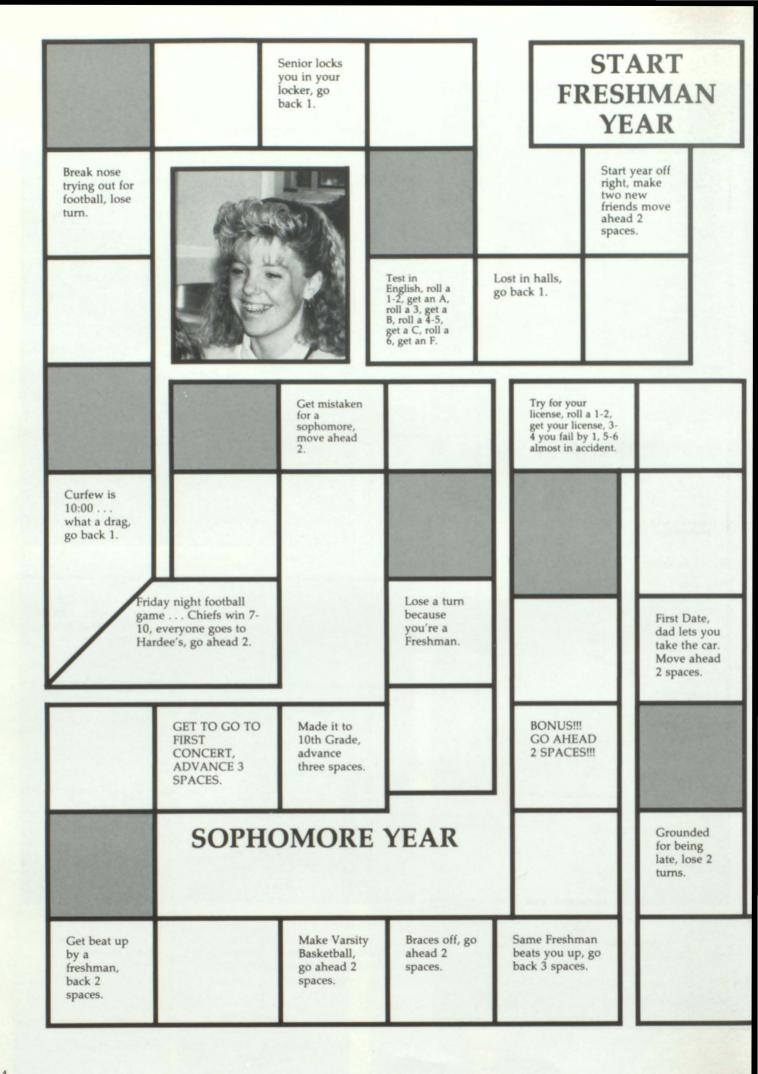

Left. Jason Theis shows that he's in the Halloween spirit! Below. Stacy Rademacher needs a break after a long day of Christmas shopping.

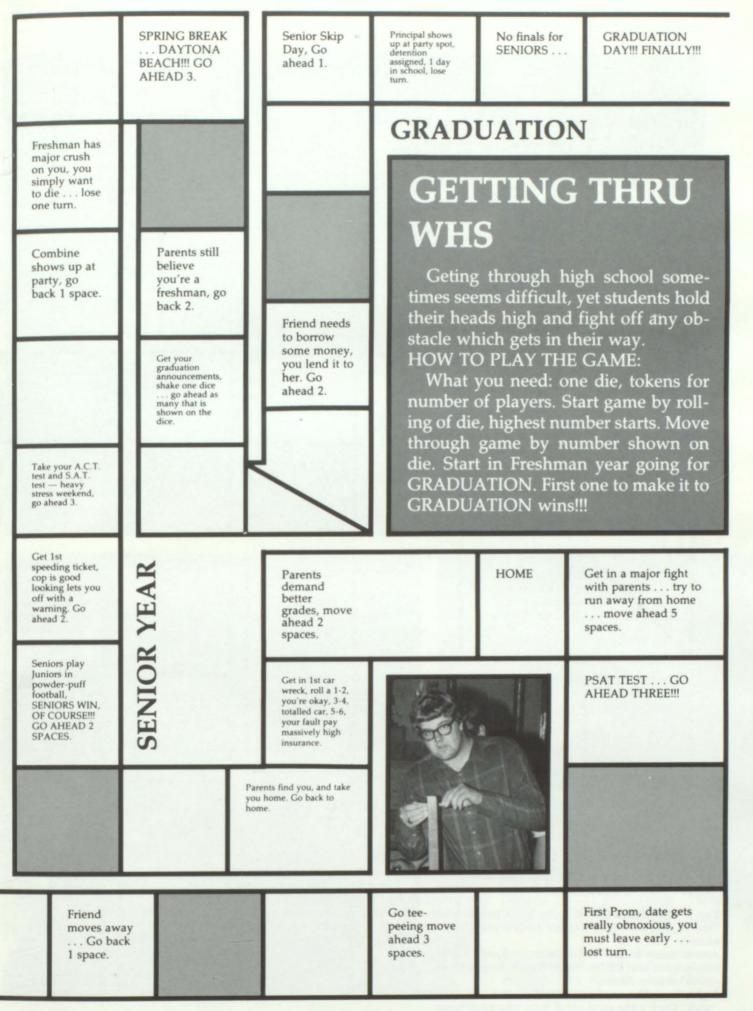

JUNIOR YEAR

Top. Seniors Marnie O'Neil, Becky Titera, Jodi Bednar, Traci Wilson, and Michele Quast do their usual jokin' around.

Above. Junior friends Shawn Dalchow, Todd "Forty" Fortwengler, and Robby "Fugi" Kirsch hang out to-gether between classes. **Right**. Bruce Kleman, Todd "Punk" Grams, and Cory "Stick" Cook make good use of their time by relaxing before Vo-Tech.

Close Ties

Friends play a big part in every student's life. When you have close ties with a person or a group, you come to depend on them. Who would you share the good times with? Who would you go to all the parties or concerts with? What person would you share your deepest secrets with? Who would try to understand you when you were right or even when you were wrong?

It's the people you care about and spend so much time with that make high school the best years of your life. What kind of a school year would you have without sharing it with your best friends? They are the ones that make every moment a moment to remember. A True Friend is a Forever Friend.

Left. Who else but pals Russ Storms and Steve Buetow would be seen wearing those glasses. Below. Tina Karels and Dianne Storms

Below. Tina Karels and Dianne Storms show what close ties are really about.

Left. Senior buddies Paul Jacobson, Steve Bredeson, and Tim Devins show the style most students chose during Spirit Week.

IKS !! !!

Everybody needs a break, whether it's teachers or students. Traveling during spring break, tanning, renting movies, and shopping seemed to be WHS's favorite pasttimes on weekends or during vacation breaks. Everybody loves those breaks!!

Page 18,

Bottom. Sarah Johnson looks the part of a confused traveler.

Right, top. Sara Kunze clutches a friend. **Right, middle.** Erika Lehmann catches a nap while Amy Reilly works.

TUESDAY P.J. & Sweats

Homecoming's Spirit Week offered some new opportunities for students' creativity this year. It started off Monday with Tacky Tourist Day, when students poked fun at those obvious foreigners abroad. Tuesday gave students a break from the normal dress code with Pajama and Sweats Day. Wednesday they dressed as the opposite sex on Role Reversal Day. Thursday was Clash and Word Day when students dressed their worst and annoyed teachers with a scream whenever they said a certain word.

Friday was a big day for everyone. Students wore Purple and Gold, and Hats and Shades to show their spirit for the team. Pepfests were held at Southview and Westview Acres. The loudest, wildest one was held at WHS, to top off the day before the game at night.

SPIRIT

WEDNESDAY Role Reversal

Top. Ms. Jason Greenslit, aspiring model?

Bottom. Mrs. Lorn Ackerson and Mr. Michelle Weiland, a perfect match?

Coronation '87

The energy level was high and the tension mounted as an excited crowd awaited the crowning of the new king and queen of Homecoming 1987 on October 5, 1987.

A pepfest started off the night, featuring dance line and cheer-leaders.

The ceremonies began with a few words about Spirit Week from the emcees, Shelly Johnson and Matt Williams. The senior athletes were honored by football coach Kim Benson and volleyball coach Rayeanne Hoffman.

After the processional of royalty, Trina Veff sang a song. Following their farewell speeches, former King Matt Peterson and Queen Karyn Otto gave up their reign to the new King Brian Reichenbergher and Queen Maddy Molnau, bringing to an end another coronation at Waconia High School.

Left. The reigning rulers of 1987 Homecoming, Queen Maddy and King Brian. Bottom left. Emcees for the evening are Shelly Johnson and Matt Williams. Below. Cheerleaders and dance line dazzle the crowd at the pepfest before the ceremony.

Dogpatch Comes Alive on WHS Stage

This year's musical, L'il Abner, was based on the cartoon strip by Al Capp. It told the story of a hillbilly town doomed to annihilation by government warhead testing. As Dogpatch citizens try to find something necessary about their town to save both it and their Sadie Hawkin's Day Race, L'il Abner and Daisy Mae encounter numerous obstacles in their stormy courtship.

Left center. Clem and Romeo Scrogg (Scott Arman and Matt Williams) persuade Marrying Sam (Eric Makela) to speed along the ceremony.

Left bottom. Matt Williams washes down some tonic with a bit of moonshine.

Top. Li'l Abner (Mark LaValle) and Daisy Mae (Katrina Veff), happy at last.

Above. Senator Phogbound (Dave LaValle), Mayor Dawgmeat (Dan Popelka), and Dr. Finsdale (Julie Heagle) deliver the bad news to Dogpatch's citizens.

Choir Attends Musical Events

Besides the usual concerts and Pop Show this year, the vocal music department made several trips to musical events. The concert choir attended the opera **Carmen** in St. Paul in the fall, and traveled to a high school choir festival at Concordia College in Moorhead, Minnesota, in April. In addition, five students attended the Dorian Festival at Luther College in Decorah, Iowa, in January.

Right. Accompanist Eugenie Davis and director Ron Larson discuss an upcoming concert.

Wagener.

Staff Focuses on Waconia

The 1987-88 yearbook staff, comprised mainly of several inexperienced members, worked to produce a book of equal success as the past two award-winning books. The 1988 **Chieftain's** theme focused on the advantages of Waconia and its location.

1988 YEARBOOK STAFF. Back: Marcus Johnson, Eric Makela, Jon Rauen, Kim Stangret, Libby Deardorff. Front: Jodi Stahlke, Wendi Dressen, Lisa Fischer, Marnie O'Neil, Jodi Bednar (holding the 1987 *Chieftain's* publication award), Kristi Clemensen. Not Pictured: Shelly Johnson.

Right. Kim Stangret and Jon Rauen work nonstop at making the deadline.

Committee Plans Homecoming Events

This year's homecoming committee, replacing the usual student council, planned the 1987-88 homecoming activities and coronation. The group was made up of volunteers from the junior and senior classes.

Future Lawyers Take the Stand

Mock Trial is an extracurricular activity set up to give students a taste of the legal world. Students acted as lawyers and witnesses in a real case situation, which involved a first amendment censorship dispute over a school newspaper.

Mock Trial participants, grouped into two teams, enjoyed a fairly successful year. Team One (M. LaValle, J. Kellor, C. Thurk, S. Stoltz, C. Heagle, J. Harms) never lost a case on merit. In Regional finals, they lost by 2 points, which prevented them from moving on to State.

Team Two (C. Radde, T. Logelin, K. Neumann, M. Linton, J. Peitz, R. Walter) placed fifth in overall points in Regional competition.

The participants prepared for approximately two months prior to the competition, coached by Mr. Blassey and lawyers Keith Sjodin and Tim Looby.

Memorable moments in the competition included cross examinations by Erika Lehmann, Jenny Kellor, and Kristina Beck; Jennifer Harms' portrayal of a radical witness; and Mark LaValle and Carl Radde's closing arguments.

Top. Mock Trial participants receive last minute advice from attorney Keith Sjodin before taking the stand. **Center. MOCK TRIAL TEAM.**

Students Welcome Other Cultures

Again this year Waconia students housed AFS and Rotary exchange students from abroad who are living in the Twin Cities for the 87-88 school year. Some of the students were from Peru, Australia, Brazil, Wales, New Zealand, and Sweden. Throughout the last part of the week the exchange students spoke to classes and addressed the school in an assembly in the auditorium. They traveled to Southview to speak to the elementary kids, and attended a basketball game in their honor. Outside of school they went shopping, played broomball, and partied!!!

Top. Ivette Fox from Peru talks to fellow foreigners during International Week.

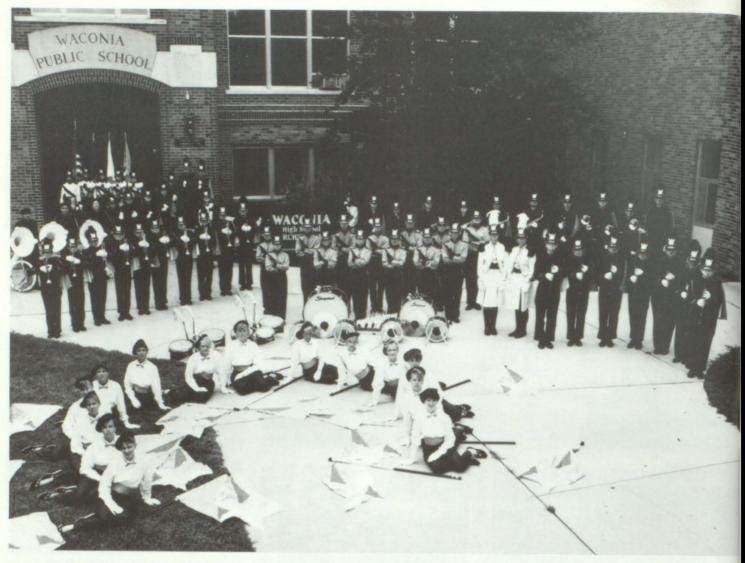

Far Left. Rotary exchange student Glen Daniels introduces himself during the assembly.

Left. Stuart from Australia, who stayed with Mark LaValle, enjoys eating pizza during International Days lunch in the Board Room.

Below. Rotary exchange student Cris Leal from Brazil talks with classmate Mark LaValle during her temporary stay in Waconia.

Bands Active Practicing and Performing

The WHS instrumental department, made up of a 7th grade band, 8th and 9th grade band, and concert band (10-12), holds approximately 5 concerts per year. But this year the bands' agenda also included other activities as well. The concert band played in a combined setting in Orono with the Orono and Buffalo High School bands. During Music in Our Schools Week all the bands participated in the "America Takes Note" concert, which included all WHS bands and choirs elementary through senior high, emceed by WCCO's Dan Hertsgaard.

There are also several extracurricular bands which include Pep Band, Jazz Band and Marching Band, all operating on students' own time.

Top. The Waconia High School Marching Band and the Color Guard pose for a photo in front of school.

Above. The drum section of the pep band adds to the activity during a pep fest.

FFA, FHA — Leaders of the Future

This year's Future Homemakers of America did exceptionally well at the district level of speech competition. Nineteen members won awards, twelve of whom advanced to state competition. Also, Jason Wolter won a district officer position.

Along with their annual speech competitions, FHA also attended a cluster meeting in Milwaukee, Wisconsin, this year. Several schools

Right. FHA. Below left. Award Winners at the Hutchinson AVTI Skills Fair: Steve Buetow in Dairy; Russ Storms and John Storms in Welding. from Minnesota and Wisconsin attended a series of meetings concerning FHA issues. In addition, the 30 members held more fund raisers this year to support the competitions and events.

WHS's Future Farmers of America had a successful year in competition. At the district level, Jason Neumann, Russell Storms, and Denise Traver were nominated for the State Farmer degree. In district and regional competition, Denise Traver won Proficiency in Dairy Production, and Paul Kelzer won in Wildlife Management. Jason Neumann won Proficiency in Regional Placement in Ag. Production, and Russ Storms won in Regional Ag Mechanics. Russ and Jason advanced to state competition in their respective areas.

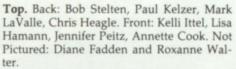

NHS — Students of Excellence

National Honor Society is a select group of students recognized for their academics, character, leadership, and service to the school and community. They are chosen by an advisory board composed of six teachers representing all department areas and the high school principal. Students elected to NHS must maintain these high standards in order to retain their membership.

Center left. Fourth quarter transfer student Pat Daubert was elected to his former high school's NHS chapter in Monument, Colorado.

Prom '88

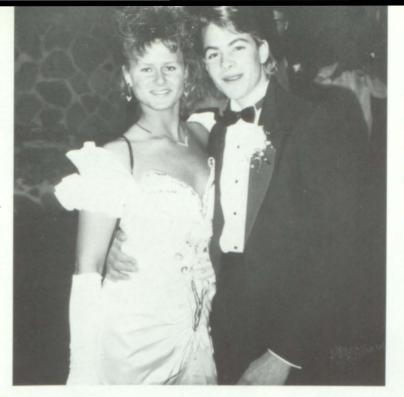

April 22; 5:15. About 150 prom couples were dressed to kill and tensely awaiting the long walk across the stage at Grand March '88. From there they hopped in their cars or limousines to Hazeltine Golf Course where dinner was served at 7 p.m. The awards ceremony was next, followed by dancing to the Midwest Sound and Light Show.

A new and successful addition to Prom '88 was a postprom party at the school. Activities included a casino, dancing, a bistro, miniature golf, various games, an arcade, and a pillow lounge. The parent-sponsored party ran from 12 a.m. to 5 a.m., topping off the evening with a prize drawing. A new tradition appears to have begun. Seniors Shawn Koosman and Mike Weber show you don't need a date to have a good time.

Pete Kramer is swept off his feet by Matt Cole after they are chosen "cutest pair." Ranee Buetow and Tracy Johnson find a way to cut prom costs.

Seniors Face a Time of Change

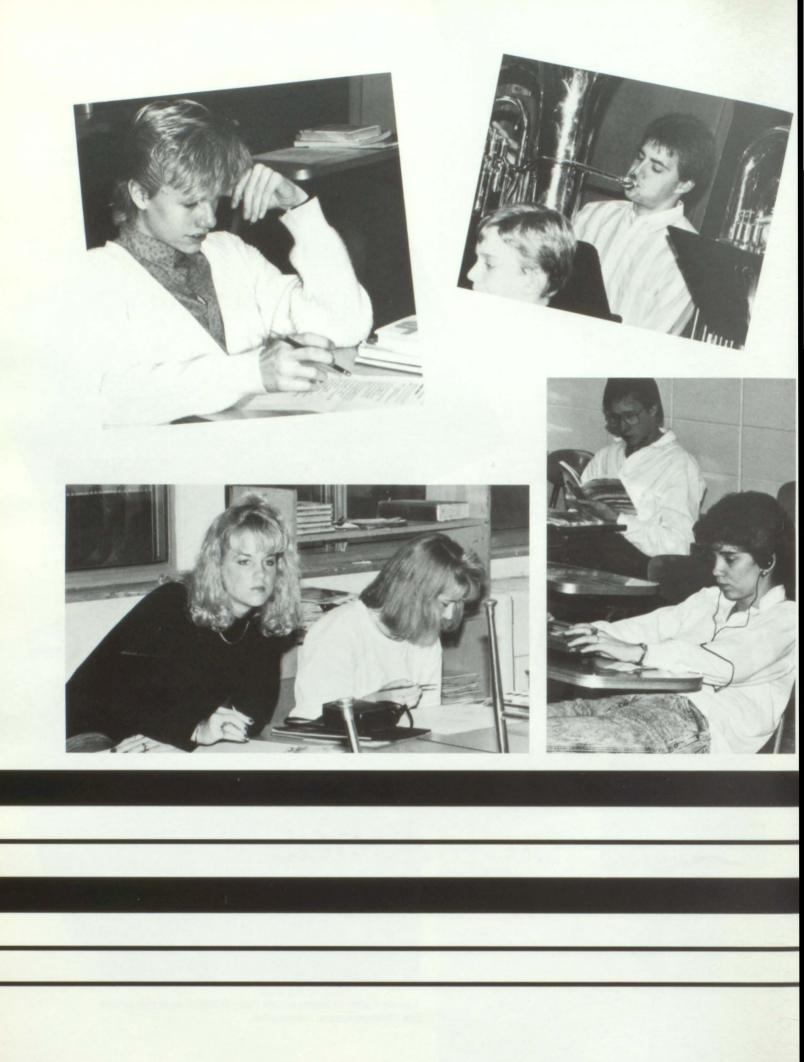

At 1:00 p.m. on Sunday, June 12, 1988, over 120 seniors graduated from Waconia High School.

Time had flown fast for the class of 1988, the week preceding graduation busy and hurried with last-minute details, preparation, and decisions. As the seniors completed final exams and departed school at 1:00 p.m. on June 8 for the last time, they stepped out of one era of their lives, an era filled with memories, and stepped into another, already filled with dreams.

Below. Lori Lizakowski, Kerri Felt, and Patty Melchert write personal notes in their memory books before going their separate ways after graduation.

> **Right**. Stacy Stender and Bob Stelten say goodbye to WHS and are led one step further to their future goals.

Below. Brian Stacken receives congratulations from Mr. Lind for his academic achievements.

ACADEMICS

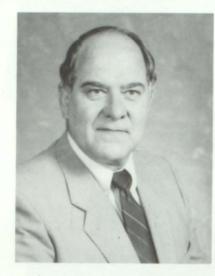

WHS ADMINISTRATION

What do you think are the advantages of working in a small school district vs. working in a large school? SCHOOL BOARD Gail Berger Frank Foss David Grandy Jerald Grote Chairman Roger Sauerbrey Daniel Steinhagen John Zimmerman

Mr. Allen Frazier Superintendent

"Having worked in both, advantages of small districts include: 1) getting to know a larger % of staff and students personally 2) can more quickly respond to identified needs — less bureaucracy to work through 3) option to be more personally involved in all facets of schooling."

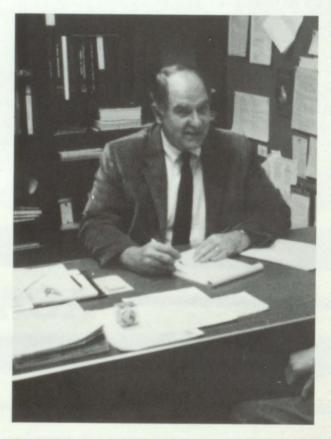

Mr. Robert Lind Principal

"In a smaller school there is more opportunity to meet and know students and parents, and you are able to be involved in all phases of school operations rather than only one or two. You are more a part of the school and community."

Mr. Frazier, pictured here on school property, believes the school district is in the business of building, not destroying.

Mr. Lind looks up during a busy day of meetings and appointments.

What do you think are the advantages of working in a small school versus working in a large school?

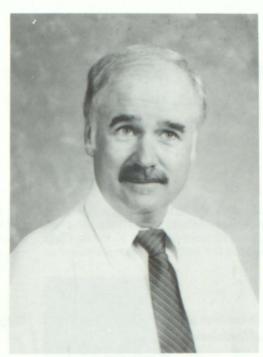

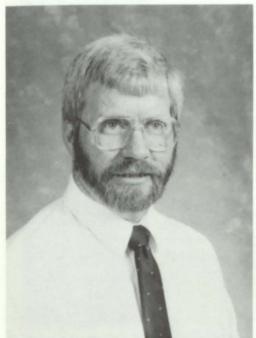

Miss Rebecca Forde Administrative Assistant

"For me, it means that I can get to know the staff by face and name much more easily; a plus for me in personnel, payroll, and insurance. It is easier to work out wrinkles when you know something about the people you are dealing with."

Mr. Gordon Winter Counselor

"I enjoy the personalization that comes from working in a smaller school district environment that enables you to know and interact with almost *all* students and staff."

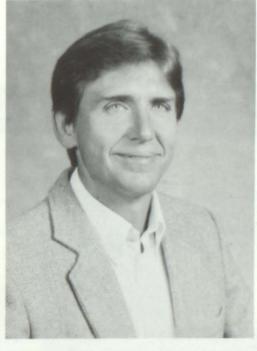

Mr. Peter Gustafson Counselor

"Everybody has a chance to know everybody and become involved in whatever activities interest them."

Mr. Wayne Mortensen Athletic Dir./Community Ed.

"The advantages of working in a small school are these: 1) a real chance to know a greater number of individuals well, 2) a better opportunity for involvement in a variety of activities."

Above. Mr. Winter gives Matt Schaffer some helpful advice.

Left. Secretary Jo Gothmann and Rebecca Forde get involved in Role Reversal Day during Spirit Week.

What are the advantages of the location of Waconia?

Mr. Sheldon Anderson Music

"It is a small, friendly town close to a large city. It shares the benefits of both a large and small population. Disadvantages of WHS include a segmented student body from several towns.'

Bjorklund Agriculture

Mr. Ron Larson Music

"We are a relatively small town with the urban and rural communities at our doorstep. We have the best of all worlds, plus a lake."

Mrs. Bergetta Mason Art

"Close to the metropolitan area for the arts and sports offerings available. The availability of a beautiful lake for use and view."

"The absence of heavy traffic and the congestion of the city is a real advantage of Waconia, yet one

can easily take advantage of the major shopping

and entertainment areas of the Twin Cities.

Mr. Dennis

Mrs. Corinne Dulgar Spanish

"The area's natural beauty seems remote and peaceful, yet it is close enough to enable people to take advantage of the cultural events and entertainment that the cities offer."

Ms. Barbara Danger Librarian

"It's nice to be in a smaller town and rural setting with the advantages of the big city less than an hour away.'

Mrs. Jeanne Anderson Health, P.E.

"The location is central to many things - the Twin Cities, the northern lake country, sports and cultural events. More important is the clean, well kept community, with medical facilities and friendliness."

Mrs. Phyllis Lehrke Home **Economics**

"The exceptional medical and educational facilities along with the superb recreational value of the lake make Waconia a prestigious location. 46 Also, the proximity to the metro area adds desirability.'

Mr. Al Blanshan P.E., Driver's Ed.

"It's close to where I live. If it was somewhere else, I would have to drive farther.'

"The lake for both winter and summer sports closeness to Hennepin County Parks. Close enough to metro area to attend cultural and sporting events. Not too far away from northern resort and ski areas.

Mr. Bob Lindemann Ind. Arts

"It's close to the Twin Cities but doesn't have the Twin Cities' congestion. Also, it's close enough to Mom and Dad for me and my wife."

Mr. Robin Jacobs Ind. Arts

"Close to the metro city area conveniences and entertainment (plays, sports, athletic clubs), yet the city is separate enough to maintain the uniqueness of the rural community atmosphere."

How has school changed since you were in high school?

Mr. Ken Gerding Business

"Manual typewriters in those days; today electric typewriters or electronic typewriters and in some cases, computers. Classes today are semester length; before they were all full year."

Mr. John Laulainen Science

"It's a lot harder being a kid now than when I was in school. There's too much pressure to conform to the adult world now. Kids bring problems to school, creating more stress in their lives."

Mr. Leo Schlumpberger Math, Science

"Those were the days of baggy pants and letter sweaters; no calculators — no computers; boys took shop and agriculture; girls typing and home ec; boys had several sports; girls had cheerleading."

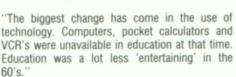

Mr. Tom Triplett Math

"The social highlight of the week was the Friday night sox hop. We didn't have live bands to dance to. There were a lot more activities available science, math, photography clubs, glee clubs, etc."

Miss Lydia Thometz Business

"There seems to be less respect for the education process. More students look to being entertained rather than to be educated. There are more distractions — jobs and social activities."

Mr. Darrell Arman Science

"More opportunity for students — a greater variety of course offerings, electronic devices, and specialists, all of which provide a better school environment for the student."

Mr. Don Westermann Science

"There's much more to learn (four times as much scientific knowledge), teachers are more proficient, services to students have expanded, but kids are just as loveable as when we were young."

Miss Sharon Singsaas Math

Mr. Jim Tisel Math, Computers

"Students are more realistic, materialistic, and interested in preparing themselves for high paying jobs. There is less interest in philosophic questions than when I was in school."

Mr. Ken Trnka Math

What differences have you seen in the attitudes of students at WHS compared to the attitudes of students from larger schools?

Mrs. Debbie Anderson Special Education

Mrs. Joan Ball Special Education

"I tutored in an alternative program for potential drop-outs. There the students seemed to appreciate the smaller, more family-oriented setting compared to the huge school where they got lost in the crowd."

Mrs. Sue Kirley Speech Therapy

"I have no personal knowledge to base an opinion on, when comparing WHS to larger schools."

Mr. John Walsh Special Education

Mr. Kim

Benson

English

"Attitudes of students from large and small schools are becoming more similar and there are advantages and disadvantages to this."

"The attitudes are similar. Some kids are nicer;

Mr. Dick Wegehaupt Special Education

Mrs. Marie

Erickson

Education

Special

"Students at WHS are more apt to experience strong peer group pressure because there are not many alternative groups to get into. A lack of course offerings and peer pressure make some students unhappy."

Mr. Mel Anderson English

"In grades 7 and 10, I believe the attitudes I see most are fair work habits in the classroom and the importance of being accepted by their peers. Parents of 7th graders show a positive interest."

Mrs. Mary Kolb English

Miss Polly Schellack English

some are not as nice."

Mr. Mark Torborg English

udents unhappy."

Mr. Richard Hilber English

"Waconia students having access to jobs tend to put school activities and their own studies second. Our students sacrifice their future for the short term positions that often lead nowhere." Would you prefer to work in a larger school if you had an opportunity, or would you prefer to stay in a smaller school like WHS?

Mr. Mike Blassey Social

"I prefer a smaller school setting because I feel it enhances communication between administration, staff, and students."

Mr. Steve Hullander Social

Mr. Mike

Zender

Social

Mr. Jon Luebke Social

"I prefer a smaller school such as Waconia, where you get to know the students and can follow their progress through the high school program."

Mr. Doug Thomas Social

"WHS is just the right size for me. Large enough to offer varied and interesting programs, yet small enough to enjoy a sense of community and friendship."

"I've worked in large schools and I prefer to work in a school the size of WHS."

"Waconia High School's strength is its students.

The students here match up well with students

from other high schools, large or small.

QUESTION: How do you maintain your enthusiasm for vocabulary worksheets?

"Seeing Mr. Torborg's face when I first get to school in the morning."

Ross Erickson Freshman

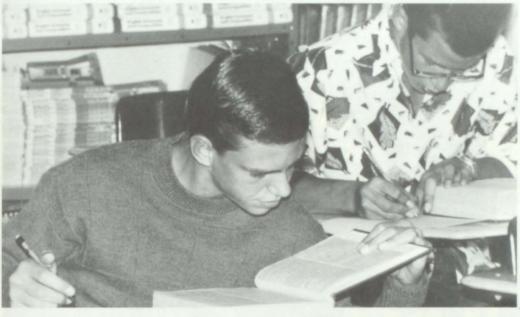

Classes Master Language

Required to take four years of English to graduate, students are offered a variety of English classes. Students may elect to take courses ranging from literature and composition to Performance Media or Advanced Writing.

Media or Advanced Writing. Students in speech class are required to deliver speeches that inform, entertain and persuade. Students learn how to control their nervousness and sound natural in front of a public audience.

Top right. Junior Dana Bloom tries to contain her excitement before she begins her speech.

Top center. Having fun in Video Productions are senior Katrina Veff and juniors Tonya Quast and Jeff Reick. **Top left.** Senior Lara Logelin's mind wanders in Performance Media.

Middle. Freshman Tim Peitz demonstrates persistence in looking up vocabulary words in English 9. Left. Mr. Benson's speech class applauds a speaker.

Below. Thor Haugen studies how to use the microscope.

Below center. In anatomy, Carl Radde shows foreign exchange student Cristiane Leal how Minnesotans use the microscope.

Below. Brenda Schultz and Stacy Machtemes help each other through the tough parts of math.

Depts. Provide Appreciation for Detail

Every student at WHS must obtain two credits in science and two credits in math to complete graduation requirements.

In science the teachers help develop a student's curiosity into a full appreciation for science. This way they can gain a better understanding of their environment. Depending on one's type of interest choices range from general biology to anatomy to physics.

One's math requirements can be filled with two types of mathematical courses. One type includes the basic classes like general math and business math. The other is the more advanced study which covers working with numbers, formulas, and problem solving operations. Depending on the knowledge wished to be obtained, a student can start at Algebra I and work his or her way up to pre-calculus.

Above. Diane Fadden begins an experiment in anatomy. **Left.** Bret McEnelly focuses all his attention on geometry.

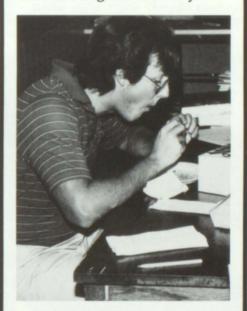

Top. Study that amoeba, Joe!

Above. Mr. Tisel's Pre-Calculus class stops class to pose for a photo.

QUESTION: Do you always take teaching this seriously?

"At least once a quarter." Mr. Jim Tisel Math Teacher

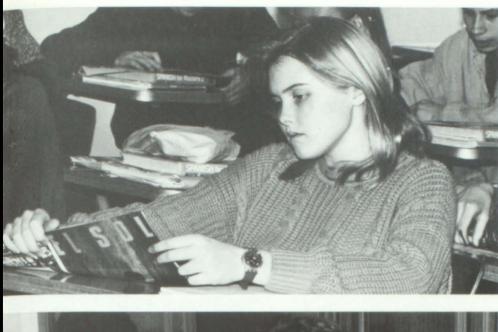

Top. Junior Wendi Dressen listens intensely in Area Studies.

Right. Senior Dave Kirsch studies sentence structure with the rest of the class in Spanish I. **Bottom.** Psychology teacher Mr. Thomas brushes up on his Minnesotan.

Spanish, Social Broaden Horizons

Spanish offers students the opportunity to broaden their horizons. In Spanish I, II, and III, students can examine the Spanish culture and learn how to write and communicate in a foreign language.

Social classes give students an idea of what has happened in the past and what can be expected in the future. The courses not only examine social needs and problems in a society, but also cover geography and current issues. Social classes also teach students that their future will be their children's and grand-children's past.

Top. In Spanish II sophomore Ann Johnson reads everything there is to know about the Spanish speaking countries in El Sol. Center. Senior Missy Kelzer shares the latest advice column with Terry Graupmann in social.

Below left. Senior Brian Reichenberger considers the intricacies of human behavior in Psychology.

Above. Cindy Buetow and Steve Jensen seem to have solved a problem on their computer.

computer. **Right.** Ryan Berger works on the computer as Paul Eveslage sits back and tells him what to do.

Depts. Prepare for Advancing Technology

How many of us have watched the cartoon the Jetsons and laughed at some of their appliances such as a visual telephone or terminal for shopping? A look at today's technology suggests that these inventions are not as far in the future as we might think.

With this advanced technology, students need to be trained in the business sciences. WHS offer students a variety of business and computer classes. Hands-on classes range from basic introduction to computers and business machines to computer programming. In addition, business classes, such as accounting, are available for future CPA's.

Top. Cindy Rademacher works on cash journals in her bookkeeping class. **Center left.** Amy Reilly and Erica Lehmann

Center left. Amy Reilly and Erica Lehmann figure out a tough problem on the computer. **Center right.** Jason Grengs works intently on

his program. Bottom. Kristi Clemensen and Crissy Worm

QUESTION: What did you do to deserve Mr. Blanshan's attention?

"I probably missed the target in archery." Chad Koehnen Sophomore

Health, Phys. Ed Emphasize Physical and Mental Fitness

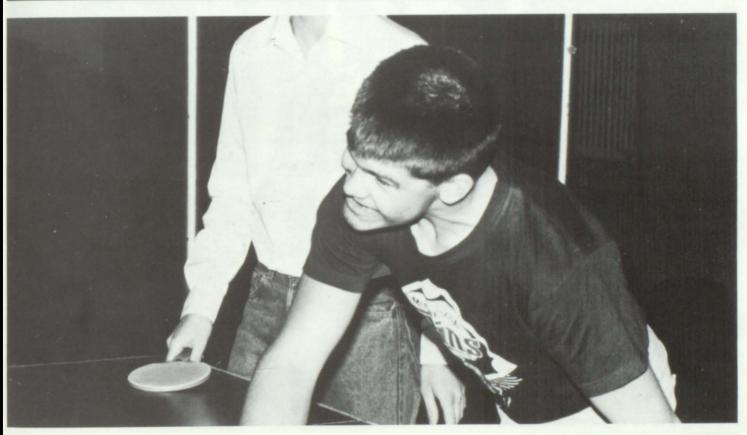

In the 1980's there is a strong emphasis on America's physical health and well being. At WHS students in physical education deal with games and contest sports and athletics and exercises designed to promote physical growth.

In health classes students learn about physical, emotional, social, and personal health as well as learn about chemicals, chemical abuse, and first aid.

Top left. Brushing up on current issues, Lisa Jensen checks on the bulleltin board in health class.

Top right. Tim Howe keeps his eyes on the ball as he sets it over the net.

Bottom. Winning the match in ping pong, Gary Bloom laughs at his opponent.

Industrial Arts, Home Ec. Offer Practical Skills

The Home Economics Dept., taught by Mrs. Phyllis Lehrke, offers many electives for students. The courses teach students how to eat well-balanced meals, how to prepare nutritious food, and how to use good manners.

The Industrial Arts Dept. offers quite a variety of courses. Students may choose classes from electronics to drafting to furniture making to actually learning how to repair a car in auto mechanics.

Both departments provide students with personal and vocational skills which they may use in the future.

Top. Mr. Jacob's 9th grade small Engines class takes a test.

Center: Junior Gary Walter prepares to grind a spear tine in Metals class.
Bottom. Junior Tonya Quast shows Nancy Wagener, Kim Scheuble, and Kim Carl her favorite food.

QUESTION: What is your secret to making good juice?

"I get my whole self involved." **Stacy Rademacher** 9th Grade

Fine Arts Program Broadens Artistic Talents

Students participating in concert band and concert choir are given the opportunity several times during the year to display their individual and collective talents. Besides several seasonal performances for classmates and family, students have the chance to perform at many local and regional contests. Many of these contests have resulted in awards and recognition for their hard work and outstanding performances.

The same is true of the art program. The curriculum ranges from beginning classes covering the basics to more advanced "contracts" for upperclassmen to develop their special artistic abilities.

Right. Karla Storms plays her sax during band practice. **Below.** Stacy Machtemes works on an acrylic painting in her Studio Art class.

Right. Julie Siegle and Wendy Hamann concentrate on their music.

Below center. Brian Reichenberger works on a ceramic bowl masterpiece — even with his eyes closed.

Below. Ninth grade art students work steadily on their papier-mache.

Question: How long did it take you to master this technique?

Senior

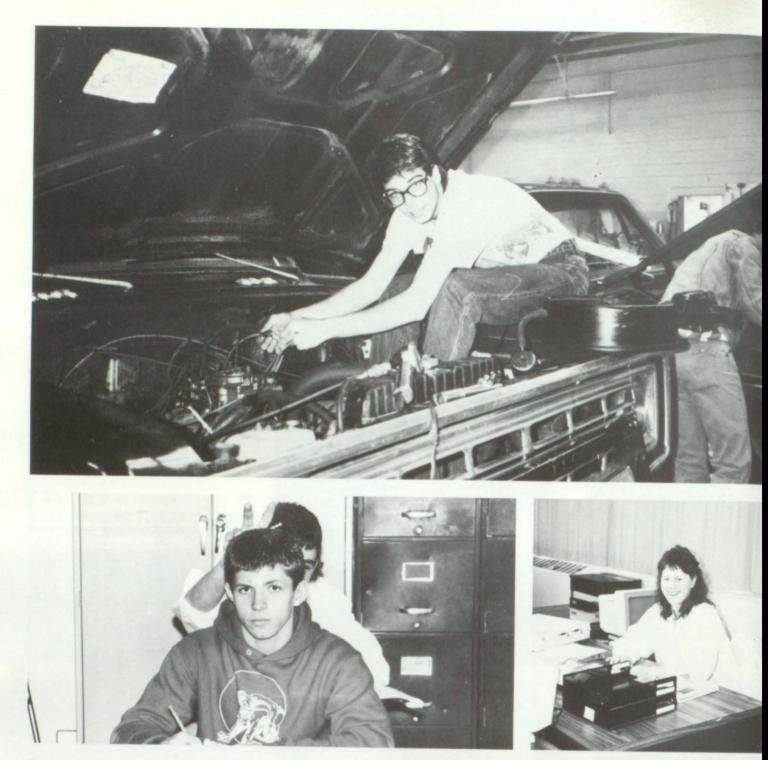

Left. Cory Dalbec works on a football drawing in his Studio Art class.

Top. Kevin Palmershein really gets into his work at his Vo-Tech class in Auto Mechanics.

Above. Senior Scott Kohls doesn't take pic-ture taking as seriously as junior Kelly Wagener in Ag. class. Above right. Senior Kim Felt tries to look professional in her Model Office class. **Right.** The Ag class concentrated on doing their assignments.

Ag and Vo-Tech Offer Students Vocational Head Start

Agriculture classes are designed to give students an understanding of careers and opportunities in agriculture today from plant growth to the management of livestock.

Vo-Tech offers many diverse courses for individual needs. These include Automotive Mechanics, Construction Trades, Food Occupations, Model Office, Health Occupations, and Graphics Communications.

Both Agriculture and Vo-Tech give students a chance to develop career skills while still in high school.

Left. Junior Lyle Gutzke focuses his attention on a test in Agriculture. Below left. Vicki Mechtel works on her final exam in Agriculture. **Below.** Seniors Kelly Murphy and Michelle Quast mix batter for goodies in their Food Occupations class at Vo-Tech.

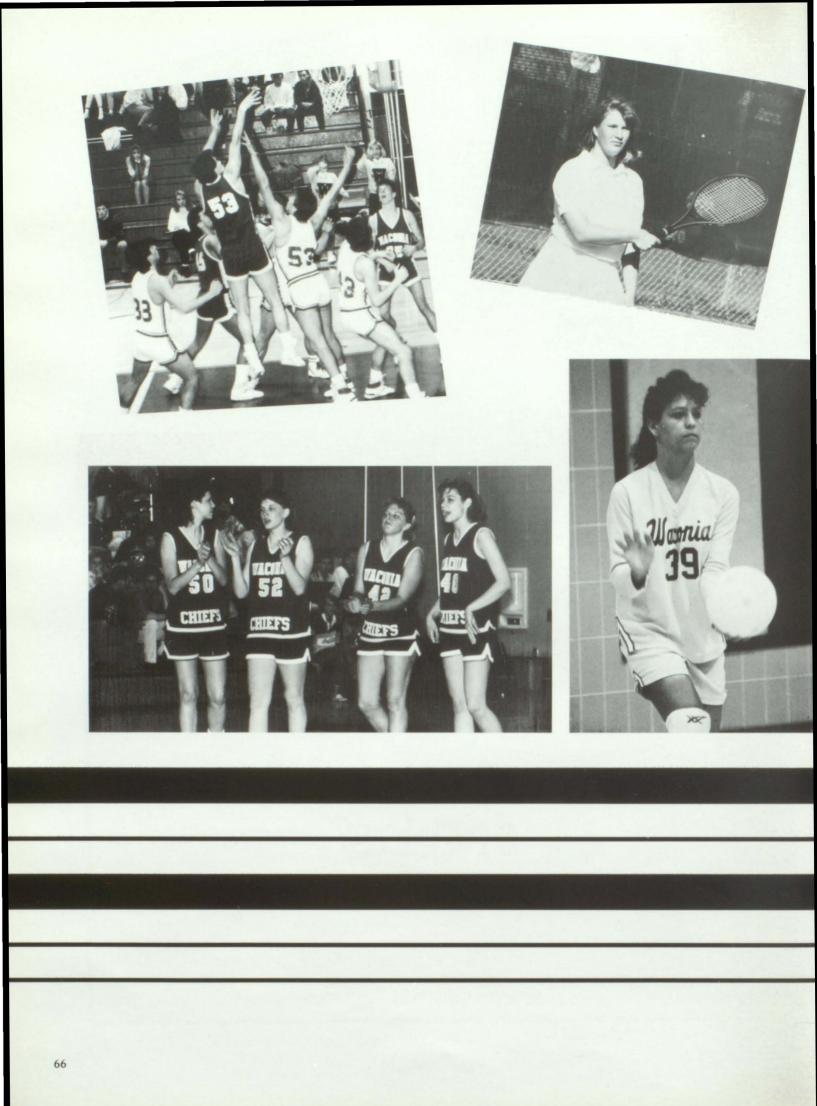

QUESTION: What's the reason for your excitement at Vo-Tech?

"I like to work with my hands."

David Rademacher Senior

SPORTS

Top. Waconia Chiefs celebrate after a goal line stance. Above. Coach Benson receives help from the sidelines. Right. Waconia shows good tackling tech-niques.

Individuals Set Records

The Chiefs' season this year was full of individual triumphs.

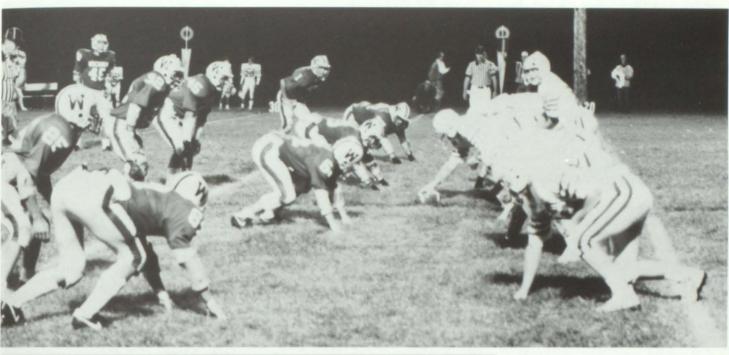

The team had a solid defensive line. They also set three school records — Steve Bredeson placed second on an overall tackle chart, Kyle Berger set a record with a 37yard punt, and Dave Kuntz kicked

a 29-yard field goal.

The Chiefs look forward to the strength and support of the upcoming junior and sophomore classes. The new conference switch will allow the Chiefs to compete against schools their own size.

Team Takes 3rd in Districts

Hard Work Pays Off for Girls' Softball

The 1988 girls' softball team had an impressive season. They finished 4th in the conference, and 3rd in District 17A competition. They defeated DeLaSalle 12-0 for their 3rd place win. The season was full of surprises; the biggest one was when they beat the #1 rated team state, Glencoe, 6-4.

There was a new face on the field this year, Coach Tamara Kielty. She introduced many new ideas to the team and she led them to an 8-6 conference record and 12-9 overall record.

Because six seniors graduated, sophomore pitcher Cyndi Buetow, freshman Jenny Boll, and the other underclassmen will be a big part of next year's team.

Above. Lori Wickenkhauser throws the ball

to third.

Boys Have Trial & Error Season

This year's boys' basketball season experienced a trial and error program.

The boys went through some difficult games by losing nine of their games by one point, four of which were in overtime.

With the strong advancement of their new coach Doug Sayles, the

team did surprisingly well. In each game, the team showed a sense of dedication to their new coach.

Senior Steve Buetow summed up the season, "If we had known Doug Sayles a year longer, we might have won those 9 games, and by more than one point."

Below. Steve Buetow attempts to make a basket.

Girls' Basketball Has Rewarding Season

Every team has its ups and downs, and this year's basketball team was no exception. On the up side, the team played very well on the court because of their togetherness. They also defeated Glencoe by a very small margin and took second place at the Mayer Crusader Tournament.

Individual ups included Tracy Johnson, who received an All-Conference Award and an All-Metro award, and Diane Fadden and Ranee Buetow, who won the Most Improved award. Best Defense went to Cynthia Buetow.

On the down side, the girls had a heartbreaking loss to Hutchinson. They also learned that their coach Mr. Jim Tisel had resigned the position for next year.

Above. Tracy Johnson gets the team set up for the next play. Far left. Sherry Wagener watches for the rebound. Left. Cathy Schmieg listens to the coach

BASEBALL SEASON

Personal Bests Help Season

This year the boys' baseball team worked hard. Two games went into extra innings, and the team never gave up when they were behind.

In addition to each member's contributing his time and effort to

the team, Steve Bohn received All-Conference, and Cory Baumann headed an effective pitching staff. Overall, the team had a difficult season, but had a season of personal bests.

Promising Future Ahead for Young Team

The WHS Lakettes are a very young team this year with only two seniors. Even though the team is young, they have had a remarkable season; they took 6th place at the U. of MN, 4th place at the Alexandria tournament, 5th place at the Blaine tourney, and 7th place at Apple Valley. The team has a promising future with a possible ten returning juniors in the 1988-89 season and returning captains Stacy Clauson and Jill Gray.

Cheerleaders Add Spirit

One of the less recognized sports is cheerleading. Cheerleaders promote school spirit by doing cheers, putting up signs, and holding pepfests. But this year's cheerleading squads were under a lot of controversy after they were dropped from the extra curricular activities last year. Not only did the cheerleaders have to face that obstacle, but they also had to face what many people describe as Waconia High School's low spirit. However, as one person said, "The cheerleaders did their very best to promote spirit."

WRESTLING CHEERLEADERS.

the second green.

Golf: Season of Triumphs

The golf season for the boys' team was one triumph after another, with Ryan Berger, Kyle Berger and Dave Harms taking All-Conference. Matt Cole received a Gold medal in individual competition. "The boys have had a good year and have played at some tough courses," stated one player. The boys took 5th in conference and placed 1st in Districts as a team.

The girls' team placed 5th in districts and Vici Moonen received All-Conference and advanced to Regions.

Below. Receiving the handoff from Jeff Mortensen, David LaValle begins his portion of the relay.

Team's Spirit Breaks Records

Despite the small number of people involved in track this year, the Chiefs proved to be tough. The team started the season out weak, but with time team spirit grew.

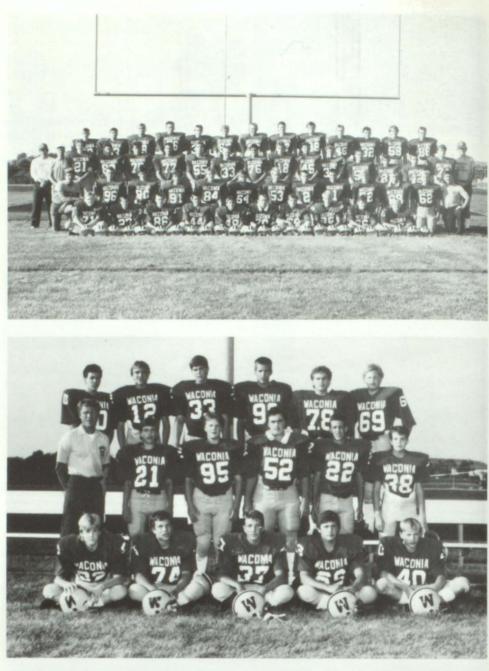

It was a year of broken records. Dave Knauer broke the mile record by running a 4:40.3. Tracy Johnson broke her old record in the 100 hurdles several times, lowering the school record to 15.2 seconds. She also broke the shotput record, throwing it at 32'6". Mark LaValle added his name to the record books this year by breaking the 200m dash record with a time of 23.1 seconds.

Right. Dan Mason learns the laws of gravity in the long jump.

B-SQUAD SOFTBALL. Front: Karen Kirsch, Ranee Kappes, Sara Hawkinson. Back: Kim Scheuble, Nancy Wagener, Darcy David, Michelle Hedtke, Brenda Schultz, Andrea Segner, Patty Ebert, Coach Schmakel.

Softball coach Tom Schmakel was killed at the age of 23 in a car accident on May 24, 1988, before the completion of the season. Not only a coach to the team, Tom was also a friend to each and every one of the girls. He was greatly respect-ed on and off the field. He will be sadly missed by all those who knew him.

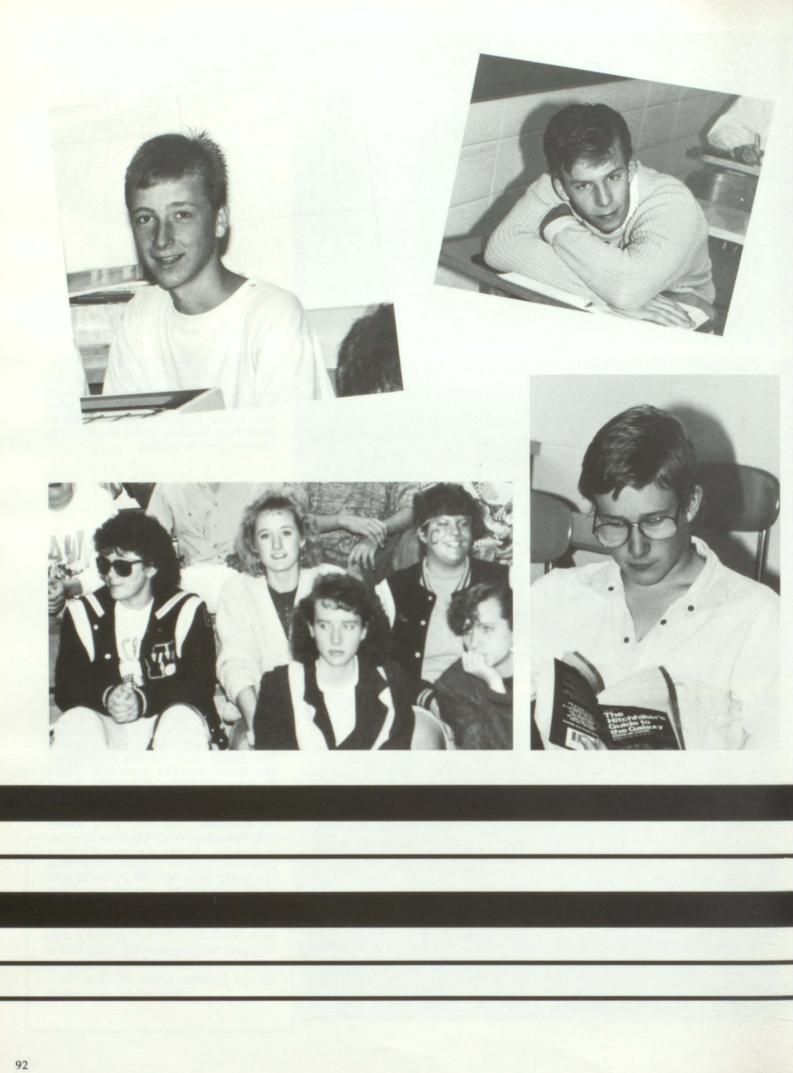

B-SQUAD BOYS GOLF. Chad Pearson, Mike Radunz, Lee Tran, Allen Carlson, Keith Boehmke, Brian Scheuble, Todd Riebe, Greg Gerding.

VARSITY GIRLS' SOFTBALL. Back: Coach Kielty, Cindy Rademacher, Cynthia Buetow, Ranee Buetow, Lori Wickenhauser, Roxanne Walter, Wendy Hamann, Jenny Boll, Cathy Roepke, Shannon Ginalski. Front: Patty Melchert, Sherry Wagener, Lisa Hamann, Andrea Lindner.

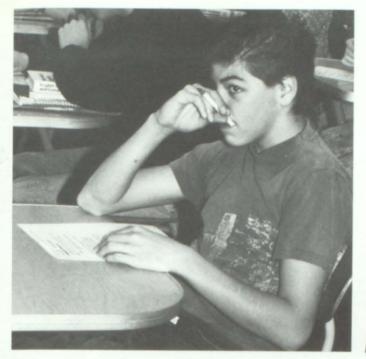

BOYS AND GIRLS TRACK. Back: Aaron Sechler, Kevin Wagener, Pat Daubert, Greg Vialle, Mike Lubitz, Craig Rademacher, Bret McEnelly, Mike P. Johnson, Kelly Wagener, Dave Knauer, Scott Wellnitz, Peter Maiser. 3rd Row: Marcus Johnson, Todd Machtemes, Jason Greenslit, Brian Rademacher, Dan Mason, Andrew Gilbert, Steve Jensen, Dave Kuntz, Paul Eveslage, Jeff Mortensen. 2nd Row: Dana Bloom, Vicki Vialle, Julie Volby, Cinda Sechler, Carly Colson, Missy Kelzer, Chrissy Sicheneder, Roxanne Wagener. Front: Bobbi Eder, Kelly Gray, Beca Meshefski, Shauna Werner, Annette Cook, Jennifer Peitz, Tracy Johnson, Cara Condon, Tami Schrupp, Beth Ratzlaff, Sherrie Schmitt, Cris Leal.

CLASS MOTTO

We have lived together through many changing years.
We've shared each other's gladness and cried each other's tears.
Through many years of friendship too set at last to trade,
We all can speak of memories which time can never change.
And let us hope the

future as the past has been, will be

A time to share these moments and be happy — you and me. CLASS COLORS Emerald Green/Ivory CLASS FLOWER Ivory Rose CLASS SONG

DRINK Mountain Dew Coke Diet Coke Pepsi/Diet Pepsi

What do you get when you mix about 50¢ in change, carbonated water, high fructose, corn syrup, citric acid, caffeine, yellow #5, and a bunch more good stuff??? What you get is the seniors' favorite drink, Mountain Dew. In one 12 oz. can there are 179 calories, 44 g. of sugar, 540 mg. of caffeine! When you think about it, it's really amazing how all these ingredients are **enjoyable**. Q: How many creatures you know are 230 years old, have a magalong schnoz, are 3'2" tall, and are as cocky as ()?

Well, as far as the yearbook staff could figure, there's only one. The ever-so-popular ALF. ALF, which means Alien Life Form, has had quite a busy life since he landed here on Earth.

In an interview, he said, "Part of the reason for my mistaken identity is that my very existence has to remain a secret to keep the government scientists off my case. I have managed it through a brilliant scam; everybody thinks I'm a puppet."

104.1

LA, LA, LA, LA-LA-LA, LA-LA-LA-LA-LA-LA-LA, LA, LA, LA-LA-LA, LA-LA-LA, LA, LA, LA. Name that tune! Beethoven's 9th, No. The L.A. Law theme? No. Superman? No! It's the favorite song of the smurfs! These little blue dudes have won the hearts of millions! Over 100 of those are seniors. Yes, ladies and gentlemen, they are the winners of the favorite cartoon. Thank you very much for playing today!

Junior Year Is Best

In the view of many, the year that a person is a junior is usually the best. Many doors start to open. An individual begins to feel a lot older, more mature, and able to handle more responsibilities. But with the responsibilities also comes more independence. Most juniors have a longer curfew than they did a few years ago, which means more time to do things. They are able to get to know more people, and socialize with them. The fact that a junior has another year left helps, too. There is room for some mistakes that they can make up next year. Yes, being a junior can sometimes be tough, but somebody has to do it.

Right.Bruce Kleman and Doug Trittabaugh are obviously showing great expectations for the class of '89.

The Last of the 80's

jun ior/'junye(r)/n — a person holding a position lesser in ranks. adj. — ranking below another in point of time of service.

In 1977, a new class entered the first grade. They were between the ages of six and seven. Eleven years have passed since then, and some of those students are now juniors in Waconia High School. They have something unusual about them. This group will graduate in 1989; they will be the last class of the '80's.

There have been many changes in their lives since 1977. Most have their driver's licenses, can stay up a lot later, have new friends. Some have a different home, a job, and the chance to experience their first prom. The world around them has changed too. There are new technologies, new forms of entertainment, and a new sense of fashion.

Next year when they become

seniors, they will have to start preparing for their future. College? Vo-Tech? A career?

What will the next several years bring for the juniors? What new changes will they experience? Nobody can really say for sure. But one thing is for certain; they will be in a class by themselves.

Twins Mania Hits WHS!

Twins mania struck almost everyone in Minnesota in October of 1987, and WHS students were no exception. As the Twins progressed from champions of the Western Division of the American League to champions of the American League, and finally to World Series Champions, evidence of team loyalty was easy to see as more and more students sported Twins sweatshirts, caps, and Homer Hankies. Some of the more fortunate students were able to get tickets to the World Series games and witness grand slams by Dan Gladden

and Kent Hrbek and heard almost deafening cheering by fans.

On October 27, 1987, students with parental permission were allowed to leave school early to participate in metro-area activities honoring the Twins. Many students viewed parades in Minneapolis and St. Paul, and still others traveled to the state Capitol to attend ceremonies honoring the players.

Above. Twins Most Valuable Player Frank Viola waves to fans during parade.

Above. WHS Twins fans gather in front of school for one more cheer.
