Welcome to ECFE

Early Childhood Family Education (ECFE) is a District 110 Community Education program of Waconia Public Schools. All families with children ages birth to kindergarten are welcome. Our mission is to strengthen families through education and support of all parents as their child's first and most important teacher.

ECFE offers classes, special events and other programs designed to give parents information, resources and skills that support their child's growth and development. Most classes meet once a week for 1.5-2 hours at a time. Quality child-care is provided for siblings not enrolled in class.

A sliding fee scale is provided to help make classes affordable for all families. No one will be denied participation for inability to pay.

ECFE 0 - 24 months/Mixed Ages

Incredible Infants

Having a new baby is both exciting and challenging. This relaxing and informative class helps you to get off to a great start with your baby. You will meet with other parents to discuss common concerns such as adjusting to parenthood, sleep and feeding issues, calming techniques and infant development. **Parents and children will stay together the entire class.** You are welcome to join an infant class at any time during the session as space allows. Sibling care fee is \$15.00. Registration required. ECCE Room 114

Terrific Toddlers

A whole new world begins once your child becomes mobile--a toddling little bundle of energy just looking to touch, taste, and test out the world and you! Spend time enjoying music, movement, and lots of exploratory activities with your child. During the parent discussion, we'll share ideas for separation anxiety, setting limits, safety and other joys and concerns of parenthood. Parents will stay in the same room for the 6-12 month classes. Other toddler classes will gradually separate based on age and development of children. Join us for this special time with your busy toddler. Sibling care is available.

Parent-Only Classes

Next Steps - Elementary Age Parent Education

Raising school-age children can be awesome. Watching them try new activities, cheering them on at athletic events and applauding their accomplishments at recitals are usually some of the high points for most parents. However, achieving success is often preceded by frustration and sometimes learning to accept one's weaknesses as well as celebrating and building on strengths along the path of parenting.

This course offers an opportunity for parents of elementary age children who would like to enhance their parenting skills while participating in group discussions and learning parenting strategies through the guidance of a parent educator.

Parent Discussions will last for 1.5 hours. Discussions will center around topics such as Friendship & Belonging, Bullying, Independence, Organization & Responsibility. Childcare is available for younger siblings who are not in school, so that parents can focus on learning without distraction.

Raising Our Children, Raising Ourselves Book Study

Would you give up punishing or threatening if you knew how to ensure that your child would thrive and act responsibly without such painful measures? The book is full of real life stories, often leaving the reader moved to tears or laughter and relieved to discover that there is a kinder way. The SALVE communication formula has been praised for providing a hybrid of The Work of Byron Katie and Nonviolent Communication. It gives parents the tools to move beyond their initial unproductive reaction, to a response that is connecting and empowering to the child and to themselves.

Christine Pedretti, licensed parent educator, will lead group discussions on this intriguing book. *Copies of the book are available at Amazon.com.*

Some children need extra help to learn and grow. *Help Me Grow* is a Minnesota state initiative that connects children with developmental delays and disabilities and their families to free, local early intervention services.

If you have a concern about a child's development, you can refer the child through *Help Me Grow* for a free screening or evaluation. Services are free to eligible children ages birth-5, regardless of income or immigrant status.

Help Me Grow's website, helpmegrowmn.org, offers valuable information to help parents and caregivers understand a child's development. Resources include developmental milestones, strategies to encourage development and information about referrals. To refer a child, visit helpmegrowmn.org or call 866-693-GROW (4769).

Meet Lauren McQuillan, our new infant & toddler Parent Educator

Hello District 110 Families! My name is Lauren McQuillan, and I am the new Parent Educator here at the District 110 early childhood program. I started teaching in Anoka-Hennepin almost 15 years ago, and then shortly thereafter taught for several years here in Waconia.

During that time I married my awesome husband Ben, had a handsome boy who required heart surgery as an infant, then spunky twin girls just 22 months later. The District 110 early childhood program was a priceless resource to my family, and I can't wait to use my passion for this community in a new way. The early childhood staff here are dedicated and compassionate and I am grateful and eager to get started!

Circle of Parents

This class strengthens families experiencing stress through mutual self-help parent support. Please contact Sue at 952-442-0664 or sforster@isd110.org for more details.

Early Childhood Screening

Is your child 3 years old?

The early childhood years are an important time of rapid learning and growth. Early Childhood Screening is a FREE service offered by District 110 that will check a child's overall development and health. Children are screened by a licensed early childhood teacher and a school nurse. Results of the screening help identify any learning or health concerns that may require attention before a child enters kindergarten. **In Minnesota all children are required to complete Early Childhood Screening before kindergarten entrance, however, it is not a test for kindergarten.** The preferred age to screen is between the ages of 3 and 4 years old.

Early Childhood Screening includes:

- * A look at your child's development
- * Vision and hearing checks
- * Height and weight measurements
- * Immunization and health history review

Screenings take place at the Early Childhood Family Center, 520 Industrial Blvd. **Register online at www.waconiacommunityed.org.** Click on Community Ed, go to Programs and scroll down to Early Childhood Screening. Please call 952-442-0613 to receive more information.

8:00-2:30 pm Wed. Aug. 21	8:00-1:15 pm Fri. Nov. 1 Fri. Nov. 15 Fri. Dec. 6	

If your child has been screened by another school district, Early Childhood Special Education or Headstart, your child does not need to be screened again, but a summary copy must be on file with the current school district your child will be attending. Contact the ECS office at 952-442-0613 for information on how to have screening records forwarded to the school district.

Youth Wrestling

The Waconia Youth Wrestling program has been recognized as one of the top youth wrestling organizations in the State of Minnesota, and our overall K-12 program Waconia Wrestling Club has a rich tradition of developing kids into tremendous wrestlers and people of character through the sport. Our program is geared for kids at all levels – whether brand new or advanced/competitive. Our goal as a program is to help with each wrestler's individual development and to create a long-term passion for the sport.

The youth wrestling season is broken into two parts. The 1st season runs from mid-November through January 31st. The 2nd season is optional and goes from February until April 5th. Additional details for the 2nd season will be announced in January. Practices are tentatively scheduled to begin the week of November 11th and will be 2 times per week at either the Middle School or High School wrestling rooms. More information on practice times/dates/location will be shared in October. Included with your registration is a T-shirt, entry into the Waconia Youth Open tournament and various scrimmage opportunities with other clubs. A parent meeting to outline expectations, review the parent handbook and answer questions will be held on November 7th @ 6:00pm @ Waconia Middle School Cafeteria.

There will be an informational "Open House" and FREE Youth Wrestling Clinic for all PreK – 6th grade kids interested in signing up on September 23rd in the Waconia High School Main Gym at 7:00pm. This clinic is geared towards brand new wrestlers wishing to explore the sport, to meet returning wrestlers/parents across the program and to meet the coaches and ask questions. No sign-up is required for the clinic! Just come and join the fun! Check out our website at <http://www.waconiawrestling.com> to learn more about the timing/logistics/start dates of this event and full program information. For additional questions please contact Waconia Community Ed Coordinator, Jason Wadsley @ jwadsley@isd110.org, Youth Program Administrator, Jeff Katherman @ jdkatherman@gmail.com or Youth Head Coach, Rafael Torres @ rt58951us@yahoo.com.

F-162: Intermediate (recommended for 1st – 4th grade with approximately 2 years of wrestling experience). If you can find middle C and know the meaning of Every Good Boy Does Fine, you already know enough to enroll in this workshop. Fee includes an online book and online video instruction. Topics include: How chords work in a song; How to get more out of sheet music by reading less of it; How to form the three main types of chords; How to handle different keys and time signatures; How to avoid "counting" How to simplify over 12,000 complex chords

Mike Lynch Minnesota StarWatch Party!

You're invited to bring lawn chairs to make yourself comfy! Make the stars your old friends as we watch the great celestial show in the skies over the Waconia. We'll have giant telescopes aimed at Saturn, Jupiter, star clusters, galaxies, and other great celestial treasures. We'll also check out constellations like The Big Bear, Cygnus the Swan, Pegasus the Winged Horse, and some of their great stories behind them. Along with visual telescopes we'll have a telescope astronomical camera system to really see distant celestial targets on a video screen. You'll get a great handout package with user-friendly star maps and constellation charts, websites, a telescope-buying guide, and more! Mike Lynch has been a meteorologist and broadcaster at WCCO Radio for near nearly 40 years and has been hosting star watching and astronomy programs for well over 45 years. He also writes a weekly stargazing column for the St. Paul Pioneer Press and is the author of the book; "Stars, a Month by Month Tour of the Constellations" that'll be available for purchase. Glow in the dark star and constellation shirts will also be available for purchase. Waconia Area Gaming Society

48+ members strong in 2018-2019, come join the fun! Have you ever piloted a spaceship in a desperate battle to save humanity? Hunted orcs in the wild? Built a railroad empire? Visited the third moon of Zantos, or held the hot gates against the Persians with a small band of Spartans? We have! Join us for a monthly dose of fun, dice rolling, and adventure! The Waconia Area Gaming Society (WAGs) offers a once-a-month opportunity to do something different! We are a group of local board and strategy game fans who enjoy any excuse to break out our table-top, role-playing, and miniature games with friends old and new. Some of the games we have played in the past: Risk, Pathfinder, Firefly, Heroclix, Settlers of Catan, FUDGE, Battletech, Axis and Allies, Agricola, and Arkham. We meet the first Saturday of the month and usually decide a month ahead of time what we will play on game day. Due to the complexity of some of the games we may play, we ask that attendees be at least ten years old. Our only other requirements are that you abide by our three simple rules: 1) All attendees will bring a drink and snack to share. 2) The judge appointed for the game has the final say--no arguments. 3) Have fun! We hope that you will come and join us on our grand adventures through time, space, and... pizza! Caution: Getting involved in this group may cause you to laugh, smile and have a good time. Your spirits may be raised. You may make new friends. Please note, the Waconia Area Gaming Society is not responsible for spaceship crashes, goblin invasions, or outbreaks of Munchkinitis. No helmets necessary.

Bermuda Avenue Triangle - Trip

After an included buffet lunch at Day Trippers Dinner Theatre, it's time for Bermuda Avenue Triangle. Two middle-aged businesswomen who are good friends want to keep an eye on their aging mothers. So they move their mothers into a shared senior condo in Las Vegas. On a trip to the casino, the mothers are saved from a mugger by a charming gambler who is short on cash. They allow him to stay on the couch in their living room, and the results are such you'll laugh yourself silly. It's like Dean Martin meets LaVerne and Shirley.

I Am He Said - Trip

We'll begin with an included buffet lunch at the Coyote Moon Grille and then head for the St. Cloud Paramount Theatre for I Am He Said. "We are saying what HE said," laughs Matt Vee referring to the one and only Neil Diamond. Matt along with cousins Jeff and Tommy Vee, local music scene veterans and sons of the legendary Bobby Vee, join forces with their family and friends as the Killer Vees to celebrate the music from the timeless catalog. With songs like "Cracklin' Rosie," "Song Sung Blue," and "Sweet Caroline," Neil Diamond sold over 100 million records worldwide with music that became the soundtrack to one generation after another with hits spanning five decades. As a songwriter in the mid 60's, he penned songs recorded by everyone from Elvis Presley to Deep Purple and, of course, the Monkees' classic, "I'm A Believer." Tommy Vee states, "It is all about the vocals and Matt nails it." Joining The Killer Vees will be Matt's wife Julie Velline on vocals, veteran Minnesota musicians Mark Levandowski, Kurt Rodman, Boyd Lee, Dennis Kennedy and Dr. Frank Plachecki, as well as a very special surprise for the finale.

Five Presidents - Trip

This one looks really interesting! After lunch on your own at Maynard's, we're on our way to the Old Log Theater for Five Presidents. Former presidents Gerald Ford, Jimmy Carter, Ronald Reagan and George H.W. Bush joined the incumbent president, Bill Clinton at the 1994 funeral of former president Richard Nixon in Yorba Linda, California. It has been more than twenty years since the world's most exclusive "Presidents" club had lost a member through death. Five Presidents is an 85-minute imaging of what they might have chatted about while gathered prior to the services to begin. Maybe some soul searching among great men so rarely together, or would these leaders of the free world prefer banter, small talk, jokes or petty bickering? Author Rick Cleveland, who has written for the THE WEST WING and HOUSE OF CARDS, demonstrates that he can make government leaders engaging on stage as well.
