To: Citizens of Independent School District 110 / Waconia Public Schools

Members of the Board of Education

Employees of the District

INTRODUCTION

The Comprehensive Annual Financial Report of Waconia Public Schools – Independent School District No. 110 (District) is submitted for the fiscal year (FY) ended June 30, 2020. The enclosed information is accurate in all material respects and reported in a manner that fairly presents the District's financial position and results of operations. The District Administration accepts full responsibility for the accuracy, completeness and fairness of this presentation.

This report is prepared in conformance with United States Generally Accepted Accounting Principles (GAAP). This report is also consistent with legal reporting requirements of the State of Minnesota. In addition to meeting legal requirements, this report is intended to present a comprehensive summary of significant financial data to meet the needs of citizens, taxpayers, employees, financial institutions, and the School Board.

Accounting principles generally accepted in the United States of America require management to provide a narrative introduction, overview, and analysis to accompany the basic financial statements in the form of a Management's Discussion and Analysis (MD&A). This letter of transmittal is designed to complement the MD&A and should be read in conjunction with it. The MD&A of the District can be found immediately following the report of the independent auditors.

REPORT FORMAT

The comprehensive annual financial report is presented in three sections.

Introductory Section - includes this letter of transmittal, an organization chart, and a list of School Board members and administrative personnel. The Introductory Section is not audited.

Financial Section - includes the independent auditors' report, Management's Discussion and Analysis (MD&A), basic financial statements, notes to the financial statements, required supplementary information, and supplementary information.

Statistical Section - includes selected financial, demographic, and economic information, generally presented on a multi-year comparative basis. The Statistical Section is not audited.

REPORTING ENTITY AND ITS SERVICES

Independent School District No. 110 also known as the Waconia Public Schools, is an instrumentality of the State of Minnesota established to function as an educational institution. The District is an independent entity governed by an elected seven member School Board. The School Board has the power and duty to set budgets, certify tax levies, issue debt, and perform other tasks necessary to the operation of the District. The District is subject to the oversight of the Minnesota Department of Education. The District does not have any component units.

The District, an outer ring Minneapolis suburban school district, serves a general population of approximately 22,738 and covers an area of about 99 square miles. The District owns and operates all of its facilities in the city of Waconia. The District has one high school, one middle school, one alternative school, three elementary schools, and one multi-purpose facility which serve slightly over 4,000 students.

The Waconia Public Schools end of the year average daily membership for FY20 was 4,070. Over the last six years, the District has experienced an increase in enrollment of 310 students or 8.2%. This trend is expected to continue for at least the next six years. More detailed enrollment information is included in the Financial Section in the MD&A.

The District provides a full range of public education services appropriate to our students in grade levels ranging from pre-kindergarten through grade 12. These services include regular and enriched academic education, special education and career/vocational education. Food service and transportation are provided as supporting programs. The District's community education program includes Early Childhood and Family Education programs, Adult Basic Education programs, School Readiness, and a wide variety of classes for lifelong learning experiences for children and adults.

ECONOMIC CONDITION AND OUTLOOK

The District is situated primarily in Carver County with a small portion in south-western Hennepin County. The District has a current estimated population of 22,738 compared with a population of 20,764 as determined by the 2010 census compared with a population of 12,674 from the 2000 census. The school district grew from 3,216 students in FY 2010 to 4,070 in FY 2020 for a growth rate of 26.6% That growth rate is expected to continue in the years to come.

The District is located in an ideal area for growth in the western metropolitan area. Growth in the District is expected to continue at a similar pace over the next ten years. According to the City of Waconia's Land Use Activity and Development Report for 2019 a total of 72 new home units were built in 2019. By comparison, a total of 70 new home units were constructed in 2018 and a total of 71 new home units were constructed in 2017. There are a number of larger developments in various stages of the planning cycle with the city which could lead to a very rapid growth cycle. The potential to add over 1,000 housing units in the next five years is a very real possibility.

FINANCIAL AND BUDGETARY CONTROL

The District complies with the Uniform Financial Accounting and Reporting Standards (UFARS) for Minnesota schools. UFARS, established in 1976, dictates a modified accrual basis of accounting. An audited annual financial report is required to be provided to the Minnesota Department of Education by December 31, subsequent to the year end on June 30.

The District has established and maintained internal controls designed to ensure that the assets of the District are protected from theft, misuse or losses. These controls are also designed to ensure that adequate accounting data are compiled to allow for the preparation of financial statements in conformity with U.S. generally accepted accounting principles (GAAP) and Minnesota UFARS. The internal control system is designed to provide reasonable, but not absolute, assurance that these objectives are met. The concept of reasonable assurance recognizes that: 1) the cost of a control should not exceed the benefits likely to be derived, and 2) the valuation of the costs and benefits requires estimates and judgments by management.

Minnesota school finance law requires that the budget fiscal year begin July 1 and end June 30. The District develops a General Fund Budget, Food Service Fund Budget, Community Service Fund Budget, Debt Service Budget and other necessary budgets on an annual basis.

The budget process is comprised of five phases - planning, preparation, adoption, implementation, and evaluation. Planning and preparation for the FY 2020 budget began in December of 2018 with approval of the budget development plan and analysis of the student enrollment trend. The current enrollment status provided the data to update allocations for site non-payroll budgets. Expenditure estimates were updated both on a site basis and district-wide basis in the spring. An enrollment projection was developed in early April and provided the key data for the budget's revenue projection. The FY 2020 Budget was adopted in June of 2019 and implemented on July 1, 2019. The District completes a budget revision during the fiscal year normally in February and again in June.

To accurately track and report financial activities, with a focus on site responsibility, over 10,000 account codes have been defined in the District's chart of accounts.

The District's budget and financial management practices are evidenced by the following District policies:

Fund Balance Policy #714: The School District will strive to maintain a minimum unassigned general fund balance of not less than 5% and not more than 25% of the General Fund Operating Budget. The policy created new fund balance classifications to allow for more useful fund balance reporting and for compliance with the reporting guidelines specified in Statement No. 54 of the Governmental Accounting Standards Board (GASB). The fund balance categories are nonspendable, restricted, committed, assigned, and unassigned.

Fund Balance Policy #701.1: Establishes procedures for the modification of the School Districts adopted revenue and expenditure budgets.

Unassigned fund balance is the single best measure of overall financial health. The unassigned fund balance was (\$6,282,657) as of June 30, 2020. This means, according to Minnesota Statutes, Section 123B.81, subdivision 2, the District is currently in Statutory Operating Debt (SOD). This occurred because the District is reporting a year-end Net Negative Unreserved General Fund Balance exceeding more than 2.5% of its unreserved/undesignated operating expenditures. The fund balance was (\$6,526,446) as of June 30, 2019 so the District has taken some initial steps towards both a positive unassigned fund balance and regaining a positive fund balance.

District staff along with the school board worked in collaboration with representatives of the state of Minnesota's Department of Education to put together a long-term plan to correct the fund balance deficiency. That plan was presented to the board at its January 27, 2020 meeting for approval and will be updated with new information and a revised plan will be taken back to the board for consideration by January 31, 2021.

District voters approved an operating levy of \$410 per student in the fall of 2020 which will take effect in the 2021-2022 school year. This increase in funding of approximately \$1.8 million per year will significantly assist the District as it begins to grow its fund balance to meet board policy requirements.

The District encourages constituents to look closely at the financial performance and management. The District welcomes the opportunity to be fully accountable to the School Board, Staff and Community.

The District has received the Association of School Business Officials' Certificate of Excellence in Financial Reporting in FY 2011 through FY 2019. District staff is very proud to have achieved this national award for nine straight years.

Waconia Public Schools Mission, Vision, Core Values, & Theory of Action

MISSION STATEMENT- Our Core Purpose

ISD 110 empowers students to explore their passions and create their success by providing opportunities for academic, social, and emotional growth.

VISION STATEMENT - What We Commit to Create

ISD 110 students will:

- ✓ Achieve academic success through choice, rigor, and relevance
- ✓ Be inspired to explore who they are and who they will become
- ✓ Feel they belong in school and in the community WEareONET O!

CORE VALUES - Drivers of Our Words and Actions

- ✓ **Respect-** We honor the perspectives of others and we own our individual actions.
- ✓ **Collaboration-** We work and learn together.
- ✓ **Inclusiveness** We reach beyond ourselves to value and connect with others.
- ✓ **Empathy-** We respond to others with authentic care.
- ✓ Resilience We work through challenges and setbacks with courage, persistence, and optimism.

THEORY OF ACTION - Our Commitment to Continuous Learning

Ifwe ...

- ✓ Believe all students have the ability to learn and achieve to their potential, and
- ✓ Create an environment of safety and belonging, and
- ✓ Respond to our students' social, emotional, and academic needs, and
- ✓ **Build** trust and genuine partnerships with students, parents, and colleagues, and
- ✓ Achieve learning through high expectations, effective instruction, and established outcomes, and
- ✓ Inspire and engage students through a shared responsibility for learning, and
- ✓ Commit to continuous learning and improvement, then students will ...

EXPLORE THEIR PASSIONS AND CREATE THEIR SUCCESS!

Student Achievement

In order to have our mission become a reality, academic standards of the Waconia Public Schools are high. We use the Minnesota state standards in Mathematics, English Language Arts, Social Studies, Science and Art as the core of our curriculum. We use national or international standards in Business, Industrial Technology, Agriculture, World Languages, Health, Physical Education, and Music.

Teaching our students to become contributing members of our society is also a high priority. Students, teachers, and support staff participate in many community-building initiatives, such as service clubs and volunteer activities. Service learning is an integrated and important part of the education of all students.

Our high school offers Advanced Placement (AP) and College in the Schools (CIS) opportunities in numerous subject areas. All students in grades 2 – 8 take the FAST Bridge Learning exams three times a year in reading and mathematics. Growth is measured individually, as well as by classroom and district. Opportunities for remediation and acceleration are available. In addition to national standardized tests and state assessments, formative and summative assessments are an expectation for all classroom teachers for all students.

The federal No Child Left Behind (NCLB) law requires schools to demonstrate that students are meeting Adequate Yearly Progress (AYP) goals. This progress is measured by the Minnesota Comprehensive Assessments (MCA). The District continues to operate all-day, everyday kindergarten for all students as a way to assist in closing the achievement gap early in a child's learning experience.

Student Achievement Programs & Improvements:

- Continue to offer all-day, everyday kindergarten to better serve the needs our young learners as well as to attempt to close the achievement gap early.
- Continue to use FAST testing in math and reading in grades 2-10 as a means of assessing student growth, as well as program and instructional quality.
- Maintain and update a comprehensive strategic work plan that addresses goals and objectives for all District sites.
- Expand foreign language opportunities for students in grades 1-12.
- Curriculum maps are developed according to the curriculum review cycle. They are available on the District website. This provides public awareness of curriculum content, assessment and implementation of standards.
- Continue to offer Project Lead The Way during the 2018-19 school year. Staff continues to be trained in this pre-engineering course of study.
- Maintain an active Curriculum Advisory Committee comprised of interested community members, parents and students.
- Provide Targeted Services summer and after-school programming for students needing academic and social development. Enrollment in the program is very strong.
- The District Site Council is involved in staff development activities and the funding of teacher-generated "Best Practices" initiatives.
- Gifted and Talented Education dollars are used for enrichment activities at the building level. This allows the District to provide additional opportunities for students needing acceleration and enrichments.
- Capitalize on volunteers, foundations, and the Parent-Teacher-Student-Association's willingness to bring value added opportunities to students via curriculum enhancements, student life enhancements, and hundreds of hours of assistance in the classroom.

BUILDING AGE

The District currently owns and operates seven major school facilities. Bayview Elementary was originally constructed in 1918, has a capacity for 640 students, and has undergone significant remodeling over the years with the most recent being a complete remodeling occurring in 2008. Southview Elementary was originally built in 1961, has a capacity for 650 students and underwent significant remodeling in 2008 as well. Laketown Elementary was added in the fall of 2016 as a third elementary school. Waconia Middle School was original built in 1994 as Waconia High School, with a capacity for 800 students, and was added on to in 2008 increasing its capacity to 1,066. It was then remodeled in 2017 to convert it into a middle school with a capacity for 1,082 students. Waconia High School was originally built in 2001 as a middle school, with a capacity for 800 students, and was added on to in 2008 increasing its capacity to 1,066. It was then significantly remodeled and added on to in 2017 increasing its capacity to 1,600 students. In addition, approximately 60 acres of land directly west of the new high school has been purchased and turned into athletic fields. District facilities are generally perceived as being in excellent condition.

INDEPENDENT AUDIT

District policy and state statutes require an annual financial audit by independent certified public accountants. The District engaged CliftonLarsonAllen LLP to conduct the annual audit. The District also engaged CliftonLarsonAllen LLP to perform the audit of its federal programs in accordance with Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). The District's federal programs are discussed in a report separate from the comprehensive annual financial report.

ACKNOWLEDGEMENTS

Preparation of this report could not have been accomplished without the efficient and dedicated services of the Business Office staff. We very much appreciate the hard work and expertise from our auditors, CliftonLarsonAllen LLP. Their work has been instrumental in the preparation of this document.

We would like to express our appreciation to the Board of Education for the interest and support in planning and conducting the operations of the District in a responsible and progressive manner.

Sincerely,

Patrick Devine Superintendent Todd Swanson
Director of Finance and Operations

The Certificate of Excellence in Financial Reporting is presented to

Waconia Public Schools - ISD #110

for its Comprehensive Annual Financial Report (CAFR) for the Fiscal Year Ended June 30, 2019.

The CAFR meets the criteria established for ASBO International's Certificate of Excellence.

INDEPENDENT AUDITORS' REPORT

Board of Education Independent School District No. 110 Waconia Public Schools Waconia, Minnesota

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of Independent School District No. 110 (the District), as of and for the year ended June 30, 2020, and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the District's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, each major fund, and the aggregate remaining fund information of the District as of June 30, 2020, and the respective changes in financial position and, where applicable, cash flows and respective budgetary comparisons for General Fund, Food Service Fund, and Community Service Fund, for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Report on Summarized Comparative Information

We have previously audited the District's 2019 financial statements of the governmental activities, each major fund, and the aggregate remaining fund information, and we expressed unmodified audit opinions on those audited financial statements in our report dated November 14, 2019. In our opinion, the summarized comparative information presented herein as of and for the year ended June 30, 2019 is consistent, in all material respects, with the audited financial statements from which it has been derived.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis, the Schedule of Changes in the District's Net OPEB Liability and Related Ratios, the Schedule of Money Weighted Rate of Return on Plan Assets, the Schedule of District's Proportionate Share of the Net Pension Liability, and the Schedule of District Contributions, as listed in the table of contents, be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the District's basic financial statements. The introductory section, individual fund financial statements, the Uniform Financial Accounting and Reporting Standards Compliance Table, and the statistical section as listed in the table of contents, are presented for purposes of additional analysis and are not required parts of the basic financial statements.

The individual fund financial statements and the Uniform Financial Accounting and Reporting Standards Compliance Table are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

The introductory and statistical sections have not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we do not express an opinion or provide any assurance on them.

We have also previously audited, in accordance with auditing standards generally accepted in the United States of America, the District's basic financial statements for the year ended June 30, 2019, which are not presented with the accompanying financial statements and we expressed unmodified opinions on the respective financial statements of the governmental activities, each major fund, and the aggregate remaining fund information. That audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the District's basic financial statements as a whole. The individual fund financial statements for the year ended June 30, 2019, are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the FY 2019 basic financial statements. The information has been subjected to the auditing procedures applied in the audit of those basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the FY 2019 are fairly stated in all material respects in relation to the basic financial statements from which they have been derived.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated November 11, 2020, on our consideration of the District's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the District's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the District's internal control over financial reporting and compliance.

CliftonLarsonAllen LLP

Clifton Larson Allen LLP

Austin, Minnesota November 11, 2020

REQUIRED SUPPLEME	ENTARY INFORMATIO)N

This section of Waconia Schools – Independent School District 110's annual financial report presents our discussion and analysis of the District's financial performance during the fiscal year that ended on June 30, 2020. Please read it in conjunction with the District's financial statements, which immediately follows this section.

FINANCIAL HIGHLIGHTS

Key financial highlights for the 2019-2020 fiscal year include the following:

- Total General Fund revenues and other financing sources were \$47,158,095 as compared to \$46,753,292 of expenditures and other financing uses.
- Net position decreased by \$4,647,206 due to changes in the liability related pensions.

OVERVIEW OF THE FINANCIAL STATEMENTS

The financial section of the annual report consists of four parts – Independent Auditors' Report, required supplementary information which includes the management's discussion and analysis (this section), the basic financial statements, and supplemental information. The basic financial statements include two kinds of statements that present different views of the District:

- The first two statements are government-wide financial statements that provide both short-term and long-term information about the District's overall financial status.
- The remaining statements are fund financial statements that focus on individual parts of the District, reporting the District's operations in more detail than the government-wide statements.
- The governmental funds statements tell how basic services such as regular and special education were financed in the short term as well as what remains for future spending.
- Proprietary funds statements offer short and long-term financial information about the activities the district operates like businesses.
- Fiduciary funds statements provide information about the financial relationships in which the District acts solely as a trustee or agent for the benefit of others to whom the resources belong.

The financial statements also include notes that explain some of the information in the statements and provide more detailed data.

Government-Wide Statements

The government-wide statements report information about the District as a whole using accounting methods similar to those used by private-sector companies. The Statement of Net Position includes all of the District's assets, deferred outflows of resources, deferred inflows of resources and liabilities. All of the current year's revenues and expenses are accounted for in the Statement of Activities regardless of when cash is received or paid.

OVERVIEW OF THE FINANCIAL STATEMENTS (CONTINUED)

Government-Wide Statements (Continued)

The two government-wide statements report the District's net position and how they have changed. Net position – the difference between the District's assets, deferred outflows of resources, liabilities, and deferred inflows of resources – is one way to measure the District's financial health or position.

- Over time, increases or decreases in the District's net position is an indicator of whether its financial position is improving or deteriorating, respectively.
- To assess the overall health of the District, you need to consider additional nonfinancial factors such as changes in the District's property tax base and the condition of school buildings and other facilities.

In the government-wide financial statements the District's activities are shown in one category:

 Governmental Activities – Most of the District's basic services are included here, such as regular and special education, transportation, administration, food services, and community education. Property taxes and state aids finance most of these activities.

Fund Financial Statements

The fund financial statements provide more detailed information about the District's funds – focusing on its most significant or "major" funds – not the District as a whole. Funds are accounting devices the District uses to keep track of specific sources of funding and spending on particular programs:

- Some funds are required by state law and by bond covenants.
- The District establishes other funds to control and manage money for particular purposes (e.g., repaying its long-term debts) or to show that it is properly using certain revenues (e.g., federal grants).

The District has three kinds of funds:

- Governmental Funds Most of the District's basic services are included in governmental funds, which generally focus on (1) how cash and other financial assets that can readily be converted to cash flow in and out and (2) the balances left at year-end that are available for spending. Consequently, the governmental funds statements provide a detailed short-term view that helps to determine whether there are more or fewer financial resources that can be spent in the near future to finance the District's programs. Because this information does not encompass the additional long-term focus of the government-wide statements, we provide additional information at the bottom of the governmental funds statements to explain the relationship or differences.
- Proprietary Funds Services for which the District charges a fee are generally reported in proprietary funds. Proprietary funds are reported in the same way as the government-wide statements.
 - The District uses internal service funds to report activities that provide supplies and services for the District's other programs and activities. The District currently has one Internal Service Fund for self-insurance of dental benefits.

OVERVIEW OF THE FINANCIAL STATEMENTS (CONTINUED)

Fiduciary Funds – The District is the trustee, or fiduciary, for assets that belong to others, such as the scholarship funds. The District is responsible for ensuring that the assets reported in these funds are used only for their intended purposes and by those to whom the assets belong. All of the District's fiduciary activities are reported in a separate statement of fiduciary net position and a statement of changes in fiduciary net position. We exclude these activities from the government-wide financial statements because the District cannot use these assets to finance its operations.

FINANCIAL ANALYSIS OF THE DISTRICT AS A WHOLE

Net Position

The District's combined net position was (\$37,045,032) on June 30, 2020. This was a decrease of 14.3% from the prior year (see Table A-1). Deferred outflows of resources decreased by approximately \$11,736,000, net pension liability increased by approximately \$592,000, deferred inflows of resources decreased by \$6,955,000, and OPEB liability increased by approximately \$214,000 all related to changes in the assumption.

Table A-1
The District's Net Position

Total Net Position	\$ (37,045,032)	\$ (32,397,826)	14.3	

FINANCIAL ANALYSIS OF THE DISTRICT AS A WHOLE (CONTINUED) Changes in Net Position

The District's total revenues were \$60,958,570 for the year ended June 30, 2020. Property taxes and state formula aid accounted for 74% of total revenue for the year (see Figure A-1). Another 19% came from operating and capital grants. The remainder came from charges for services, other general revenues combined with investment earnings, and program revenues.

Table A-2
Change in Net Position

	Governmental <i>F</i> Fiscal Year Er	Total %	
	2020	2019	Change
Revenues			
Program Revenues			
Charges for Services	\$ 4,080,039	\$ 5,441,043	(25.0)%

Community Service	3,088,355	3,117,378	(0.9)
Interest and Fiscal Charges on Long-Term			
Liabilities	3,830,421	4,675,200	(18.1)
Total Expenses	65,605,776	51,694,340	26.9
Change in Net Position	(4,647,206)	3,830,423	
Beginning Net Position	(32,397,826)	(36,228,249)	
Ending Net Position	\$ (37,045,032)	\$ (32,397,826)	

The total cost of all programs and services including interest and fiscal charges was \$65,605,776. Total expenses exceeded revenues by \$4,647,206. The large increase in expenses is due to the change in the net pension liability and the change in funding.

FINANCIAL ANALYSIS OF THE DISTRICT AS A WHOLE (CONTINUED)

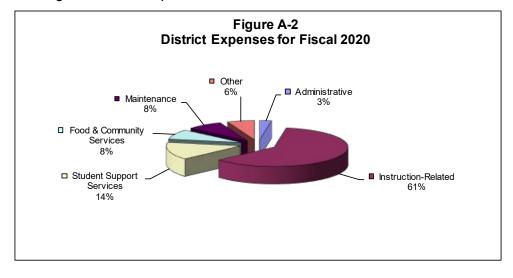

The total revenue for all governmental activities this year was \$60,958,570 as depicted in Figure A-1 below.

- Some of the revenue was paid by the users of the District's programs of 7%.
- The federal and state governments subsidized certain programs with grants and contributions of 19%.
- The remainder of the District's revenue came from the District taxpayers, 25%, and the taxpayers of our state, 48%, through unrestricted state aids.
- The remaining less than 1% is other revenue.

The total cost of all programs and services were \$65,605,776 as depicted in Figure A-2 below.

- Instruction Related Costs incur 61% of expenses.
- Student Support Services incur another 14% of expenses.
- Food Service and Community Services incur 8% of expenses.
- Maintenance costs incur 8% of expenses.
- Administrative costs account for 3% of expenses.
- The remaining 7% is other expenses.

FINANCIAL ANALYSIS OF THE DISTRICT AS A WHOLE (CONTINUED)

Typically, the District does not include in an analysis of all governmental funds a breakout of expenses as depicted in Figure A-2. To do so distorts the latitude available to the District to allocate resources to instruction. All governmental funds include not only funds received for the general operation of the district, which are used for classroom instruction, but also includes resources from the entrepreneurial-type funds of Food Service and Community Education, and from resources for fiscal service transactions. Funding for the general operation of the District is controlled by the state and the District does not have the latitude to allocate money received in Food Service or Community Education or for fiscal services to enhance classroom instruction resources. The District cannot take funds from these restricted areas and use the funds to hire teachers to enhance instruction. The above graph, by pooling all expenses, implies that the District does have equal access to all funds to impact classroom instruction. In Minnesota, that is simply not an option.

The total cost of governmental activities, as well as the net cost of these activities, is represented in Table A-3. The net cost represents total cost less program revenues applicable to each category.

Table A-3
Program Expenses and Net Cost of Services

	Total Cost of Services		Percer	ntage Net Cost of Services				Percentage

The total cost of all governmental activities for the year ended June 30, 2020 was \$65,605,776.

FINANCIAL ANALYSIS OF THE DISTRICT'S FUNDS

The financial performance of the District as a whole is reflected in its governmental funds as well. As the District completed the year, its governmental funds reported a combined fund balance of (\$3,791,674), which is \$1,206,846 less than last year's ending fund balance of (\$2,584,828). The decrease relates to the spend down of capital projects money, a decrease in revenue related to the District being shut down for three months and an increase in debt service expenditures.

GENERAL FUND

The General Fund includes the primary operations of the District in providing educational services to students from kindergarten through grade 12 including pupil transportation activities and capital outlay projects.

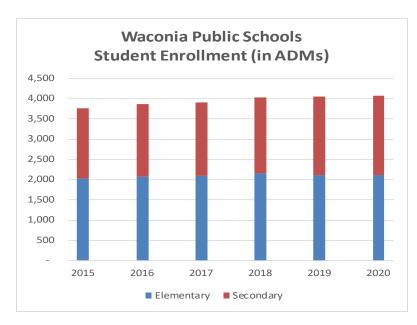

Approximately 97% of General Fund operational revenue is controlled by a complex set of state funding formulas resulting in the local school board having no meaningful authority to determine the level of resources. This includes special education state aid that is based upon a cost reimbursement model which used to provide approximately 68%, but which has dropped to provide less than 60% of personnel expenditures. Other state formulas then determine what portion of the revenue will be provided by property taxes and what portion will come from state aid.

ENROLLMENT

Enrollment is a critical factor in determining revenue with approximately 95% of General Fund revenue being determined by enrollment. The following chart shows that the number of students has increased slightly over the last five years.

Table A-4
Six-Year Enrollment Trend
Average Daily Membership (ADM)

	2015	2016	2017	2018	2019	2020
Elementary Secondary	2,022 1,738	2,072 1,788	2,102 1,797	2,148 1,891	2,113 1,938	2,111 1,959
Total Students for Aid	3,760	3,860	3,899	4,039	4,051	4,070
Percent Change	3.47%	2.66%	1.01%	3.59%	0.30%	0.47%

GENERAL FUND (CONTINUED)

Over the last five years, the District has experienced an increase in average daily membership of 310 students or 8.2%. It is anticipated that this trend will continue for the next five years.

The following schedule presents a summary of General Fund Revenues.

Table A-5
General Fund Revenues

	Year	Ended		Change		
Fund	June 30, 2020	June 30, 2019	(Increase (Decrease) Perd		
Local Sources:						
Property Taxes	\$ 6,872,050	\$ 4,625,179	\$	2,246,871	48.6 %	
Earnings on Investments	63,196	10,130		53,066	523.8	
Other	1,005,463	1,203,528		(198,065)	(16.5)	
State Sources	37,757,831	36,125,653		1,632,178	4.5	
Federal Sources	865,974	854,790		11,184	1.3	
Total General Fund Revenue	\$ 46,564,514	\$ 42,819,280	\$	3,745,234	8.7	

Total General Fund Revenue increased by \$3,745,234 or 8.7% over the previous year. Basic general education revenue is determined by multiple state formulas, largely enrollment driven, and consists of an equalized mix of property tax and state aid revenue. Therefore, the mix of property tax and state aid can change significantly from year to year without any net change in total revenue. The state basic general education revenue formula per student increased compared to the prior year. State aid for special education increased compared to the prior year. However, Special Education funding is falling well short in recent years of the funding needed to cover the increases in costs in the program. The District's recent financial downturn can be traced back to the changes in Special Education funding at the state level in recent years. District officials have begun discussions with lawmakers to get adjustments made to the Special Education funding laws to help correct these funding deficiencies.

The following schedule presents a summary of General Fund Expenditures.

Table A-6
General Fund Expenditures

	Year I	Ended		
	June 30, 2020	June 30, 2019	Amount of Increase (Decrease)	Percent Increase (Decrease)
Salaries	\$ 27,402,738	\$ 27,913,727	\$ (510,989)	(1.8)%
Employee Benefits	10,012,565	9,635,341	377,224	3.9
Purchased Services	5,802,879	6,573,581	(770,702)	(11.7)
Supplies and Materials	1,424,463	1,830,283	(405,820)	(22.2)
Capital Expenditures	1,454,893	3,577,096	(2,122,203)	(59.3)
Other Expenditures	593,176	563,449	29,727	5.3
Total Expenditures	\$ 46,690,714	\$ 50,093,477	\$ (3,402,763)	(6.8)

GENERAL FUND (CONTINUED)

Total General Fund expenditures decreased by \$3,402,763 or 6.8% from the previous year. Most of this decrease was due to a decline in expenditures of \$2,300,844 in FY20 out of Operating Capital and Long-Term Facilities Maintenance. Much of the expenditures in FY19 were in support of the final building phase of the 2014 building bond projects which is now complete. The rest of the decrease was due to the reduction in programming and staff in various programming to bring the budget back into structural balance and create a surplus to begin paying down the negative fund balance.

The unassigned fund balance for the General Fund was (\$6,258,625) as of June 30, 2020. This means, according to Minnesota Statutes, Section 123B.81, subdivision 2, the District is currently in Statutory Operating Debt (SOD). This occurred because the District is reporting a year-end net negative unreserved General Fund fund balance exceeding more than 2.5% of its unreserved/undesignated operating expenditures. The unassigned fund balance was (\$6,258,625) as of June 30, 2020 as compared to an unassigned fund balance of (\$6,526,445) as of June 30, 2019. This means that the District has made some positive initial steps at reducing the negative fund balance on its way towards emerging from Statutory Operating Debt (SOD).

General Fund Budgetary Highlights

Following approval of the budget prior to the beginning of the fiscal year, the District revises the annual operating budget in mid-year. These budget amendments typically fall into two categories:

- Implementing budgets for specially funded projects, which include both federal and state grants and reinstating unexpended funds being carried over, and budgeting for student population increases.
- Legislation passes subsequent to budget adoption, changes necessitated by collective bargaining agreements, and increases in appropriations for significant unbudgeted costs.

Actual revenues were \$443,478 less than expected primarily due to a decrease in revenue budgeted for students with special needs. This, combined with adjustments for lower than expected enrollment of general education students, resulted in a decrease in state aid.

The actual expenditures were \$159,111 more than budgeted primarily due to an increase in regular instruction and capital outlay costs.

District staff are currently working on creating a long term plan to correct the fund balance deficiency. That plan will be presented to the board by January 31, 2021 for approval.

District voters approved an operating levy of \$410 per student in the fall of 2020 which will take effect in the 2021-2022 school year. This increase in funding of approximately \$1.8 million per year will significantly assist the District as it begins to grow its fund balance to meet board policy requirements.

DEBT SERVICE FUNDS

The Debt Service Fund expenditures exceeded revenues and other financing sources by \$294,155 in FY2020. The remaining fund balance of \$1,182,968 at June 30, 2020 is available for meeting future debt service obligations.

The OPEB Debt Service Fund had \$73,708 in fund balance at June 30, 2020. This fund was established to make the debt service payment related to the OPEB bonds.

CAPITAL PROJECTS FUND

The Capital Projects Fund expenditures exceeded revenues and other financing sources by \$920,071 in FY2020. This decrease is due to the purchase of capital outlay. The remaining fund balance is (\$24,032) at June 30, 2020.

OTHER MAJOR FUNDS

Expenditures exceeded revenues in Food Service Fund by \$190,219 and in the Community Education Fund revenues and other financing sources exceeded expenditures by \$208,061.

From the standpoint of maintaining current operating expenditures within the range of annual revenue and maintaining a sound fund balance, both the Community Service and Food Service Funds continue to operate on a sound financial basis.

INTERNAL SERVICE FUND

Proprietary funds such as the Internal Service Fund are reported using the economic resources measurement focus and the accrual basis of accounting.

CAPITAL ASSET AND DEBT ADMINISTRATION

Capital Assets

By the end of 2020, the District had invested over \$197 million in a broad range of capital assets, including school buildings, athletic facilities, computer and audio-visual equipment, and administrative offices (see Table A-7). (More detailed information about capital assets can be found in Note 4 to the financial statements.)

Table A-7
The District's Capital Assets

	2020	2019	Change
Land	\$ 5,524,742	\$ 5,524,742	- %
Construction in Progress	2,396,564	\$ 879,800	N/A
Land Improvements	4,215,464	4,215,464	-
Buildings and Improvements	175,108,846	175,052,248	0.0
Equipment	9,529,949	9,505,649	0.3
Less: Accumulated Depreciation	(57,374,459)	(51,994,103)	10.3
Total	\$ 139,401,106	\$ 143,183,800	(2.6)

Facilities - Next Five Years

The District has most recently finished construction of a new High School campus. This new campus will go a long way towards providing for the needs of the students attending the District well into the future. The District has also finished the remodeling of the old high school campus into a middle school campus which also has quite a bit of room for growth and is functioning very well for grades 6-8 utilizing the facility. The addition of the new Laketown Elementary School in the fall of 2016 gives the District three K-5 elementary schools. There is currently room for growth at all of our school campuses and the District is in a great position to handle any growth which may come its way in the near future.

CAPITAL ASSET AND DEBT ADMINISTRATION (CONTINUED)

Long-Term Liabilities

At year-end, the District had approximately \$125,375,000 in long-term debt, a decrease of 4% from last year – as shown in Note 6 to financial statements. This is due to payments on bonds that were slightly offset by new capital leases.

Table A-8
The District's Long-Term Liabilities

	2020	2019	Percentage Change
General Obligation Bonds	\$ 114,755,000	\$ 119,550,000	(4.0)%
Net Bond Premium and Discount	4,102,461	4,678,496	(12.3)
Certificates of Participation Payable	2,915,000	3,040,000	(4.1)

Obligations Under Lease Purchase Agreement	2,864,440	2,926,713	(2.1)
Total	\$ 125,374,920	\$ 130,400,663	(3.9)
Long-Term Liabilities:			
Due within One Year	\$ 5,683,704	\$ 5,037,843	
Due in More than One Year	119,691,216	125,362,820	
Total	\$ 125,374,920	\$ 130,400,663	

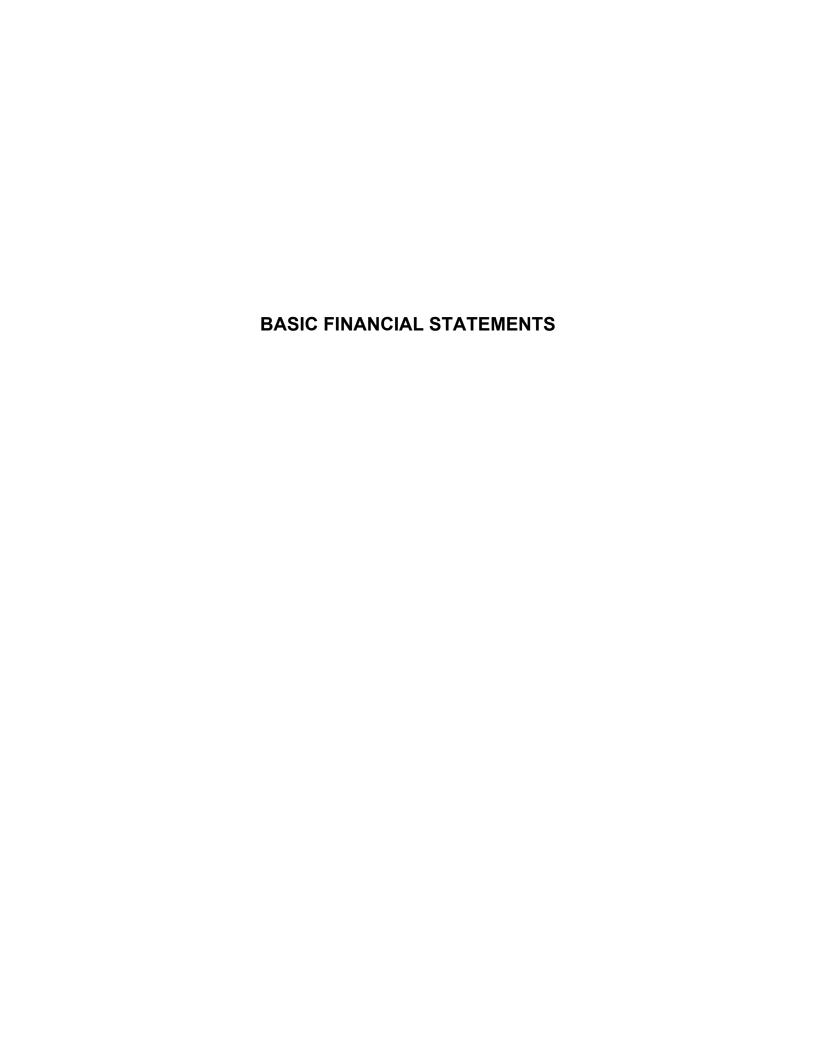

FACTORS BEARING ON THE DISTRICT'S FUTURE

Recent experience demonstrates that legislated revenue increases have not been sufficient to meet instructional program needs and increased costs due to inflation. The District is currently settled with all of its bargaining units. The future revenues of the District and other Minnesota school districts will depend heavily on the future actions of the legislature. The rising costs of Special Education services coupled with a new funding formula adopted by the state that does not adequately address those rising costs is a significant factor in the long term financial health of the District. The COVID-19 pandemic continues to have major impacts to many aspects of the District including instruction, enrollment, daily maintenance and operations, transportation services, food service programming, and community education programming. District staff will be working closely with State representatives in the coming months to address these issues.

The District will strive to maintain its long-standing commitment to academic excellence and educational opportunity for students within a framework of financial fiduciary responsibility.

CONTACTING THE DISTRICT'S FINANCIAL MANAGEMENT

This financial report is designed to provide our citizens, taxpayers, customers, and investors and creditors with a general overview of the District's finances and to demonstrate the District's accountability for the money it receives. If you have questions about this report or need additional financial information, contact the Business Office, Independent School District 110, 512 Industrial Boulevard, Waconia, Minnesota 55387.

WACONIA PUBLIC SCHOOLS INDEPENDENT SCHOOL DISTRICT NO. 110 RECONCILIATION OF THE BALANCE SHEET – GOVERNMENTAL FUNDS TO THE STATEMENT OF NET POSITION YEAR ENDED JUNE 30, 2020

(WITH SUMMARIZED FINANCIAL INFORMATION AS OF JUNE 30, 2019)

	 2020	2019
Total Fund Balance for Governmental Funds	\$ (3,791,674)	\$ (2,584,828)
Total net position reported for governmental activities in the Statement of Net Position is different because:		
Capital assets used in governmental funds are not financial resources and, therefore, are not reported in the funds. Those assets consist of:		
Land	5,524,742	5,524,742
Construction in Progress	2,396,564	879,800
Land Improvements, Net of Accumulated Depreciation	834,879	992,690
Buildings and Improvements, Net of Accumulated Depreciation	129,065,524	133,746,815
Equipment, Net of Accumulated Depreciation	1,579,397	2,039,753
Some of the District's property taxes will be collected after year-end, but are not available soon enough to pay for the current-period's expenditures and,		
therefore, are reported as deferred inflows of resources in the funds.	105,812	93,692
Interest on long-term debt is not accrued in governmental funds, but rather is		
recognized as an expenditure when due.	(1,757,273)	(1,861,864)
The District's Other Post Employment Benefit (OPEB) Liability and related deferred inflows and outflows are recorded only on the Statement of Net Position. Balances at year-end are:		
Net OPEB Liability	(4,619,564)	(4,405,838)
Deferred Inflows of Resources - OPEB Related	(718,670)	(82,347)
Deferred Outflows of Resources - OPEB Related	138,289	173,790
The District's Net Pension Liability and related deferred inflows and outflows are recorded only on the Statement of Net Position. Balances at year-end are:		
Net Pension Liability	(30,345,931)	(29,753,576)
Deferred Inflows of Resources - Pension Related	(35,766,274)	(44,114,377)
Deferred Outflows of Resources - Pension Related	25,837,475	37,538,457
Internal service funds are used by management to charge the costs of dental insurance services to individual funds. The assets and liabilities of the internal service funds are included in governmental activities in the Statement of Net		
Position. Internal service fund net position at year-end is:		
r collicit. Internal col vice faile fiet populati at your one to.	292,031	287,104
Long-term liabilities that pertain to governmental funds, including bonds payable, are not due and payable in the current period and, therefore, are not reported as fund liabilities. All liabilities - both current and long-term - are reported in the Statement of Net Position. Balances at year-end are:		
Bonds Payable	(114,755,000)	(119,550,000)
Unamortized Premiums	(4,102,461)	(4,678,496)
Certificates of Participation Payable	(2,915,000)	(3,040,000)
Unamortized Deferred Loss (Gain) on Refunding	(85,712)	(101,956)
Obligations Under Capital Leases	(738,019)	(205,454)
Obligations Under Lease Purchase Agreement	(2,864,440)	(2,926,713)
Compensated Absences Payable	 (359,727)	(369,220)
Total Net Position of Governmental Activities	\$ (37,045,032)	\$ (32,397,826)

WACONIA PUBLIC SCHOOLS INDEPENDENT SCHOOL DISTRICT NO. 110 RECONCILIATION OF THE STATEMENT OF

REVENUES, EXPENDITURES, AND CHANGE IN FUND BALANCE GOVERNMENTAL FUNDS TO STATEMENT OF ACTIVITIES YEAR ENDED JUNE 30, 2020

	 2020	 2019
Net Change in Fund Balance-Total Governmental Funds	\$ (1,206,846)	\$ (6,151,145)
Amounts reported for governmental activities in the Statement of Activities are different because:		
Governmental funds report capital outlays as expenditures. However, in the Statement of Activities, assets are capitalized and the cost is allocated over their estimated useful lives and reported as depreciation expense. This is the amount by which depreciation exceeded capital outlays in the current period.		
Capital Outlays Depreciation Expense	1,597,662 (5,380,356)	5,634,612 (5,378,742)
Some capital asset additions are financed through capital leases. In governmental funds, a capital lease arrangement is considered a source of financing, but in the Statement of Net Position, the lease obligation is reported as a liability. Repayment of capital lease principal is an expenditure in the governmental funds, but repayment reduces the lease obligation in the Statement of Net Position.		
Other Financing Source - Capital Lease Principal Payments - Capital Leases	(588,136) 55,571	(160,699) 164,610
The governmental funds report bond proceeds as financing sources, while repayment of bond principal is reported as an expenditure. In the Statement of Net Position, however, issuing debt increases long-term liabilities and does not affect the Statement of Activities and repayment of principal reduces the liability. Also, governmental funds report the effect of premiums when debt is first issued, whereas these amounts are amortized in the Statement of Activities. Interest is recognized as an expenditure in the governmental funds when it is due. In the Statement of Activities, however, interest expense is recognized as it accrues, regardless of when it is due. The net effect of these differences in the treatment of general obligation bonds and related items is as follows:		
General Obligation Bond Proceeds Lease Purchase Proceeds Bond Premium	-	(7,105,000) (3,008,000) (305,242)
Deferred Loss (Gain) on Refunding	<u>-</u>	(196,651)
Repayment of Bond Principal	4,795,000	11,230,000
Repayment of Certificate of Participation	125,000	120,000
Repayment of Lease Purchase Principal	62,273	81,287
Change in Accrued Interest Expense - General Obligation Bonds	104,591	(109,617)
Amortization of Bond Premium	576,035	636,410
Amortization of Bond Discount Amortization of Gain (Loss) on Refunding	16,244	(494) (56,983)

WACONIA PUBLIC SCHOOLS INDEPENDENT SCHOOL DISTRICT NO. 110 RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES, AND CHANGE IN FUND BALANCE GOVERNMENTAL FUNDS TO STATEMENT OF ACTIVITIES (CONTINUED) YEAR ENDED JUNE 30, 2020

Funds. \$ 12,120 \$ 51,561 Payment of OPEB benefits are recognized as expenditures at the fund level while the change in the Net OPEB obligation is recognized in the Statement of Net Position. (885,550) (714,059) Pension expenditures on the governmental funds are measured by current year employee contributions. Pension expenses on the Statement of Activities is measured by the change in Net Pension Liability and the related deferred inflows and outflows of resources. (3,945,234) 9,243,685 In the Statement of Activities, certain operating expenses - compensated absences - are measured by the amounts earned during the year. In the governmental funds, however, expenditures for these items are measured by the amount of financial resources used (essentially, the amounts actually paid). Internal service funds are used by the District to charge the costs of employee dental benefits to individual funds. The net revenue of the internal service funds is reported with governmental activities. (59,450) Change in Net Position of Governmental Activities	Delinquent property taxes receivable will be collected this year, but are not available soon enough to pay for the current-period's expenditures and, therefore, are unavailable in the

NOTES TO BASIC FINANCIAL STATEMENTS

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. Basis of Presentation

The financial statements of Independent School District No. 110 (the District) have been prepared in conformity with accounting principles generally accepted in the United States of America (GAAP) as applied to governmental units. The Governmental Accounting Standards Board (GASB) is the accepted standard setting body for establishing governmental accounting and financial reporting principles. The GASB pronouncements are recognized as accounting principles generally accepted in the United States of America for state and local governments.

B. Financial Reporting Entity

The District is an instrumentality of the state of Minnesota established to function as an educational institution. The elected School Board (Board) is responsible for legislative and fiscal control of the District. A Superintendent is appointed by the Board and is responsible for administrative control of the District.

Accounting principles generally accepted in the United States of America (GAAP) require that the District's financial statements include all funds, account groups, departments, agencies, boards, commissions, and other organizations which are not legally separated from the District. In addition, the District's financial statements are to include all component units - entities for which the District is financially accountable.

Financial accountability includes such aspects as appointing a voting majority of the organization's governing body, significantly influencing the programs, projects, activities or level of services performed or provided by the organization or receiving specific financial benefits from, or imposing specific financial burden on, the organization. These financial statements include all fund and account groups of the District. There are no other entities for which the District is financially accountable.

Student activities of the District are under the School Board's control, therefore, activity is included within the General Fund.

C. Basic Financial Statement Presentation

The government-wide financial statements (i.e., the Statement of Net Position and the Statement of Activities) display information about the reporting government as a whole. These statements include all the financial activities of the District, except for the fiduciary fund. The Fiduciary Funds are only reported in the statements of Fiduciary Net Position at the fund financial statement level.

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

C. Basic Financial Statement Presentation (Continued)

The statement of activities demonstrates the degree to which the direct expenses of a given function or segment is offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function or segment. Program revenues include charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment and grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported instead as general revenues.

The District applies restricted resources first when an expense is incurred for a purpose for which both restricted and unrestricted net position is available. Depreciation expense that can be specifically identified by function is included in the direct expenses of each function. Interest on long-term debt is considered an indirect expense and is reported separately on the statement of activities. Generally, the effect of material interfund activity has been removed from the government-wide financial statements.

Separate fund financial statements are provided for governmental, proprietary, and fiduciary funds. Major individual governmental funds are reported as separate columns in the fund financial statements. Fiduciary funds are presented in the fiduciary fund financial statements by type: private purpose trust and irrevocable OPEB trust. Since by definition, fiduciary fund assets are being held for the benefit of a third party and cannot be used for activities or obligations of the District, these funds are excluded from the government-wide statements.

The Internal Service Fund is presented in the proprietary fund financial statements. Because the principal users of the internal services are the District's governmental activities, the financial statement of the internal service fund is consolidated into the governmental column when presented in the government-wide financial statements. The costs of these services are reported in the appropriate functional activity.

Proprietary funds distinguish operating revenues and expenses from nonoperating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenue of the District's internal service fund is charges for service in the form of insurance premiums. Operating expenses for the internal service fund include the cost of services. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses.

The accounting and financial reporting treatment applied is determined by its measurement focus and basis of accounting. The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting, as are proprietary fund and fiduciary fund financial statements. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are generally recognized as revenues in the fiscal year for which they are levied, except for amounts advance recognized in accordance with a statutory "tax shift" described later in these notes. Grants and similar items are recognized when all eligibility requirements imposed by the provider have been met.

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

D. Measurement Focus and Basis of Accounting

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Under this basis of accounting transactions are recorded in the following manner:

1. Revenue Recognition

Revenue is recognized when it becomes measurable and available. "Measurable" means the amount of the transaction can be determined and "available" means collectible within the current period or soon enough thereafter to be used to pay liabilities of the current period. Property tax revenue is generally considered as available if collected within 60 days after year-end. State revenue is recognized in the year to which it applies according to Minnesota Statutes and accounting principles generally accepted in the United States of America. Minnesota Statutes include state aid funding formulas for specific fiscal years. Federal revenue is recorded in the year in which the related expenditure is made. Food service sales, community education tuition, and other miscellaneous revenue (except investment earnings) are recorded as revenues when received because they are generally not measurable until then. Investment earnings are recorded when earned because they are measurable and available. A six-month availability period is generally used for other fund revenue.

2. Recording of Expenditures

Expenditures are generally recorded when a liability is incurred. However, expenditures are recorded as prepaid for approved disbursements or liabilities incurred in advance of the year in which the item is to be used. Principal and interest on long-term debt issues are recognized on their due dates.

Description of Funds

The existence of the various District funds has been established by the State of Minnesota, Department of Education. The accounts of the district are organized on the basis of funds, each of which is considered a separate accounting entity. A description of the funds included in this report is as follows:

Major Governmental Funds

General Fund

The General Fund is used to account for all financial resources except those required to be accounted for in another fund. It includes the general operations and pupil transportation activities of the district, as well as the capital related activities such as maintenance of facilities equipment purchases, health and safety projects, and disabled accessibility projects.

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

D. Measurement Focus and Basis of Accounting (Continued)

Major Governmental Funds (Continued)

Food Service Special Revenue Fund

The Food Service Fund is used to account for food service revenues and expenditures. Revenues consist of user fees, and state and federal reimbursements restricted for the Food Service Fund.

Community Service Special Revenue Fund

The Community Service Fund is used to account for services provided to residents in the areas of recreation, civic activities, nonpublic pupils, veterans, adult or early childhood programs, K-6 extended day programs or other similar services. Revenues consist of local property taxes, state tax credits, user fees, and state aids restricted for the Community Service Fund.

Capital Projects - Building Construction Fund

The Capital Projects – Building Construction Fund is used to account for financial resources used for the acquisition or construction of major capital facilities. The Fund was established for building construction activity authorized by specific voter-approved bond issues.

Debt Service Fund

The Debt Service Fund is used to account for the accumulation of resources for, and payment of, general long-term obligation bond principal, interest, and related costs.

Other Postemployment Benefits Debt Service Fund

The Other Postemployment Benefits (OPEB) Debt Service Fund is used to account for the accumulation of resources for, and payment of, OPEB obligation bond principal, interest, and related costs.

Proprietary Fund

Internal Service Fund

The Internal Service Fund accounts for financing of goods or services provided by one department to other departments or agencies of the government, or to other governments, on a cost-reimbursement basis. The District's Internal Service Fund includes its self-insured dental insurance plan for its employees.

Fiduciary Funds

Scholarship Custodial Fund

The Scholarship Custodial Fund is used to account for money held by the District in the capacity of trustee or custodian, where both the principal and interest may be spent.

Other Postemployment Benefits Irrevocable Trust Fund

The Other Postemployment Benefits Irrevocable Fund is used for reporting resources set aside and held in an irrevocable trust arrangement for postemployment benefits.

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

E. Budgeting

Budgets presented in this report for comparison to actual amounts are presented in accordance with accounting principles generally accepted in the United States of America. Each June, the School Board adopts an annual budget for the following fiscal year for the General, Food Service, Community Service, and Debt Service Funds. The approved budget is published in summary form in the District's legal newspaper by October 1 of each year. Reported budget amounts represent the amended budget as adopted by the School Board. Legal budgetary control is at the fund level.

Procedurally, in establishing the budgetary data reflected in these financial statements, the Superintendent submits to the School Board prior to July 1, a proposed operating budget for the fiscal year commencing July 1. The operating budget includes proposed expenditures and the means to finance them. The budget is legally enacted by School Board action. Revisions to budgeted amounts must be approved by the School Board. Individual amendments were not material in relation to the original appropriations.

Total fund expenditures in excess of the budget require approval of the School Board. Spending control is established by the amount of expenditures budgeted for the fund, but management control is exercised at line item levels.

Budget provisions for the Debt Service Fund are set by state law governing required debt service levels.

F. Cash and Investments

Cash and investments consist of interest bearing accounts, certificates of deposit, government agency investments, and deposits in the Minnesota Trust Investment Shares Portfolio.

Cash balances from all funds, except the OPEB Irrevocable Trust Fund, are combined and invested to the extent available in various securities as authorized by Minnesota Statutes. Earnings from the pooled investments are allocated to the respective funds on the basis of applicable cash balance participation by each fund.

Investments are stated at their fair value as determined by quoted market prices, except for money market investments and participating interest-earning investment contracts that have a remaining maturity at time of purchase of one year or less which are recorded at amortized cost, provided that the fair value of those investments is not significantly affected by the impairment of the credit standing of the issuer or by other factors.

G. Accounts Receivable

Represents amounts receivable from individuals, firms, and corporations for goods and services furnished by the District. No substantial losses are anticipated from present receivable balances, therefore, no allowance for uncollectible accounts is deemed necessary. The only receivables not expected to be collected within one year are property taxes receivable.

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

H. Inventories

Inventories are recorded using the consumption method of accounting and consist of purchased food, supplies, and surplus commodities received from the federal government. Food and supply purchases are recorded at invoice cost, computed on a first-in, first-out method, and surplus commodities are stated at standardized cost, as determined by the Department of Agriculture.

I. Prepaid Items

Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepayments. Prepaid items are expensed during the periods benefitted. Prepaid items are recorded using the consumption method of accounting.

J. Property Taxes

Property tax levies are established by the School Board in December each year and are certified to the County for collection the following calendar year. In Minnesota, counties act as collection agents for all property taxes and are responsible for spreading all levies over taxable property. Such taxes become a lien on January 1. Taxes are generally due on May 15 and October 15, and counties generally remit taxes to Districts at periodic intervals as they are collected. A portion of property taxes levied is paid through state credits which are included in revenue from state sources in the financial statements.

Generally, tax revenue is recognized in the fiscal year ending June 30, following the calendar year in which the tax levy is collectible, while the current calendar year tax levy is recorded as unavailable revenue (property taxes levied for subsequent year). The majority of District revenue in the General Fund (and to a lesser extent in the District's Community Service Special Revenue Fund) is determined annually by statutory funding formulas. The total revenue allowed by these formulas is then allocated between taxes and state aids by the Legislature based on education funding priorities. Changes in this allocation are periodically accompanied by a change in property tax revenue recognition referred to as the "tax shift." In the Debt Service Fund, all property taxes collected in a calendar year are recorded as revenue in the fiscal year which begins July 1 of that calendar year.

In accordance with state law, the current tax shift consists of an amount equal to 31% of the operating levy that was in place for the District's 2000 Pay 2001 levy, which is frozen at \$310,967. Certain other portions of the District's 2019 Pay 2020 levy, normally revenue for the 2020-2021 fiscal year, are also advance recognized at June 30, 2020, as required by state statute to match revenue with the same fiscal year as the related expenditures.

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

J. Property Taxes (Continued)

Taxes that remain unpaid are classified as delinquent taxes receivable. Revenue from these delinquent property taxes that is not collected within 60 days of year-end is unavailable because it is not known to be available to finance the operations of the District in the current year. No allowance for uncollectible taxes has been provided as such amounts are not expected to be material. Current levies of local taxes, less the amount recognized as revenue in the current period, including portions assumed by the State which will be recognized as revenue in the next fiscal year beginning July 1, 2020, are included in Property Taxes Levied for Subsequent Year to indicate that, while they are current assets, they will not be recognized as revenue until the following year.

K. Capital Assets

Capital assets are capitalized at historical cost, or estimated historical cost for assets where actual historical cost is not available. Donated assets are recorded as capital assets at their acquisition value at the date of donation. The District maintains a threshold level of \$5,000 or more for capitalizing capital assets. The cost of normal maintenance and repairs that do not add to the value of the asset or materially extend asset lives are not capitalized.

Capital assets are recorded in the government-wide financial statement, but are not reported in the Fund financial statements. Capital assets are depreciated using the straight-line method over their estimated useful lives. Since surplus assets are sold for an immaterial amount when declared as no longer needed for public school purpose by the District, no salvage value is taken into consideration for depreciation purposes. Useful lives vary from 20 to 50 years for land improvements and buildings, and 5 to 15 years for equipment.

Capital assets not being depreciated include land and construction in progress.

The District does not possess any material amounts of infrastructure capital assets. Items such as sidewalks and other land improvements are considered to be part of the cost of buildings or other improvable property.

L. Deferred Outflows of Resources

In addition to assets, the statement of financial position reports a separate section for deferred outflows of resources. This separate financial statement element represents a consumption of net position that applies to a future period. The District will not recognize the related outflows until a future event occurs.

M. Long-Term Obligations

In the government-wide financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities. Bond premiums and discounts are amortized over the life of the bonds using the effective interest method. Bonds payable are reported net of the applicable bond premium or discount.

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

M. Long-Term Obligations (Continued)

In the fund financial statements, governmental fund types recognize bond premiums and discounts, as well as bond issuance costs, during the current period. The face amount of debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources while discounts on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

N. Accrued Employee Benefits

1. Compensated Absences

Vacation Pay and Sick Leave

It is the District's policy to permit employees to accumulate earned but unused vacation and sick pay benefits. These benefits are reported as liabilities in the government-wide financial statements and as expenditures when taken in the fund financial statements. At June 30, 2020, a liability for vacation pay totaling \$293,684 is recorded in the Statement of Net Position.

The District has a sick leave bank to which employees contribute earned sick leave. Participating employees use sick leave from this bank upon depletion of their own sick leave balances. At June 30, 2020, a liability for this sick leave bank of \$53,094 is recorded in the Statement of Net Position.

Severance Payable

Various bargaining groups, other than teachers, have contract language providing for severance benefits upon meeting the defined requirements. The amount paid varies based on years of service and is based on accumulated sick leave. The vested amount for all eligible employees at year-end totals \$12,949 and is recorded as a liability on the government-wide financial statements.

2. Other Postemployment Benefits

Under the terms of certain collectively bargained employment contracts, including the teachers' and administrators' contracts, the District is required to pay fixed amounts (generally \$350 per month) toward the health insurance premiums of retired employees until they reach specified age requirements such as Medicare eligibility.

For purposes of measuring the net OPEB liability, deferred outflows of resources, and deferred inflows of resources related to OPEB, and OPEB expense, information about the fiduciary net position have been determined on the same basis as they are reported by the District. For this purpose, the District recognizes benefit payments when due and payable in accordance with the benefit terms. Investments are reported at fair value, except for money market investments and participating interest-earning investment contracts that have a maturity at the time of purchase of one year or less, which are reported at cost.

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

O. Deferred Inflows of Resources

In addition to liabilities, the financial statements will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net position that applies to a future period(s) and so will not be recognized as an inflow or resources (revenue) until that time.

P. Pensions

For purposes of measuring the net pension liability, deferred outflows/inflows of resources, and pension expense, information about the fiduciary net position of the Public Employees Retirement Association (PERA) and Teachers Retirement Association (TRA) and additions to/deductions from PERA's and TRA's fiduciary net position have been determined on the same basis as they are reported by PERA and TRA. For this purpose, plan contributions are recognized as of employer payroll paid dates and benefit payments and refunds are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

Q. Statement of Cash Flows

For purposes of the Statement of Cash Flows, the District considers all highly liquid debt instruments with an original maturity from the time of purchase by the District of three months or less to be cash equivalents.

R. Fund Balance

In the fund financial statements, governmental funds report nonspendable, restricted, committed, assigned, and unassigned fund balances. Nonspendable portions of fund balance related to prepaids and inventory. Restricted funds are constrained by outside parties (statute, grantors, bond agreements, etc.). Committed fund balances are established and modified by a resolution approved by the Board of Education. The District currently does not report any committed fund balance. The Board of Education passed a resolution authorizing the Director of Finance and Operations the ability to assign fund balances and its intended uses. Unassigned fund balance is considered the remaining amounts, usually in the General Fund only. A negative unassigned fund balance may be reported in other governmental funds, if expenditures incurred for specific purposes exceeded the amounts restricted, committed or assigned for those purposes.

In accordance with the District's fund balance policy, when an expenditure is incurred for purposes for which both restricted and unrestricted fund balance is available; it is the District's policy to use restricted first, then unrestricted fund balance. When an expenditure is incurred for purposes for which committed, assigned and unassigned fund balance is available, it is the District's policy to use committed first, then assigned and finally unassigned fund balance.

The District has a minimum fund balance policy, which identifies a minimum unassigned fund balance in the General Fund of no less than 5% and not more than 25% of the general fund operating budgeted expenditures.

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

S. Net Position

Net position represents the difference between assets and deferred outflows of resources and liabilities and deferred inflows of resources in the government-wide, Proprietary Fund, and Fiduciary Fund financial statements. Net investment in capital assets, net of accumulation depreciation, reduced by the outstanding balance of any long-term debt used to build or acquire the capital assets. Net position is reported as restricted in the government-wide financial statement when there are limitations imposed on its use through external restrictions imposed by creditors, grantors, laws, or regulations of other governments.

T. Summarized Comparative Information

The basic financial statements include certain prior-year summarized comparative information in total but not at the level required for a presentation in conformity with accounting principles generally accepted in the United States of America.

NOTE 2 STEWARDSHIP AND ACCOUNTABILITY

A. Excess of Expenditures Over Budget

Expenditures exceeded budgeted amounts in the following fund at June 30, 2020.

 Budget
 Expenditures
 Excess

 General Fund
 \$ 46,531,603
 \$ 46,690,714
 \$ 159,111

All related expenditures were approved by the District's Board.

B. Transfers in/Transfers Out

	Tra	nsfer In:
	Commu	unity Service
		Fund
Transfer Out:		
General Fund	\$	62,578

The transfer from General Fund to the Community Service Fund is related to the expenses associated with Special Education reimbursing pre-school for spots in the pre-school that are held for ECSE students.

C. Deficit Fund Balance

The General Fund had a deficit fund balance of \$6,004,145 as of the end of the year. This deficit will be eliminated through a decrease in expenditures and an increase in revenues.

NOTE 3 DEPOSITS AND INVESTMENTS

A. Deposits

The School District maintains a cash and investment pool that is available for use by all funds, except the OPEB Irrevocable Trust Fund. Each fund type's portion of this pool is displayed in the financial statements as "Cash and Investments." In accordance with Minnesota Statutes the School District maintains deposits at financial institutions which are authorized by the School District Board.

Custodial Credit Risk – Custodial credit risk for deposits is the risk that in the event of a bank failure, the School District's deposits may not be returned to it. The School District does not have a specific deposit policy for custodial credit risk but rather follows Minnesota Statutes for deposits.

Minnesota Statutes require that all deposits be protected by insurance, surety bond, or collateral. The market value of collateral pledged must equal 110% of the deposits not covered by insurance or corporate surety bonds. Authorized collateral include: U.S. government treasury bills, notes, or bonds; issues of a U.S. government agency; general obligations of a state or local government rated "A" or better; revenue obligations of a state or local government rated "AA" or better; irrevocable standby letter of credit issued by a Federal Home Loan Bank; and time deposits insured by a federal agency. Minnesota Statutes require securities pledged as collateral be held in safekeeping in a restricted account at the Federal Reserve Bank or at an account at a trust departments of a commercial bank or other financial institution not owned or controlled by the depository.

The District's deposits in banks at June 30, 2020 were entirely covered by federal depository insurance or by collateral in accordance with Minnesota Statutes.

B. Investments

The District does not have an investment policy and invests its idle funds as authorized by Minnesota Statutes as follows:

- Direct obligations or obligations guaranteed by the United States or its agencies
- 2) Shares of investment companies registered under the Federal Investment Company Act of 1940 and received the highest credit rating, is rated in one of the two highest rating categories by a statistical rating agency, and all of the investments have a final maturity of thirteen months or less
- 3) General obligations rated "A" or better; revenue obligations rated "AA" or better
- 4) General obligations of the Minnesota Housing Finance Agency rate "A" or better
- 5) Bankers' acceptances of United States banks eligible for purchase by the Federal Reserve System
- 6) Commercial paper issued by United States banks corporations or their Canadian subsidiaries, of highest quality category by a least two nationally recognized rating agencies, and maturing in 270 days or less

NOTE 3 DEPOSITS AND INVESTMENTS (CONTINUED)

B. Investments (Continued)

- 7) Guaranteed investment contracts guaranteed by United States commercial banks or domestic branches of foreign banks or United States insurance companies if similar debt obligations of the issuer or the collateral pledged by the issuer is in the top two rating categories
- 8) Repurchase or reverse purchase agreement and securities lending agreements financial institutions qualified as a "depository" by the government entity, with banks that are members of the Federal Reserve System with capitalization exceeding \$10,000,000, a primary reporting dealer in U.S. government securities to the Federal Reserve Bank of New York, or certain Minnesota securities broker-dealers

In addition, investments held by the OPEB Irrevocable Trust Fund may be invested as authorized by Minnesota State Statute Section 356A.06, Subdivision 7.

External Investment Pools -

	 Amount
MN Trust Shares Portfolio	\$ 11,438,968

The MN Trust is a money market account that is valued at amortized cost with maturities of investments of one year or less.

Investments Held with Broker – Interest Rate Risk –

Interest rate risk is the risk that changes in interest rates will adversely affect the fair value of an investment. Generally, the longer the maturity of an investment, the greater the sensitivity of its fair value to changes in market interest rates. One of the ways that the District manages its exposure to interest rate risk is by purchasing a combination of shorter term and longer term investments and by timing cash flows from maturities to meet cash requirements for ongoing operations. Information about the sensitivity of the fair values of the District's investments to market interest rate risk fluctuations is provided by the following table that shows the distribution of the School District's investments by maturity:

Туре	Total	6 Months or Less	7 to12 Months	13 to 36 Months
MN Trust Investment Shares Portfolio State and Local Obligations	\$ 11,438,968 264,065	\$ 11,438,968 264,065	\$ - -	\$ - -
Total	\$ 11,703,033	\$ 11,703,033	\$ -	\$ -

NOTE 3 DEPOSITS AND INVESTMENTS (CONTINUED)

B. Investments (Continued)

Custodial Credit Risk -

For an investment, custodial risk is the risk that, in the event of failure of the counterparty, the District will not be able to recover the value of its investment or collateral securities that are in the possession of an outside party. The District's bond documents require insurance covering all balances held in each investment account. As of June 30, 2020, the investment balances were fully covered by insurance for each brokerage firm.

Credit Risk -

Generally, credit risk is the risk that an issuer of an investment will not fulfill its obligation to the holder of the investment. This is measured by the assignment of a rating by a nationally recognized statistical rating organization. The following chart summarizes year-end ratings for the District's investments as rated by Moody's Investors Service:

Туре	Quality Rating	Amount	
MN Trust Investment Shares Portfolio	AAAm	\$ 11,438,968	
State and Local Obligations	Aa2/AA-	264,065	
Total		\$ 11,703,033	

The deposits and investments are presented in these financial statements as follows:

Total Deposits	\$ 1,589,087
MN Trust Shares Portfolio	11,438,968
State and Local Obligations	264,065
Total	\$ 13,292,120
Statement of Net Position	
Cash and Investments	\$ 11,224,978
Trust Fund Cash and Investments	2,067,142
	\$ 13,292,120

C. Fair Value Measurements

The District uses fair value measurements to record fair value adjustments to certain assets and liabilities and to determine fair value disclosures.

NOTE 3 DEPOSITS AND INVESTMENTS (CONTINUED)

C. Fair Value Measurements (Continued)

The District follows an accounting standard that defines fair value, establishes a framework for measuring fair value, establishes a fair value hierarchy based on the quality of inputs used to measure fair value, and requires expanded disclosures about fair value measurements. In accordance with this standard, the District has categorized its investments, based on the priority of the inputs to the valuation technique, into a three-level fair value hierarchy. The fair value hierarchy gives the highest priority to quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). If the inputs used to measure the financial instruments fall within different levels of the hierarchy, the categorization is based on the lowest level input that is significant to the fair value measurement of the instrument.

Financial assets and liabilities recorded on the combined statement of financial position are categorized based on the inputs to the valuation techniques as follows:

- Level 1 Financial assets and liabilities are valued using inputs that are unadjusted quoted prices in active markets accessible at the measurement date of identical financial assets and liabilities. The inputs include those traded on an active exchange, such as the New York Stock Exchange, as well as U.S. Treasury and other U.S. government and agency mortgage-backed securities that are traded by dealers or brokers in active over-the-counter markets.
- Level 2 Financial assets and liabilities are valued based on quoted prices for similar assets, or inputs that are observable, either directly or indirectly for substantially the full term through corroboration with observable market data.
- Level 3 Financial asset and liabilities are valued using pricing inputs which are unobservable for the asset, inputs that reflect the reporting entity's own assumptions about the assumptions market participants and would use a pricing the asset.

Assets measured at fair value on a recurring basis:

Туре	Level 1		Level 2		Level 3		Total	
Government/Agency Obligations	\$	264.065	\$	_	\$	_	\$	264.065

NOTE 4 CAPITAL ASSETS

Capital asset activity for the year ended June 30, 2020 was as follows:

	Beginning Balance	Increases	Decreases	Ending Balance
Governmental Activities				
Capital Assets, Not Being Depreciated:				
Land	\$ 5,524,742	\$ -	\$ -	\$ 5,524,742
Construction in Progress	879,800	1,573,362	(56,598)	2,396,564
Total Capital Assets, Not Being Depreciated	6,404,542	1,573,362	(56,598)	7,921,306
Capital Assets, Being Depreciated:				
Land Improvements	4,215,464	=	-	4,215,464
Buildings and Improvements	175,052,248	56,598	-	175,108,846
Equipment	9,505,649	24,300	-	9,529,949
Total Capital Assets, Being Depreciated	188,773,361	80,898		188,854,259
Accumulated Depreciation for:				
Land Improvements	(3,222,774)	(157,811)	-	(3,380,585)
Buildings and Improvements	(41,305,433)	(4,737,889)	-	(46,043,322)
Equipment	(7,465,896)	(484,656)	-	(7,950,552)
Total Accumulated Depreciation	(51,994,103)	(5,380,356)	-	(57,374,459)

Governmental Activities Capital Assets, Net	\$ 143,183,800	\$ (3,726,096)	\$ (56,598)	\$ 139,401,106

Depreciation expense was charged to functions of the District as follows:

Governmental Activities	
Administrative Services	\$ 145,846
District Support Services	49,062
Regular Instruction	4,653,203
Vocational Instruction	2,581
Community Education	2,831
Instructional Support	47,609
Food Service	23,738
Sites, Buildings, and Equipment	455,486
Total Depreciation Expense, Governmental Activities	\$ 5,380,356

NOTE 5 AID ANTICIPATION CERTIFICATES

On September 29, 2019, the District Sold General Obligation Aid Anticipation Certificates, Series 2019B and 2019C in the amount of \$3,300,000 and \$3,700,000, respectively at an interest rate of 2.50% and 2.35%. These Certificates mature September 30, 2020 and will have interest expense of \$62,906.

	2019		Additions		Retirements		2020	
2019A Aid Anticipation Certificate	\$	4,985,000	\$	-	\$	4,985,000	\$	-
2019B Aid Anticipation Certificate		-		3,300,000		-		3,300,000
2019C Aid Anticipation Certificate				3,700,000				3,700,000
	\$	4,985,000	\$	7,000,000	\$	4,985,000	\$	7,000,000

NOTE 6 LONG-TERM LIABILITIES

The District has issued general obligation school building bonds to finance the construction of capital facilities or to refinance previous bond issues. Assets of the Debt Service Fund, together with scheduled future tax levies are dedicated for the retirement of these bonds and loans. These levies are subject to reduction if fund balance amounts exceed limitations imposed by Minnesota law.

1. General Obligation School Building Bonds

On February 18, 2015, the District issued \$75,000,000 General Obligation School Bonds, Series 2015B. These bonds were issued to finance acquisition and betterment of school sites and facilities.

NOTE 6 LONG-TERM LIABILITIES (CONTINUED)

A. Components of Long-Term Debt (Continued)

2. General Obligation Capital Facilities Bonds

On May 1, 2013, the District issued \$1,435,000 of General Obligation Capital Facilities Bonds, Series 2013A. These bonds were issued to finance acquisition and/or construction/improvement of capital facilities.

On September 29, 2016, the District issued \$5,405,000 General Obligation Facility Series 2016A. These bonds were issued for general maintenance projects.

On September 14, 2017, the District issued \$7,290,000 General Obligation Facilities Bonds, Series 2017C. These bonds were issued to finance construction/improvement of capital facilities.

3. General Obligation Refunding Bonds

On February 19, 2009, the District issued \$19,370,000 of General Obligation School Building Refunding Bonds, Series 2009A to refund in advance of their stated maturities the remaining maturities of the General Obligation School Building Bonds, Series 1998A, and the General Obligation School Building Bonds, Series 1999A. The original issue dates of the bonds refunded were December 1, 1998 and April 1, 1999, respectively. These bonds were paid in full as of June 30, 2019.

On January 13, 2015, the District issued \$17,555,000 of General Obligation School Building Refunding Bonds, Series 2015A to advance refund the General Obligation School Building Bonds, Series 2005A dated July 1, 2005.

On December 30, 2015, the District issued \$6,830,000 of General Obligation School Building Refunding Bonds, Series 2015C to advance refund the General Obligation School Building Bonds, Series 2006A dated April 26, 2006.

On October 22, 2018, the District issued \$7,105,000 of General Obligation School Building Refunding Bonds, Series 2018A to advance refund the General Obligation School Building Refunding Bonds, Series 2009A dated February 19, 2009.

4. General Obligation Taxable OPEB Bonds

On December 23, 2008, the District issued \$2,695,000 General Obligation Taxable OPEB Bonds, Series 2008A. These bonds were issued to finance future other postemployment payments. These bonds were paid in full as of June 30, 2019.

Assets of the Debt Service Fund and the OPEB Debt Service Fund, together with scheduled future ad valorem tax levies are dedicated for the retirement of these bonds. These levies are subject to reduction if fund balance amounts exceed limitations imposed by Minnesota Statute.

NOTE 6 LONG-TERM LIABILITIES (CONTINUED)

A. Components of Long-Term Debt (Continued)

5. General Obligation Tax Abatement Bonds

On September 14, 2017, the District issued \$5,040,000 General Obligation Tax Abatement Bonds, Series 2017B. These bonds were issued to finance future tax abatement obligations.

6. Certificates of Participation

On June 29, 2017, the District issued \$3,160,000 Certificates of Participation, Series 2017A. This certificate was issued to finance acquisition and betterment of school sites and facilities.

7. Lease Purchase Agreements

On December 1, 2018, the District entered into a \$923,000 lease purchase agreement for the acquisition and improvement of real property. Payments on the agreement are due annually and commence February 2021.

On May 1, 2019, the District entered into a \$1,585,000 lease purchase agreement for the construction of a tennis court complex and outdoor ice rink. Payments on the agreement are due annually and commence February 2021.

On August 1, 2018, the District entered into a \$500,000 lease purchase agreement for a scoreboard Payments on the agreement are due annually and commenced August 2018.

8. Capital Leases

On May 15, 2020, the District entered into a lease for LED lighting. Payments on the lease are due annually and commence July 2020. The entire lease agreement consists of 844,931 in costs. However, only \$588,136 has been spent as of June 30, 2020.

On April 15, 2019, the District entered into a lease for copier equipment. Payments on the lease are due quarterly and commenced in April 2019. Capital assets relating to the lease had a cost of \$160,699, current year depreciation of \$32,140, and accumulated depreciation of \$32,140 at June 30, 2020.

On May 3, 2017, the District entered into a lease for Apple products and services. Payments on the lease are due annually and commenced July 2017. Capital assets relating to the lease had a cost of \$107,280, and is fully depreciated for the year ended June 30, 2020.

NOTE 6 LONG-TERM LIABILITIES (CONTINUED)

B. Minimum Debt Payments

Minimum annual principal and interest payments required to retire long-term debt, not including compensated absences payable are as follows:

	General Obligation				Lease Purchase				
		Bonds	Payal	ole		Agreement			
Year Ending June 30,	•	Principal		Interest	Principal			Interest	
2021	\$	5,185,000	\$	3,962,206	\$	220,101	\$	118,661

Less: Amounts Representing Interest		(109,879)	
Present Value of Net Minimum			
Lease Payments	\$	994,814	

C. Description of Long-Term Debt

Compensated Absences Payable

Compensated absences payable consists of unused vacation, sick leave bank and severance benefits payable to employees upon retirement. All benefits are paid by the General and Special Revenue Funds. Annual payments to retire the severance benefits liability have not been determined and will depend on actual employee turnover. Resources for the payment of compensated absences benefits payable included in long-term liabilities will be provided primarily by the General Fund.

NOTE 6 LONG-TERM LIABILITIES (CONTINUED)

C. Description of Long-Term Debt (Continued)

Arbitrage Rebate Liability

The Tax Reform Act of 1986 requires school districts and other governmental entities to pay to the federal government income earned on the proceeds from the issuance of debt in excess of interest costs, pending the expenditure of the borrowed funds. This rebate of interest income (known as arbitrage) applies to governmental debt issued after August 31, 1986.

Certain bond issues of the District are subject to the arbitrage rebate requirements. However, management does not expect to incur any significant arbitrage rebate liability.

D. Changes in Long-Term Debt

	June 30, 2019	Net Additions	Retirements	June 30, 2020
Bonds Payable	\$ 119,550,000	\$ -	\$ 4,795,000	\$ 114,755,000
Bond Premium	4,678,496	-	576,035	4,102,461
Certificates of Participation				
Payable	3,040,000	-	125,000	2,915,000
Lease Purchase Agreement	2,926,713	-	62,273	2,864,440
Capital Lease Obligations				
Payable	205,454	588,136	55,571	738,019
Compensated Absences				
Payable	369,220	369,729	379,222	359,727
Total	\$ 130,769,883	\$ 957,865	\$ 5,993,101	\$ 125,734,647

NOTE 7 RESTRICTED AND ASSIGNED FUND BALANCE

Certain portions of fund balance are restricted based on state requirements to track special program funding, to provide for funding on certain long-term liabilities, or as required by other outside parties. Any such "restrictions" which have an accumulated deficit rather than a positive balance at June 30 are reported as a deficit balance because there is specific revenue authority under state accounting guidelines which will be utilized to eliminate the deficit. A description of these "deficit balance restrictions" is included herein since the District has specific statutory authority to levy taxes for such deficits.

Certain portions of fund balance are assigned as determined by Director of Finance and Operations. The authority to assign fund balance was provided by the Board of Education to the Director of Finance and Operations.

NOTE 7 RESTRICTED AND ASSIGNED FUND BALANCE (CONTINUED)

Restricted and assigned fund balances at June 30, 2020 are as follows:

A. Restricted for Gifted and Talented

Restricted for Gifted and Talented represents available resources in the General Fund to be used for gifted and talented programs.

B. Restricted for Basic Skills Program

Restricted for the Basic Skills Program represents accumulated resources available to be used for the basic skills program.

C. Restricted for Operating Capital

The District levies taxes and receives state aid to be used for the purchase of equipment, books, and vehicles and to purchase, rent, improve and repair school facilities as allowed by state statute. The cumulative excess of such revenues over equipment and facilities expenditures is reported as a restriction of fund balance in the General Fund.

D. Restricted for Safe Schools

Restricted for Safe Schools represents the unspent resources available from the safe schools levy.

E. Restricted for Community Education Programs

Restricted for Community Education Programs represents accumulated resources available to provide general community education programming.

F. Restricted for Early Childhood and Family Education Programs

Restricted for Early Childhood and Family Education Programs represents accumulated resources available to provide services for early childhood and family education programming.

G. Restricted for School Readiness

Restricted for School Readiness represents accumulated resources available to provide school readiness programming in accordance with funding made available for that purpose.

H. Restricted for Projects Funded by Certificates of Participation

Represents resources restricted for building projects funded by certificates of participation.

I. Restricted for Long-Term Facilities Maintenance (LTFM)

Represents available resources to be used for LTFM capital projects in accordance with the 10- year plan.

NOTE 7 RESTRICTED AND ASSIGNED FUND BALANCE (CONTINUED)

J. Restricted for Medical Assistance

Represents resources available to be used for medical assistance expenditures.

K. Restricted for Other Purposes

Restricted for Other Purposes represents amounts that can be spent only for specific purposes stipulated by constitution, external resource providers, or through enabling legislation, such as building expenditures, community service, and debt payments.

Other Restricted:

Restricted for Food Service	\$ 531,348
Restricted for Community Service	56,330
Restricted for OPEB Debt Service	73,708
Restricted for Bond Payments	1,182,968
Total Other Restricted	\$ 1,844,354

NOTE 8 PENSION PLANS

A. Plan Description

The District participates in the following cost-sharing multiple-employer defined benefit pension plans administered by the Public Employees Retirement Association of Minnesota (PERA) and Teachers Retirement Fund (TRA). PERA's and TRA's defined benefit pension plans are established and administered in accordance with *Minnesota Statutes*, Chapters 353 and 356. PERA's and TRA's defined benefit pension plans are tax qualified plans under Section 401(a) of the Internal Revenue Code.

1. General Employees Retirement Plan

All full-time and certain part-time employees of the District, other than teachers, are covered by the General Employees Plan. General Employees Plan members belong to the Coordinated Plan. Coordinated Plan members are covered by Social Security.

2. Teachers Retirement Fund (TRA)

The Teacher's Retirement Association (TRA) is an administrator of a multiple employer, cost-sharing, defined benefit retirement fund. TRA administers a Basic Plan (without Social Security coverage) and a Coordinated Plan (with Social Security coverage) in accordance with Minnesota Statutes, Chapters 354 and 356. TRA is a separate statutory entity and administered by a Board of Trustees. The Board consists of four active members, one retired member, and three statutory officials.

Educators employed in Minnesota's public elementary and secondary schools, charter schools, and certain other TRA-covered educational institutions maintained by the state are required to be TRA members (except those employed by St. Paul schools or Minnesota State Colleges and Universities). Educators first hired by Minnesota State may elect either TRA coverage or coverage through the Define Contribution Plan (DCR) administered by the State of Minnesota.

NOTE 8 PENSION PLANS (CONTINUED)

B. Benefits Provided

PERA and TRA provide retirement, disability, and death benefits. Benefit provisions are established by state statute and can only be modified by the state Legislature. Vested, terminated employees who are entitled to benefits, but are not receiving them yet, are bound by the provisions in effect at the time they last terminated their public service.

1. General Employees Plan Benefits

General Employees Plan benefits are based on a member's highest average salary for any five successive years of allowable service, age, and years of credit at termination of service. Two methods are used to compute benefits for PERA's Coordinated Plan members. Members hired prior to July 1, 1989, receive the higher of Method 1 or Method 2 formulas. Only Method 2 is used for members hired after June 30, 1989. Under Method 1, the accrual rate for Coordinated members is 1.2% of average salary for each of the first 10 years of service and 1.7% of average salary for each additional year. Under Method 2, the accrual rate for Coordinated members is 1.7% of average salary for all years of service. For members hired prior to July 1, 1989, a full annuity is available when age plus years of service equal 90 and normal retirement age is 65. For members hired on or after July 1, 1989, normal retirement age is the age for unreduced Social Security benefits capped at 66.

Annuities, disability benefits, and survivor benefits are increased effective every January 1. Beginning January 1, 2019, the postretirement increase will be equal to 50% of the cost of living adjustment (COLA) announced by the SSA, with a minimum increase of at least 1% and a maximum of 1.5%. Recipients that have been receiving the annuity or benefit for at least a full year as of the June 30 before the effective date of the increase will receive the full increase. For recipients receiving the annuity or benefit for at least one month but less than a full year as of the June 30 before the effective date of the increase will receive a reduced prorated increase. For members retiring on January 1, 2024 or later, the increase will be delayed until normal retirement age (age 65 if hired prior to July 1, 1989, or age 66 for individuals hired on or after July 1, 1989). Members retiring under Rule of 90 are exempt from the delay to normal retirement.

2. TRA Benefits

TRA provides retirement benefits as well as disability benefits to members, and benefits to survivors upon death of eligible members. Benefits are established by Minnesota Statute and vest after three years of service credit. The defined retirement benefits are based on a member's highest average salary for any five consecutive years of allowable service, age, and a formula multiplier based on years of credit at termination of service.

Two methods are used to compute benefits for TRA's Coordinated and Basic Plan members. Members first employed before July 1, 1989, receive the greater of the Tier I or Tier II benefits as described.

NOTE 8 PENSION PLANS (CONTINUED)

B. Benefits Provided (Continued)

2. TRA Benefits (Continued) Tier I Benefits

Tier 1	Step Rate Formula	Percentage
Basic	First Ten Years of Service	2.2% per Year
	All Years After	2.7% per Year
Coordinated	First Ten Years of Service are Up to July 1, 2006	1.2% per Year
	First Ten Years, If Service Years are July 1, 2006 or After	1.4% per Year
	All Other Years of Service If Service Years are Up to July 1, 2006	1.7% per Year
	All Other Years of Service If Services Years are July 1, 2006 or After	1.9% per Year

With these provisions:

- (a) Normal retirement age is 65 with less than 30 years of allowable service and age 62 with 30 or more years of allowable service.
- (b) 3.0% per year early retirement reduction factor for all years under normal retirement age.
- (c) Unreduced benefits for early retirement under a Rule-of-90 (age plus allowable service equals 90 or more).

or

Tier II Benefits

For years of service prior to July 1, 2006, a level formula of 1.7% per year for coordinated members and 2.7% per year for basic members. For years of service July 1, 2006 and after, a level formula of 1.9% per year for coordinated members and 2.7% for Basic members applies. Beginning July I, 2015, the early retirement reduction factors are based on rates established under Minnesota Statutes. Smaller reductions, more favorable to the member, will be applied to individuals who reach age 62 and have 30 years or more of service credit.

Members first employed after June 30, 1989, receive only the Tier II calculation with a normal retirement age that is their retirement age for full Social Security retirement benefits, but not to exceed age 66.

Six different types of annuities are available to members upon retirement. The No Refund Life Plan is a lifetime annuity that ceases upon the death of the retiree - no survivor annuity is payable. A retiring member may also choose to provide survivor benefits to a designated beneficiary(ies) by selecting one of the five plans that have survivorship features. Vested members may also leave their contributions in the TRA Fund upon termination of service in order to qualify for a deferred annuity at retirement age. Any member terminating service is eligible for a refund of their employee contributions plus interest.

NOTE 8 PENSION PLANS (CONTINUED)

C. Contributions

1. General Employees Plan Contributions

Minnesota Statutes Chapter 353 sets the rates for employer and employee contributions. Contribution rates can only be modified by the state Legislature. Coordinated Plan members were required to contribute 6.50% of their annual covered salary in fiscal year 2020 and the District was required to contribute 7.50% for Coordinated Plan members. The District's contributions to the General Employees Fund for the year ended June 30, 2020, were \$592,085. The District's contributions were equal to the required contributions as set by state statute.

2. TRA Contributions

Per Minnesota Statutes, Chapter 354 rates for the fiscal year for coordinated were 7.5% for the employee and 7.92% for the employer. Basic rates were 11.00% for the employee and 11.92% for the employer for the year ended June 30, 2020. The Districts contributions to TRA for the plan's fiscal year ended June 30, 2020 were \$1,691,701. The District's contributions were equal to the required contributions for each year as set by state statue.

D. Pension Costs

1. General Employees Plan Pension Costs

At June 30, 2020, the District reported a liability of \$6,175,643 for its proportionate share of the General Employees Fund's net pension liability. The District's net pension liability reflected a reduction due to the state of Minnesota's contribution of \$16 million to the fund in 2019. The State of Minnesota is considered a nonemployer contributing entity and the State's contribution meets the definition of a special funding situation. The state of Minnesota's proportionate share of the net pension liability associated with the District totaled \$191,992, for a total net pension liability of \$6,367,635 associated with the District. The net pension liability was measured as of June 30, 2019, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date. The District's proportionate share of the net pension liability was based on the District's contributions received by PERA during the measurement period for employer payroll paid dates from July 1, 2018 through June 30, 2019, relative to the total employer contributions received from all of PERA's participating employers.

At June 30, 2019, the District's proportionate share was .1117% which was the same as its proportionate share measured as of June 30, 2018.

For the year ended June 30, 2020, the District recognized pension expense of \$955,712 for its proportionate share of the General Employees Plan's pension expense. In addition, the District recognized an additional \$14,378 as pension expense (and grant revenue) for its proportionate share of the state of Minnesota's contribution of \$16 million to the General Employees Fund.

NOTE 8 PENSION PLANS (CONTINUED)

D. Pension Costs (Continued)

1. General Employees Plan Pension Costs (Continued)

At June 30, 2020, the District reported its proportionate share of the General Employees Plan's deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

Description		red Outflows Resources	Deferred Inflows of Resources	
Differences Between Expected and Actual Economic Experience	\$ 171,150		\$	_
Changes in Actuarial Assumptions		-		485,409
Net Difference Between Projected and Actual Earnings		-		625,974
Changes in Proportion		211,276		-
District Contributions Subsequent to the Measurement Date		592,085		-
Total	\$	974,511	\$	1,111,383

\$592,085 reported as deferred outflows of resources related to pensions resulting from District contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the year ended June 30, 2021. Other amounts reported as deferred outflows and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

	Pension
	Expenses
Year Ending June 30,	 Amount
2021	\$ (169,698)
2022	(445,580)
2023	(123,632)
2024	9,953

2. TRA Pension Costs

At June 30, 2020 the District reported a liability of \$24,170,288 for its proportionate share of TRA's net pension liability. The net pension liability was measured as of June 30, 2019, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date. The District's proportion of the net pension liability was based on the District's contributions to TRA in relation to total system contributions including direct aid from the State of Minnesota, City of Minneapolis, and Minneapolis School District. The District's proportionate share was .3792% at the end of the measurement period and .3751% at the beginning of the period.

The pension liability amount reflected a reduction due to direct aid provided to TRA. The amount recognized by the District as its proportionate share of the net pension liability, the direct aid, and total portion of the net pension liability that was associated with the District were as follows:

NOTE 8 PENSION PLANS (CONTINUED)

D. Pension Costs (Continued)

2. TRA Pension Costs

Description		Amount		
District's Proportionate Share of the TRA Net Pension Liability		24,170,288		
State's Proportionate Share of TRA's Net Pension Liability Associated				
with the District		2,138,997		
Total	\$	26,309,285		

For the year ended June 30, 2020, the District recognized pension expense of \$5,265,032. It also recognized \$162,589 as an increase to pension expense and grant revenue for the support provided by direct aid.

At June 30, 2019, the District reported its proportionate share of the TRA's deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

Description		erred Outflows Resources		erred Inflows Resources
Differences Between Expected and Actual Economic Experience	\$ 3,437			586,883
Changes in Actuarial Assumptions		20,340,314		32,065,026
Net Difference Between Projected and Actual Investment Earnings		-		2,002,982
Changes in Proportion		2,827,512		-
District Contributions Subsequent to the Measurement Date		1,691,701		-
Total	\$ 24,862,964		\$	34,654,891

\$1,691,701 reported as deferred outflows of resources related to pensions resulting from District contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the year ended June 30, 2021. Other amounts reported as deferred outflows and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

	Pension	
	Expenses	5
Year Ending June 30,	Amount	
2021	\$ 2,244,	023
2022	733,	520
2023	(8,455,	682)
2024	(6,025,	091)
2025	19.	602

The District's total pension expense for all plans for the year ended June 30, 2020 was \$6,397,711.

NOTE 8 PENSION PLANS (CONTINUED)

E. Actuarial Assumptions

The total pension liability in the June 30, 2019, actuarial valuation was determined using an individual entry-age normal actuarial cost method and the following actuarial assumptions:

Assumptions	PERA	TRA
Inflation	2.50% per Year	2.50%
Salary Growth	3.25% per Year	2.85% for 10 years and 3.25%, thereafter
Investment Rate of Return	7.50%	7.50%

PERA Salary increases were based on a service-related table. PERA mortality rates for active members, retirees, survivors, and disabilitants for all plans were based on RP 2014 tables for males or females, as appropriate, with slight adjustments to fit PERA's experience. PERA cost of living benefit increases after retirement for retirees are assumed to be 1.25% per year for the General Employees Plan.

Actuarial assumptions used in the PERA June 30, 2019 valuation were based on the results of actuarial experience studies. The most recent six-year experience study in the General Employees Plan was completed in 2019. Economic assumptions were updated in 2018 based on a review of inflation and investment return assumptions.

TRA pre-retirement mortality rates were based on the RP-2014 white collar employee table, male rates set back six years and female rates set back five years. Generational projection uses the MP-2015 scale. Post-retirement mortality rates were based on the RP-2014 white collar annuitant table, male rates set back three years and female rates set back three years, with further adjustments of the rates. Generational projection uses the MP-2015 scale. Post-disability mortality rates were based on the RP-2014 disabled retiree mortality table, without adjustment. TRA cost of living benefit increases 1.0% for January 2019 through January 2023, then increasing by 0.1% each year up to 1.5% annually.

TRA assumptions are based on the full experience study dated June 2015 and the study of the economic assumptions presented to the Board in November 2017.

The following changes in actuarial assumptions for PERA occurred in 2019:

Changes in Actuarial Assumptions

• The morality projection scale was changed from MP-2017 to MP-2018.

Changes in Plan Provisions

 The employer supplemental contribution was changed prospectively, decreasing from \$31.0 million to \$21.0 million per year. The State's special funding contribution was changed prospectively, requiring \$16.0 million due per year through 2031.

NOTE 8 PENSION PLANS (CONTINUED)

E. Actuarial Assumptions (Continued)

There were no changes in actuarial assumptions or plan provisions for TRA for the 2019 valuation.

The State Board of Investment, which manages the investments of PERA and TRA, prepares an analysis of the reasonableness on a regular basis of the long-term expected rate of return using a building-block method in which best-estimate ranges of expected future rates of return are developed for each major asset class. These ranges are combined to produce an expected long-term rate of return by weighting the expected future rates of return by the target asset allocation percentages. The target allocation and best estimates of geometric real rates of return for each major asset class are summarized in the following table.

		Long-Term Expected Real
Asset Class	Target Allocation	Rate of Return
Domestic Equity	35.5 %	5.10 %
International Equity	17.5	5.30
Fixed Income	20.0	0.75
Private Markets	25.0	5.90
Cash	2.0	-
Totals	100.0 %	

F. Discount Rate

The discount rate used to measure the PERA General Employees Plan liability in 2019 was 7.50%. The projection of cash flows used to determine the discount rate assumed that contributions from plan members and employers will be made at rates set in Minnesota Statutes. Based on these assumptions, the fiduciary net positions of the General Employees Fund were projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

The discount rate used to measure the TRA pension liability was 7.50%. There was no change since the prior measurement date. The projection of cash flows used to determine the discount rate assumed that employee contribution will be made at the fiscal year 2019 contribution rate, contributions from school districts will be made at contractually required rates (actuarially determined), and contributions from the state will be made at current statutorily required rates. Based on those assumptions, the pension plan's fiduciary net position was not projected to be depleted and, as a result, the Municipal Bond Index Rate was not used in the determination of the Single Equivalent Interest Rate (SEIR).

NOTE 8 PENSION PLANS (CONTINUED)

G. Pension Liability Sensitivity

The following presents the District's proportionate share of the net pension liability for all plans it participates in, calculated using the discount rate disclosed in the preceding paragraph, as well as what the District's proportionate share of the net pension liability would be if it were calculated using a discount rate one percentage point lower or one percentage point higher than the current discount rate:

Description	Decrease in iscount Rate	Cu	rrent Discount Rate	 Increase in scount Rate
General Employees Plan Discount Rate	 6.50%		7.50%	8.50%
District's Proportionate Share of the PERA Net Pension Liability	\$ 10,152,242	\$	6,175,643	\$ 2,892,019
TRA Discount Rate	6.50%		7.50%	8.50%
District's Proportionate Share of the TRA Net Pension Liability	\$ 38,533,348	\$	24,170,288	\$ 12,328,156

H. Pension Plan Fiduciary Net Position

Detailed information about General Employees Plan's fiduciary's net position is available in a separately-issued PERA financial report. That report may be obtained on the Internet at www.mnpera.org.

Detailed information about TRA's fiduciary net position is available in a separately-issued TRA financial report. That report can be obtained at www.MinnesotaTRA.org; by writing to TRA at 60 Empire Drive #400, St. Paul, Minnesota, 55103-2088; or by calling 651- 296-2409 or 1-800-657-3669.

NOTE 9 OTHER POSTEMPLOYMENT BENEFIT PLAN

A. Plan Description

The District operates and administers a single-employer defined benefit other postemployment benefit plan (the Plan) that provides health and dental insurance to retired and active eligible employees and their spouses through the District's health insurance plan. There are 547 active participants and 36 retired participants along with 12 retired spouses. Benefit and eligibility provisions are established through negotiations between the District and various unions representing the District's employees and are renegotiated each bargaining period. The Plan does not issue a publicly available financial report.

B. Funding Policy

The District has assets restricted for OPEB. These assets are in a qualified irrevocable trust which are included as a fiduciary fund in these financial statements. The District's investment policy is to follow state statutes as listed in Note 3. The District is assumed to make no future contributions to the trust. Benefit payments equal to the annual direct subsidy plus implicit subsidy are assumed to be made from the trust. Contribution requirements are also negotiated between the District and union representatives. The District contributes \$0 to \$4,200 of the cost of current-year premiums for eligible retired plan members and their spouses. For fiscal year 2020, the District contributed \$-0- to the plan.

C. Net OPEB Liability of the District

The components of the net OPEB liability of the District at June 30, 2020, were as follows:

Total OPEB Liability	\$ 6,607,119
Plan Fiduciary Net Position	1,987,555
District's Net OPEB Liability	\$ 4,619,564

Plan Fiduciary Net Position as a Percentage of the Total OPEB Liability 30.08%

D. Actuarial Methods and Assumptions

The long-term expected rate of return on OPEB plan investments that are expected to be used to finance the payments of benefits, to the extent that (1) the OPEB plan's fiduciary net position is projected to be sufficient to make projected benefit payments and (2) OPEB plan assets are expected to be invested using a strategy to achieve that return, and a yield or index rate for 20-year, tax-exempt general obligation municipal bonds with an average rating of AA/Aa or higher (or equivalent quality on another rating scale), to the extent that the conditions above are not met.

NOTE 9 OTHER POSTEMPLOYMENT BENEFIT PLAN (CONTINUED)

D. Actuarial Methods and Assumptions (Continued)

The District's net OPEB liability was measured as of June 30, 2020, and the total OPEB liability used to calculate the net OPEB liability was determined by an actuarial valuation as of July 1, 2019. Liabilities in this report were calculated as of the valuation date and rolled forward to the measurement date using standard actuarial roll-forward techniques.

The total OPEB liability was determined by an actuarial valuation as of July 1, 2019 using the following actuarial assumptions, applied to all periods included in the measurement, unless otherwise specified:

Inflation	2.50%
Salary Increases	3.00%
Investment Rate of Return	2.00%
	6.50% grading
	to 5.00% over 6
Health Care Trend Rates	years
Dental Trend Rates	4.00%

Mortality rates were based on the RP-2014 mortality tables with projected mortality improvements based on scale MP-2016, and other adjustments.

The actuarial assumptions used in the July 1, 2019 valuation were based on the results of an actuarial experience study for the period July 1, 2008 to June 30, 2014.

The long-term expected rate of return on OPEB plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of OPEB plan investment expense and inflation) are developed for each major asset class. These asset class estimates are combined to produce the portfolio long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage (or target allocation), if available) and by adding expected inflation (2.50%).

Best estimates of geometric real and nominal rates of return for each major asset class included in the OPEB plan's assets allocation as of the measurement date are summarized in the following table:

Asset Class	Long-Term Expected Real Rate of Return	Long-Term Expected Nominal Rate of Return	
Domestic Equity	0.00%	0.00%	
International Equity	0.00%	0.00%	
Fixed Income	99.00%	2.00%	
Real Estate and Alternatives	0.00%	0.00%	
Cash and Equivalents	1.00%	1.00%	
Net Assumed Investment Return (Weighted Avg. Rounded to 1/4%)	0.00%	2.00%	

NOTE 9 OTHER POSTEMPLOYMENT BENEFIT PLAN (CONTINUED)

D. Actuarial Methods and Assumptions (Continued)

For the year ended June 30, 2020, the annual money-weighted rate of return on investments, net of investment expense, was 2%. The money-weighted rate of return expresses investment performance, net of investment expense, adjusted for the changing amounts actually invested.

The discount rate used to measure the total OPEB liability was 2.40%. The projection of cash flows and OPEB trust assets used to determine the discount rate were based on recent employer contribution history and their stated funding policy. The OPEB trusts' long-term assumed investment return was used to discount projected benefit payments for as long as projected trust assets are available to fund OPEB payments. Once projected trust assets are exhausted, the municipal bond index rate was applied to the remaining expected benefit payments.

The expected employer asset return is based on the long-term expected return on short-term/cash equivalent assets using our capital market assumption model.

Since the most recent GASB 74/75 valuation, the following changes have been made:

- An early retirement incentive for teachers was added.
- The health care trend rates, mortality tables, and salary increase rates were updated.
- The discount rate was changed from 3.10% to 2.40%.

E. Changes in the Net OPEB Liability

NOTE 9 OTHER POSTEMPLOYMENT BENEFIT PLAN (CONTINUED)

E. Changes in the Net OPEB Liability (Continued)

The following presents the net OPEB liability of the District, as well as what the District's net OPEB liability would be if it were calculated using healthcare cost trend rates that are 1% point lower (Medical 5.50% decreased to 4.00%, Dental 3.00%) or 1% point higher (Medical 7.50% decreasing to 6.00%, Dental 5.00%) than the current healthcare cost trend rates:

		Healthcare Cost	
	1% Decrease (Medical	Current Trend Rates	1% Increase (Medical
	5.50% decreasing to	(Medical 6.50% decreasing	7.50% decreasing to
	4.00% over 6 years,	to 5.00% over 6 years,	6.00% over 6 years,
	Dental 3.00%)	Dental 4.00%)	Dental 5.00%)
Net OPEB Liability	\$ 3,774,250	\$ 4,619,564	\$ 5,633,883

For the year ended June 30, 2020, the District recognized OPEB expense of \$922,846. At June 30, 2020, the District reported deferred outflows of resources and deferred inflows of resources related to OPEB from the following sources:

	_	eferred utflows of	Deferred Inflows of			
Description	R	esources	R	esources		
Difference Between Expected and Actual Liability	\$	67,454	\$	486,728		
Change of Assumptions		60,754		231,942		
Net Difference Between Projected and						
Actual Investment Earnings		10,081				
Total	\$	138,289	\$	718,670		

Amounts reported as deferred outflows of resources and deferred inflows of resources related to OPEB will be recognized in OPEB expense as follows:

<u>Year Ending June 30,</u>	Future Recognition
2021	\$ (89,771)
2022	(93,202)
2023	(95,705)
2024	(96,256)
2025	(96,654)
Thereafter	(108,793)
	\$ (580,381)

NOTE 10 FLEXIBLE BENEFIT PLAN

The District has a flexible benefit plan which is classified as a "cafeteria plan" under Section 125 of the Internal Revenue Code. All employee groups of the District are eligible if and when the collective bargaining agreement or contract with their group allows eligibility. Eligible employees can elect to participate by contributing pre-tax dollars withheld from payroll checks to the plan for health care and dependent care benefits.

NOTE 10 FLEXIBLE BENEFIT PLAN (CONTINUED)

Before the beginning of the plan year, which is January 1 to December 31, each participant designates a total amount of pre-tax dollars to be contributed to the plan during the year. At June 30, the District is contingently liable for claims against the total amount of participants' annual contributions to the plan, whether or not such contributions have been made.

Payments of insurance premiums (health and dental) are made by the District directly to the designated insurance companies. These payments are made on a monthly basis and are accounted for in the General Fund.

Amounts withheld for medical reimbursement and dependent care are deposited into a separate District checking account on a monthly basis. All assets of the plan are held in a separate bank account, administered by an employee of the District. Payments are made by the District to participating employees upon submitting a request for reimbursement of eligible expenses incurred by the participant.

All plan property and income attributable to that property is solely the property of the District, subject to the claims of the District's general creditors. Participants' rights under the plan are equal to those of general creditors of the District in an amount equal to eligible health care and dependent care expenses incurred by the participants. The District believes that it is unlikely that it will use the assets to satisfy the claims of general creditors in the future.

NOTE 11 JOINTLY GOVERNED ORGANIZATION

The Carver-Scott Educational Cooperative (Organization) was established in 1976. The educational cooperative provides, by a cooperative effort, programming and services from prenatal care through adult education. The education cooperative has eight member districts. Each member district shares in the cost of the programming and other charges for services. The cooperative is able to recover the cost of its programming through the previously mentioned revenue sources. The jointly governed Organization's financial statements are audited and available for inspection.

NOTE 12 COMMITMENTS AND CONTINGENCIES

Federal and State Programs

Amounts received or receivable from federal and state agencies are subject to agency audit and adjustment. Any disallowed claims, including amounts already collected, may constitute a liability of the applicable fund. The amount, if any, of funds which may be disallowed by the agencies cannot be determined at this time although the District expects such amounts, if any, to be immaterial.

Outstanding Contracts

The District had construction commitments in the amount of \$125,160 as of the end of the year.

NOTE 13 DENTAL SELF-INSURANCE PLAN

The District maintains an Internal Service Fund to account for and finance a self-insurance program for dental benefits. Accordingly, the District has not purchased outside insurance for the risks of losses to which it is exposed. Instead, the District management believes it is more economical to manage its risks internally and set aside assets for claim settlement. The Internal Service Fund currently services all claims and risk of loss to which the District is exposed for dental expenses. Participants in the program make premium payments to the fund based on the insurance premium.

District liabilities are reported when it is probable that a loss has occurred and the amount of that loss can be reasonably estimated. Liabilities include an amount for claims that have been incurred but not reported. Because actual claim liabilities depend on such complex factors as inflation, changes in legal doctrines, and damage awards, the process used in computing a claim liability does not necessarily result in an exact amount. Claims liabilities are re-evaluated periodically to take into consideration recently settled claims, the frequency of claims, and other economic and social factors.

There were no liabilities in excess of claims paid at June 30, 2020. There is a possibility for loss if claims are in excess of the premiums collected. The District does not believe this occurrence would have a material financial effect on the District. The District held \$305,209 in cash and investments at June 30, 2020 for payment of claims.

Changes in the balance of claim liabilities during fiscal year 2020 and 2019 were as follows:

	 Year E	Ended	
	 2020		2019
Beginning of Fiscal Year Liability - Beginning of Year	\$ 11,412	\$	9,814
Current Year Claims, Changes in Estimates and Other Charges Current Year Claims Paid, Including an Estimate	386,667		434,330
of Claims Incurred but Not Reported (IBNR)	 (384,901)		(432,732)
End of Fiscal Year Liability - End of Year	\$ 13,178	\$	11,412

NOTE 14 RISK MANAGEMENT

The District is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters and workers compensation. The District is self-insured for employee related dental. The District is self-insured for property and casualty insurance through Minnesota Insurance Scholastic Trust.

There has been no significant reduction in insurance coverage from the previous year in any of the District's policies. Settled claims resulting from these risks have not exceeded insurance coverage in any of the past three fiscal years.

NOTE 15 SUBSEQUENT EVENTS

Subsequent to year-end the District sold General Obligation Aid Anticipation Certificates of Indebtedness, Series 2020A in the amount of \$7,000,000 at an interest rate of 1.25% and it set to mature on September 30, 2021.

NOTE 1 CHANGES IN SIGNIFICANT PENSION PLAN PROVISION, ACTUARIAL METHODS, AND ASSUMPTIONS

The following changes were reflected in the valuation performed on behalf of the Public Employees Retirement Association for the measurement period ended June 30:

2019

Changes in Actuarial Assumptions

• The mortality projection scale was changed from MP-2017 to MP-2018.

Changes in Plan Provisions

• The employer supplemental contributions was changed prospectively, decreasing from \$31.0 million to \$21.0 million per year. The State's special funding contribution was changed prospectively, requiring \$16.0 million due per year through 2031.

2018

Changes in Actuarial Assumptions

- The mortality projection scale was changed from MP-2015 to MP-2017.
- The assumed postretirement benefit increase was changed from 1.0% per year through 2044 and 2.50% per year thereafter to 1.25% per year.

Changes in Plan Provisions

- The augmentation adjustment in early retirement factors is eliminated over a five-year period starting July 1, 2019, resulting in actuarial equivalence after June 30, 2024.
- Interest credited on member contributions decreased from 4.0% to 3.0%, beginning July 1, 2018.
- Deferred augmentation was changed to 0.0%, effective January 1, 2019. Augmentation that has already accrued for deferred members will still apply.
- Contribution stabilizer provisions were repealed.
- Postretirement benefit increases were changed from 1.0% per year with a provision to increase to 2.5% upon attainment of 90.0% funding ration to 50.0% of the Social Security Cost of Living Adjustment, not less than 1.0% and not more than 1.50%, beginning January 1, 2019.
- For retirements on or after January 1, 2024, the first benefit increase is delayed until the retiree reaches normal retirement age; does not apply to Rule of 90 retirees, disability benefit recipients, or survivors.
- Actuarial equivalent factors were updated to reflect revised mortality and interest assumptions.

2017

Changes in Actuarial Assumptions

 The Combined Service Annuity (CSA) loads were changed from 0.8% for active members and 60% for vested and nonvested deferred members. The revised CSA loads are now 0.0% for active member liability, 15.0% for vested deferred member liability, and 3.0% for nonvested deferred member liability.

NOTE 1 CHANGES IN SIGNIFICANT PENSION PLAN PROVISION, ACTUARIAL METHODS, AND ASSUMPTIONS (CONTINUED)

2017 (Continued)

Changes in Plan Provisions

- The State's contribution for the Minneapolis Employees Retirement Fund equals \$16.0 million in 2017 and 2018, and \$6.0 million thereafter.
- The Employer Supplemental Contribution for the Minneapolis Employees Retirement Fund changed from \$21.0 million to \$31.0 million in calendar years 2019 to 2031. The state's contribution changed from \$16.0 million to \$6.0 million in calendar years 2019 to 2031.

2016

Changes in Actuarial Assumptions

- The assumed postretirement benefit increase rate was changed from 1.0% per year through 2035 and 2.5% per year thereafter to 1.0% per year for all future years.
- The assumed investment return was changed from 7.9% to 7.5%. The single discount rate was changed from 7.9% to 7.5%.
- Other assumptions were changed pursuant to the experience study dated June 30, 2015. The assumed future salary increases, payroll growth, and inflation were decreased by 0.25% to 3.25% for payroll growth and 2.50% for inflation.

Changes in Plan Provisions

There have been no changes since the prior valuation

2015

Changes in Actuarial Assumptions

 The assumed postretirement benefit increase rate was changed from 1.0% per year through 2030 and 2.5% per year thereafter to 1.0% per year through 2035 and 2.5% per year thereafter.

Changes in Plan Provisions

 On January 1, 2015, the Minneapolis Employees Retirement Fund was merged into the General employees Fund, which increased the total pension liability by \$1.1 billion and increased the fiduciary plan net position by \$892 million. Upon consolidation, state and employer contributions were revised; the State's contribution of \$6.0 million, which meets the special funding situation definition, was due September 2015.

NOTE 1 CHANGES IN SIGNIFICANT PENSION PLAN PROVISION, ACTUARIAL METHODS, AND ASSUMPTIONS (CONTINUED)

The following changes were reflected in the valuation performed on behalf of the Teachers Retirement Association for the measurement period ended June 30:

2019

Changes in Actuarial Assumptions

• There have been no changes since the prior valuation.

Changes in Plan Provisions

• There have been no changes since the prior valuation.

2018

Changes in Actuarial Assumptions

- The investment return assumption was changed from 8.5% to 7.5%.
- The price inflation assumption was lowered from 3.0% to 2.5%.
- The payroll growth assumption was lowered from 3.5% to 3.0%.
- The wage inflation assumption (above price inflation) was reduced from 0.75% to 0.35% for the next 10 years, and 0.75% thereafter.
- The total salary increase assumption was adjusted by the wage inflation change.
- The amortization date for the funding of the Unfunded Actuarial Accrual Liability (UAAL) was reset to June 30, 2048 (30 years).
- The mechanism in the law that provided the TRA Board with some authority to set contribution rates was eliminated.

Changes in Plan Provisions

- The COLA was reduced from 2.0% each January 1 to 1.0%, effective January 1, 2019. Beginning January 1, 2024, the COLA will increase 0.1% each year until reaching the ultimate rate of 1.5% in January 1, 2028.
- Beginning July 1, 2024, eligibility for the first COLA changes to normal retirement age (age 65 to 66 depending on date of birth). However, members who retire under Rule of 90 and members who are at least age 62 with 30 years of service credit are exempt.
- The COLA trigger provision, which would have increased the COLA to 2.5% if the funded ratio was at least 90% for two consecutive years, was eliminated.
- Augmentation in the early retirement reduction factors is phased out over a five-year period beginning July 1, 2019 and ending June 30, 2024 (this reduces early retirement benefits). Members who retire and are at least age 62 with 30 years of service are exempt.
- Augmentation on deferred benefits will be reduced to zero percent beginning July 1, 2019. Interest payable on refunds to members was reduced from 4.0% to 3.0%, effective July 1, 2018. Interest due on payments and purchases from members, employers is reduced from 8.5% to 7.5%, effective July 1, 2018.
- The employer contribution rate is increased each July 1 over the next four years, (7.92% in 2019, 8.13% in 2020, 8.55% in 2021, and 8.75% in 2022). In addition, the employee contribution rate will increase from 7.50% to 7.75% on July 1, 2023. The state provides funding for the higher employer contribution rate through an adjustment in the school aid formula.

NOTE 1 CHANGES IN SIGNIFICANT PENSION PLAN PROVISION, ACTUARIAL METHODS, AND ASSUMPTIONS (CONTINUED)

2017

Changes in Actuarial Assumptions

- The cost of living adjustment (COLA) was assumed to increase from 2.0% annually to 2.5% annually on July 1, 2045.
- Adjustments were made to the combined service annuity loads. The active load was reduced from 1.4% to 0.0%, the vested inactive load increased from 4.0% to 7.0%, and the nonvested inactive load increased from 4.0% to 9.0%.
- The investment return assumption was changed from 8.0% to 7.5%.
- The COLA was not assumed to increase to 2.5%, but remain at 2.0% for all future years.
- The price inflation assumption as lowered from 2.75% to 2.5%.
- The payroll growth assumption was lowered from 3.5% to 3.0%.
- The general wage growth assumption was lowered from 3.5% to 2.85% for 10 years followed by 3.25% thereafter.
- The salary increase assumption was adjusted to reflect the changes in the general wage growth assumption.

Changes in Plan Provisions

There have been no changes since the prior valuation.

2016

Changes in Actuarial Assumptions

- The cost of living adjustment was not assumed to increase (it remained at 2.0% for all future years).
- The price inflation assumption was lowered from 3.0% to 2.75%.
- The general wage growth and payroll growth assumptions were lowered from 3.75% to 3.5%.
- Minor changes at some durations for the merit scale of the salary increase assumption.
- The pre-retirement mortality assumption was changed to the RP-2014 white collar employee table, male rates set back six years, and female rates set back five years. Generational projection uses the MP-2015 scale.
- The post-retirement mortality assumption was changed to the RP-2014 white collar annuitant table, male rates set back three years and female rates set back three years, with further adjustments of the rates. Generational projection uses the MP-2015 scale.
- The post-disability mortality assumption was changed to the RP-2014 disabled retiree mortality table, without adjustments.
- Separate retirement assumptions for members hired before or after July 1, 1989 were created to better reflect each group's behavior in light of different requirements for retirement eligibility.
- Assumed termination rates were changed to be based solely on years of service in order to better fit the observed experience.
- A minor adjustment and simplification of the assumption regarding the election of optional forms of payment at retirement were made.

Changes in Plan Provisions

There have been no changes since the prior valuation.

NOTE 1 CHANGES IN SIGNIFICANT PENSION PLAN PROVISION, ACTUARIAL METHODS, AND ASSUMPTIONS (CONTINUED)

2015

Changes in Actuarial Assumptions

- The cost of living adjustment was assumed to increase from 2.0% annually to 2.5% annually on July 1, 2037.
- The investment return assumption was changed from 8.25% to 8.0%.

Changes in Plan Provisions

 The Duluth Teachers Retirement Fund Association was merged into TRA on June 30, 2015. This also resulted in a state-provided contribution stream of \$14.377 million until the System becomes fully funded.

2014

Changes in Actuarial Assumptions

 The cost of living adjustment was assumed to increase from 2.0% annually to 2.5% annually once the legally specified criteria was met. This was estimated to occur July 1, 2031.

Changes in Plan Provisions

 The increase in the post-retirement benefit adjustment (COLA) will be made once the System is 90% funded (on a market value basis) in two consecutive years, rather than just one year.

NOTE 2 CHANGES IN SIGNIFICANT OTHER POSTEMPLOYMENT BENEFIT PLAN PROVISION, ACTUARIAL METHODS, AND ASSUMPTIONS

2020

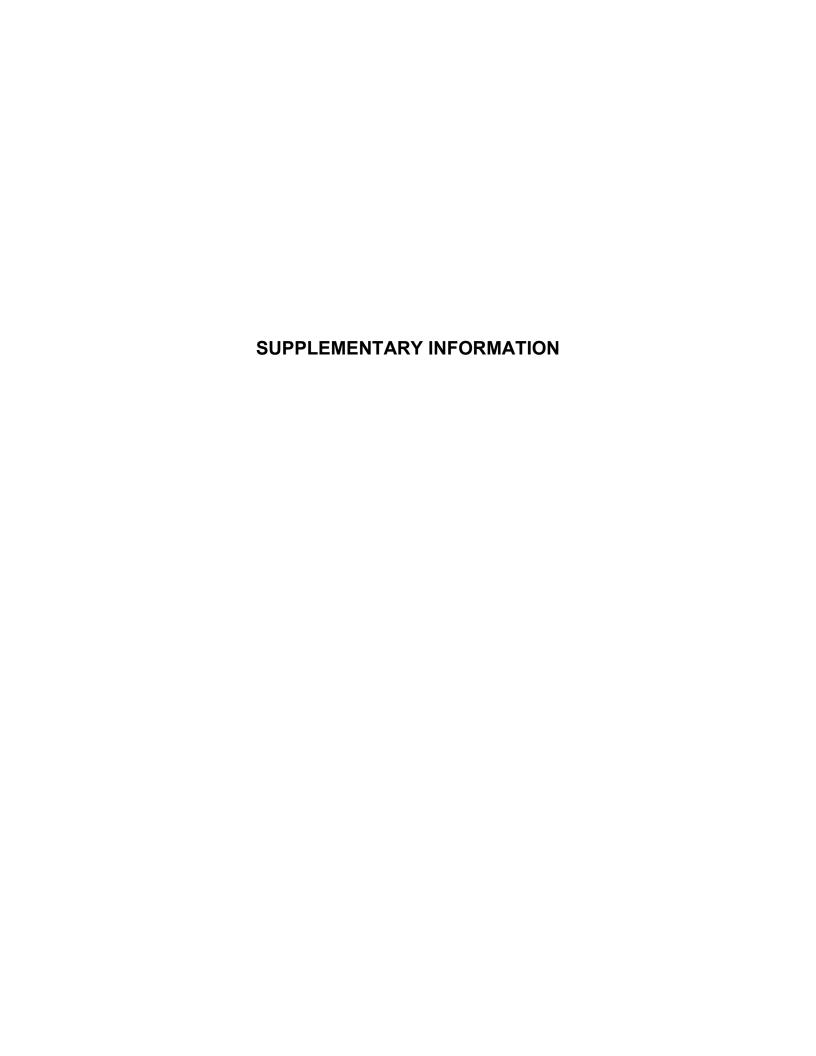

- An early retirement incentive for teachers were added.
- The health care trend rates, mortality tables, and salary increase rates were updated.
- The discount rate was changed from 3.1% to 2.4%.

2019

- The expected long-term investment return was changed from 2.50% to 2.00%.
- The discount rate was changed from 3.30% to 3.10%.

2018

- The health care trend rates were changed to better anticipate short term and long term medical increases.
- The mortality table was updated from RP-2014 White Collar Mortality Tables with MP-2015 Generational Improvement Scale to the RP-2014 White Collar Mortality Tables with MP-2016 Generational Improvement Scale.
- The expected long-term investment return was changed from 2.40% to 2.50%.
- The discount rate was changed from 3.20% to 3.30%.

This part of the comprehensive annual financial report presents detailed information as a context for understanding what the information in the financial statements, note disclosures, and required supplementary information says about the government's overall financial health.

Contents	Page
Financial Trends These schedules contain trend information to help the reader understand how the School District's financial information and well-being have changed over time.	94
Revenue Capacity These schedules contain information to help the reader assess the School District's most significant local revenue source, the property tax.	98
Debt Capacity These schedules present information to help the reader assess the affordability of the School District's current levels of outstanding debt and the School District's ability to issue additional debt in the future.	101
Demographic and Economic Information These schedules offer demographic and economic indicators to help the reader understand the environment within which the School District's financial activities take place.	106
Operating Information These schedules contain service and infrastructure data to help the reader understand how the information in the School District's financial report relates to the services the School District provides and the activities it performs.	108

WACONIA PUBLIC SCHOOLS INDEPENDENT SCHOOL DISTRICT NO. 110 LEGAL DEBT MARGIN INFORMATION LAST TEN FISCAL YEARS

Legal Debt Margin Calculation for Fiscal Year 2019

					Fiscal Year					
	2011	2012	2013	 2014	2015	2016	2017	 2018	2019	2020
Debt Limit	\$ 302,040,377	\$ 293,841,863	\$ 274,035,443	\$ 291,879,427	\$ 328,612,012	\$ 350,190,195	\$ 409,711,495	\$ 426,048,907	\$ 469,562,961	\$ 460,952,970
Total Debt Applicable to the Limit	55,710,000	 52,680,000	 50,725,000	 46,785,000	 114,875,000	 111,825,000	 124,265,000	 126,475,000	119,550,000	 114,755,000
Legal Debt Margin	\$ 246,330,377	\$ 241,161,863	\$ 223,310,443	\$ 245,094,427	\$ 213,737,012	\$ 238,365,195	\$ 285,446,495	\$ 299,573,907	\$ 350,012,961	\$ 346,197,970
Total Debt Applicable to the Limit as a % of Debt Limit	18.44%	17.93%	18.51%	16.03%	34.96%	31.93%	30.33%	29.69%	25.46%	24.90%

Note: Minnesota Statutes, Section 475.53, subdivision 4, presently limits the "net debt" of a school district to 15% of its actual market value. The actual market value of property within a district on which its debt limit is based, is (a) the value certified by the county auditors, or (b) this value divided by the ratio certified by the commissioner of revenue, whichever results in a higher value. The percentages listed above represent the percentage of the legal debt limit used. Anything over 100% would indicate that the district was exceeding the debt limit.

Acres						2	2	2	2	2

Note: Bayview Elementary School Capacity numbers prior to 2006 are estimates for the School portion of the building. Prior to 2006, the building was partially used for Community Education and other administrative functions. In addition, portions of the building were not available for student use due to their condition. In 2018 the District turned the middle school into a high school. The existing high school was then turned into a grades 6-8 from grades 5-8 middle school.
