Kids' Company Childcare & The Verge

2021 Summer Kids' Company Do your kids ever complain they get bored in the summer? If so, Kids' Company may be your summer solution! The summer program is designed around the kids having fun through experiments, outside games, and cooking up all kinds of concoctions while not forgetting about reading. Each activity is geared to make sure each child no matter what age is having fun. Our summer site is at Southview Elementary. Some of the summer activities the kids will enjoy include fishing, tennis, local parks, nature walks and outdoor games. We will be able to get your child to camps located at Bayview, Southview & Lake Waconia. The summer program hours are 6:00 am to 6:15 pm. Care will be offered from June 14th --August 18th. The Summer virtual parent meeting will be June 10th at 7:00 pm. Children who are eligible are 3 years olds who are toilet trained through children that finished 4th grade. We will be having the Summer Verge student hangout for students who have finished 5th -6th grade for all day fun!

District 110 Early Childhood Family Education

Welcome to Dist. 110 ECFE

Early Childhood Family Education (ECFE) is a District 110 Community Education program of Waconia Public Schools. All families with children ages birth to kindergarten are welcome. Our mission is to strengthen families through education and support of all parents as their child's first and most important teacher.

ECFE offers classes, special events and other programs designed to give parents information, resources and skills that support their child's growth and development. Most classes meet once a week for 1.5-2 hours at a time.

A sliding fee scale is provided to make classes affordable for all families. No one will be denied participation for inability to pay.

ECFE 0 - 28 months

ECFE Registration-COVID-19 Procedures

Our spring registration will begin on Monday, March 15. Due to COVID-19 we may need to make changes to our offerings based on COVID-19 safety protocols for our school and community. Rest assured we will continue to offer high quality programs that take into account safety measures of health screens for staff and families as well as rigorous cleaning and sanitization. Class sizes have been reduced for safety measures. Register for classes at a \$0 fee and select the recurring fee level from the drop down menu to choose your payment amount. Payments will be processed the first week of class. Please be sure you have an up to date credit card on your account. You will receive a receipt when your card is charged. **Sibling Care** will not be offered due to safety measures, unless the sibling is a young infant and needs to be with the caregiver.

Incredible Infants

0-6 months - Virtual Parenting Education

Having a new baby is both exciting and challenging. This virtual class helps you to get off to a great start with your baby in the comfort of your own home. Our licensed parent educator will connect you with other parents in a virtual format called ZOOM. You can expect discussions about common concerns such as adjusting to parenthood, sleep and feeding issues, calming techniques and infant development. Guest specialists will join the ZOOM sessions and may include a public health nurse, a lactation consultant, a yoga instructor, infant massage therapist or a nutritionist. You are welcome to join an infant class at any time during the session as space allows. Registration required.

ECS01 0-6 months Thur. April 1-May 13 (No class April 15) 10:30-11:45 am \$18.00

6-12 months

Your baby is growing and changing, which takes different parenting strategies. This supportive and informative in person class helps you confidently parent your older infant. You will discuss common concerns such as safety now that the baby is moving, nutrition as solid foods are introduced, confident parenting, sleep patterns and much more. **Parents and children will stay together the entire class.** You are welcome to join an infant class at any time during the session as space allows. Registration required. ECFE Room 114 **Ages as of January 1, 2021**

ECWS02 6-12 months Wed. March 31-May 12 10:45-12:15 pm \$20.00

Terrific Toddlers

A whole new world begins once your child becomes mobile--a toddling little bundle of energy just looking to touch, taste, and test out the world and you! Spend time enjoying music, movement, and lots of exploratory activities with your child. During the parent discussion, we'll share ideas for separation anxiety, setting limits, safety, and other joys and concerns of parenthood. Toddler classes will gradually separate based on age and development of children. Join us for this special time with your busy toddler. **Class fees can be found on page 7.** Registration required. ECFE Room 114

ECFE 29 months - 5 years

Check out the next page for more class options!

A Typical ECFE Class includes:

- **Parent/Child Time** - Parents and children explore age-appropriate activities designed to enhance learning. Parents gain new ideas for things to do together at home with their children. This time includes a group "Circle Time" of songs and games.
 - **Parent Education** - Licensed parent educators provide resources and guide group discussions about child development, parenting techniques and current issues concerning today's families.
 - **Children's Classroom** - During parent discussion, children play in a stimulating and caring environment with licensed early childhood teachers. They enjoy music, stories, group games and creative play as they interact with other children their age.
- Registration Required. ECFE Room 108 **Ages as of January 1, 2021**

Coming Back for More

Are you returning to ECFE as a second, third or fourth time parent? This class is designed for parents with multiple-age children. Topics will focus on information and support to parent all of your children.

Face Covering

Staff are required to wear face coverings and/or shields when providing direct service. Caregivers are required to wear face coverings within the building. Children under the age of 5 are not required to wear a mask when attending class.

Tuition

Tuition reimbursements will not be given in the event that your child or family becomes ill or a class is required to enter distance learning for a short period of time. In-person classes will resume when it is safe. If our school is required to enter in distance learning for a period longer than two weeks, a prorated tuition reduction of 50% will be issued at the end of the session.

Registration begins Monday, March 15 8:30 am
Register online or use the ECFE registration form found on page 12.

ECFE Virtual Classes

Virtual Distant Learning ECFE Classes

Distant learning through Zoom is a unique way to enter the ECFE classroom without in-person interaction. In this class you will be provided a Zoom link to join the live class. As a virtual participant you will see what is happening in the class, while learning at home. Chat box and an audio microphone in the Zoom app will allow you to join in circle time and parent discussions. Video within the Zoom app provides a sense of connection to the group. Activity packets for the children, provided by your classroom teacher, will enrich your child's growth at home and keep you learning alongside the in-person class. This class is for you if you are looking for parent connection and fun learning activities/circle time for your child while at home. Teachers will be in touch with more specific details about the appropriate time to join in the class.

Class days and times could change depending on in person enrollments. Virtual class offered with a 50% reduction in tuition.

Help Me Grow MN

Some children need extra help to learn and grow. Help Me Grow is a Minnesota state initiative that connects children with developmental delays and disabilities and their families to free, local early intervention services.

If you have a concern about a child's development, you can refer the child through Help Me Grow for a free screening or evaluation. Services are free to eligible children ages birth-5, regardless of income or immigrant status.

Help Me Grow's website, helpmegrowmn.org, offers valuable information to help parents and caregivers understand a child's development. Resources include developmental milestones, strategies to encourage development and information about referrals. To refer a child, visit helpmegrowmn.org or call 866-693-GROW (4769).

Early Childhood Screening

Is your child 3 years old?

The early childhood years are an important time of rapid learning and growth. Early Childhood Screening is a **FREE** service offered by District 110 that will check a child's overall development and health. Children are screened by a licensed early childhood teacher and a school nurse. Results of the screening help identify any learning or health concerns that may require attention before a child enters kindergarten. **In Minnesota all children are required to complete Early Childhood Screening before kindergarten entrance, however, it is not a test for kindergarten.** The preferred age to screen is between the ages of 3 and 4 years old.

Early Childhood Screening includes:

- * A look at your child's development
- * Vision and hearing checks
- * Height and weight measurements
- * Immunization and health history review

Screenings take place at the Early Childhood Family Center, 520 Industrial Blvd. **Register online at www.waconiacommunityed.org.** Click on Community Ed, go to Programs and scroll down to Early Childhood Screening. Please call **952-442-0613** to receive more information.

Fridays 8:00-1:15 pm	Tuesday 12:00-5:00 pm	Thursdays 2:30-5:00 pm
March 26 April 9 April 23	May 18	March 25 April 22
May 7		May 6

If your child has been screened by another school district, Early Childhood Special Education or Headstart, your child does not need to be screened again, but a summary copy must be on file with the current school district your child will be attending. Contact the ECS office at 952-442-0613 for information on how to have screening records forwarded to the school district.

Is your family included on the School District Census?

Has there been a birth in your family? Have you recently moved into the area? Is there a new family in your neighborhood? District 110 wants all families to know about the programs and activities that are offered.

Being on the School District Census insures that you will automatically receive information about Early Childhood Screening, preschool and kindergarten.

To be added to the census, please call the School District Census Office at 952-442-0607.

HAS YOUR CHILD HAD IMMUNIZATIONS?

Minnesota law requires that all children attending District 110 Early Childhood classes have their immunizations up to date. Proof of immunization must be presented. If you need information on low cost or free immunizations for your child, call Carver County Public Health Services at 952-361-1329.

WEATHER EMERGENCY POLICY

When District 110 K-12 classes are cancelled due to inclement weather, all Early Childhood classes/events are also cancelled. If there is a late start, the 8:30 and 8:45 am classes will not be held, but the classes later in the day will be in session. District Weather Line 952-442-0640.

Early Childhood Preschool Program

Welcome to District 110 Waconia Wildcat Preschool

Waconia Community Education connects, empowers, and enriches lives through lifelong learning and service to our community. Early Childhood Education is a core component of Community Education where families and young children begin their relationship with Waconia Schools. We recognize that every student has unique needs. It is our goal to offer the best learning environment for your child. Academic and support specialists collaborate with classroom teachers to deliver classroom instruction. This collaboration is designed to support each child who comes through our door to reach his/her full potential.

Waconia Wildcat Preschool provides innovative classrooms where creativity and imagination flourish. Our inclusive program helps all children discover a joy of learning. Your child will be immersed in a stimulating environment that encourages physical, intellectual, and emotional development through play based investigation, purposeful questioning and exploration for deep learning and a seamless transition to kindergarten.

There are other preschool options available in Waconia, but our preschool is the only preschool that aligns with the Waconia School District curriculum and the overall K-12 system. We work closely with Early Childhood Special Education and kindergarten teachers to foster a successful transition from preschool to kindergarten. Call 952-442-0613 with questions or go to our website for more detailed information about each session.

Goals of District 110 Preschool

At ISD110, our mission is to allow students to explore their passions and create success. In early childhood we give children a high quality preschool experience in partnership with parents. We strive to educate, collaborate, challenge, empower and support families, nurture development and treat all with respect.

We believe:

- Parents are children's first and most important teachers
- Licensed teachers nurture and provide structure to support young learners and parents
- Research based curriculum embedded with standardized goals will provide learning to ensure kindergarten readiness
- Classroom environments should be carefully designed to support developmentally appropriate exploration for preschool children
- Play opens the world of learning for the preschool child

We are a Pyramid Model School

Pyramid model is a social and emotional framework incorporated into the curriculum to ensure high quality classrooms for all students. Teachers are supported to implement this framework through the Minnesota Centers of Excellence. Children will benefit from this program through learning life long skills such as: friendship, self regulation, problem solving and learning about emotions.

Waconia Wildcat Preschool earned a Four Star Parent Aware Rating. Parent Aware Star Ratings help parents find programs that go above and beyond to prepare children for school and life.

Preschool Registration

Calling all cubs who want to be a wildcat!

Waconia Wildcat Preschool offers 2, 3, 4 and 5 day a week class options for children who are ages 3-5 years of age as of Sept. 1. Registration for **NEW** families begin online Wednesday, March 17. **CURRENT** families who will be returning for another year of preschool can register online Mon. March 1 - Fri. March 12. District 110 Early Childhood Family Education

Welcome to Dist. 110 ECFE

Early Childhood Family Education (ECFE) is a District 110 Community Education program of Waconia Public Schools. All families with children ages birth to kindergarten are welcome. Our mission is to strengthen families through education and support of all parents as their child's first and most important teacher.

ECFE offers classes, special events and other programs designed to give parents information, resources and skills that support their child's growth and development. Most classes meet once a week for 1.5-2 hours at a time.

A sliding fee scale is provided to make classes affordable for all families. No one will be denied participation for inability to pay.

ECFE 0 - 28 months

ECFE Registration-COVID-19 Procedures

Our spring registration will begin on Monday, March 15. Due to COVID-19 we may need to make changes to our offerings based on COVID-19 safety protocols for our school and community. Rest assured we will continue to offer high quality programs that take into account safety measures of health screens for staff and families as well as rigorous cleaning and sanitization. Class sizes have been reduced for safety measures. Register for classes at a \$0 fee and select the recurring fee level from the drop down menu to choose your payment amount. Payments will be processed the first week of class. Please be sure you have an up to date credit card on your account. You will receive a receipt when your card is charged. **Sibling Care** will not be offered due to safety measures, unless the sibling is a young infant and needs to be with the caregiver.

Incredible Infants

0-6 months - Virtual Parenting Education

Having a new baby is both exciting and challenging. This virtual class helps you to get off to a great start with your baby in the comfort of your own home. Our licensed parent educator will connect you with other parents in a virtual format called ZOOM. You can expect discussions about common concerns such as adjusting to parenthood, sleep and feeding issues, calming techniques and infant development. Guest specialists will join the ZOOM sessions and may include a public health nurse, a lactation consultant, a yoga instructor, infant massage therapist or a nutritionist. You are welcome to join an infant class at any time during the session as space allows. Registration required.

ECS01 0-6 months Thur. April 1-May 13 (No class April 15) 10:30-11:45 am \$18.00

6-12 months

Your baby is growing and changing, which takes different parenting strategies. This supportive and informative in person class helps you confidently parent your older infant. You will discuss common concerns such as safety now that the baby is moving, nutrition as solid foods are introduced, confident parenting, sleep patterns and much more. **Parents and children will stay together the entire class.** You are welcome to join an infant class at any time during the session as space allows. Registration required. ECFE Room 114 **Ages as of January 1, 2021**

ECWS02 6-12 months Wed. March 31-May 12 10:45-12:15 pm \$20.00

Terrific Toddlers

A whole new world begins once your child becomes mobile--a toddling little bundle of energy just looking to touch, taste, and test out the world and you! Spend time enjoying music, movement, and lots of exploratory activities with your child. During the parent discussion, we'll share ideas for separation anxiety, setting limits, safety, and other joys and concerns of parenthood. Toddler classes will gradually separate based on age and development of children. Join us for this special time with your busy toddler. **Class fees can be found on page 7.** Registration required. ECFE Room 114

ECFE 29 months - 5 years

Check out the next page for more class options!

A Typical ECFE Class includes:

- **Parent/Child Time** - Parents and children explore age-appropriate activities designed to enhance learning. Parents gain new ideas for things to do together at home with their children. This time includes a group "Circle Time" of songs and games.
 - **Parent Education** - Licensed parent educators provide resources and guide group discussions about child development, parenting techniques and current issues concerning today's families.
 - **Children's Classroom** - During parent discussion, children play in a stimulating and caring environment with licensed early childhood teachers. They enjoy music, stories, group games and creative play as they interact with other children their age.
- Registration Required. ECFE Room 108 **Ages as of January 1, 2021**

Coming Back for More

Are you returning to ECFE as a second, third or fourth time parent? This class is designed for parents with multiple-age children. Topics will focus on information and support to parent all of your children.

Face Covering

Staff are required to wear face coverings and/or shields when providing direct service. Caregivers are required to wear face coverings within the building. Children under the age of 5 are not required to wear a mask when attending class.

Tuition

Tuition reimbursements will not be given in the event that your child or family becomes ill or a class is required to enter distance learning for a short period of time. In-person classes will resume when it is safe. If our school is required to enter in distance learning for a period longer than two weeks, a prorated tuition reduction of 50% will be issued at the end of the session.

Registration begins Monday, March 15 8:30 am
Register online or use the ECFE registration form found on page 12.

ECFE Virtual Classes

Virtual Distant Learning ECFE Classes

Distant learning through Zoom is a unique way to enter the ECFE classroom without in-person interaction. In this class you will be provided a Zoom link to join the live class. As a virtual participant you will see what is happening in the class, while learning at home. Chat box and an audio microphone in the Zoom app will allow you to join in circle time and parent discussions. Video within the Zoom app provides a sense of connection to the group. Activity packets for the children, provided by your classroom teacher, will enrich your child's growth at home and keep you learning alongside the in-person class. This class is for you if you are looking for parent connection and fun learning activities/circle time for your child while at home. Teachers will be in touch with more specific details about the appropriate time to join in the class.

Class days and times could change depending on in person enrollments. Virtual class offered with a 50% reduction in tuition.

Help Me Grow MN

Some children need extra help to learn and grow. Help Me Grow is a Minnesota state initiative that connects children with developmental delays and disabilities and their families to free, local early intervention services.

If you have a concern about a child's development, you can refer the child through Help Me Grow for a free screening or evaluation. Services are free to eligible children ages birth-5, regardless of income or immigrant status.

Help Me Grow's website, helpmegrowmn.org, offers valuable information to help parents and caregivers understand a child's development. Resources include developmental milestones, strategies to encourage development and information about referrals. To refer a child, visit helpmegrowmn.org or call 866-693-GROW (4769).

Is your child on track?

Early Childhood Screening

Is your child 3 years old?

The early childhood years are an important time of rapid learning and growth. Early Childhood Screening is a **FREE** service offered by District 110 that will check a child's overall development and health. Children are screened by a licensed early childhood teacher and a school nurse. Results of the screening help identify any learning or health concerns that may require attention before a child enters kindergarten. **In Minnesota all children are required to complete Early Childhood Screening before kindergarten entrance, however, it is not a test for kindergarten.** The preferred age to screen is between the ages of 3 and 4 years old.

Early Childhood Screening includes:

- * A look at your child's development
- * Vision and hearing checks
- * Height and weight measurements
- * Immunization and health history review

Screenings take place at the Early Childhood Family Center, 520 Industrial Blvd. **Register online at www.waconiacommunityed.org.** Click on Community Ed, go to Programs and scroll down to Early Childhood Screening. Please call **952-442-0613** to receive more information.

March 26 April 9 April 23	May 18	March 25 April 22
May 7		May 6

If your child has been screened by another school district, Early Childhood Special Education or Headstart, your child does not need to be screened again, but a summary copy must be on file with the current school district your child will be attending. Contact the ECS office at 952-442-0613 for information on how to have screening records forwarded to the school district.

Is your family included on the School District Census?

Has there been a birth in your family? Have you recently moved into the area? Is there a new family in your neighborhood? District 110 wants all families to know about the programs and activities that are offered.

Being on the School District Census insures that you will automatically receive information about Early Childhood Screening, preschool and kindergarten.

To be added to the census, please call the School District Census Office at 952-442-0607.

HAS YOUR CHILD HAD IMMUNIZATIONS?

Minnesota law requires that all children attending District 110 Early Childhood classes have their immunizations up to date. Proof of immunization must be presented. If you need information on low cost or free immunizations for your child, call Carver County Public Health Services at 952-361-1329.

Early Childhood Preschool Program

Welcome to District 110 Waconia Wildcat Preschool

Waconia Community Education connects, empowers, and enriches lives through lifelong learning and service to our community. Early Childhood Education is a core component of Community Education where families and young children begin their relationship with Waconia Schools. We recognize that every student has unique needs. It is our goal to offer the best learning environment for your child. Academic and support specialists collaborate with classroom teachers to deliver classroom instruction. This collaboration is designed to support each child who comes through our door to reach his/her full potential.

Waconia Wildcat Preschool provides innovative classrooms where creativity and imagination flourish. Our inclusive program helps all children discover a joy of learning. Your child will be immersed in a stimulating environment that encourages physical, intellectual, and emotional development through play based investigation, purposeful questioning and exploration for deep learning and a seamless transition to kindergarten.

There are other preschool options available in Waconia, but our preschool is the only preschool that aligns with the Waconia School District curriculum and the overall K-12 system. We work closely with Early Childhood Special Education and kindergarten teachers to foster a successful transition from preschool to kindergarten. Call 952-442-0613 with questions or go to our website for more detailed information about each session.

Goals of District 110 Preschool

At ISD110, our mission is to allow students to explore their passions and create success. In early childhood we give children a high quality preschool experience in partnership with parents. We strive to educate, collaborate, challenge, empower and support families, nurture development and treat all with respect.

We believe:

- Parents are children's first and most important teachers
- Licensed teachers nurture and provide structure to support young learners and parents
- Research based curriculum embedded with standardized goals will provide learning to ensure kindergarten readiness
- Classroom environments should be carefully designed to support developmentally appropriate exploration for preschool children
- Play opens the world of learning for the preschool child

We are a Pyramid Model School

Pyramid model is a social and emotional framework incorporated into the curriculum to ensure high quality classrooms for all students. Teachers are supported to implement this framework through the Minnesota Centers of Excellence. Children will benefit from this program through learning life long skills such as: friendship, self regulation, problem solving and learning about emotions.

Waconia Wildcat Preschool earned a Four Star Parent Aware Rating. Parent Aware Star Ratings help parents find programs that go above and beyond to prepare children for school and life.

Classroom Instruction Only: \$110 (paid in full at time of registration)

Behind the Wheel Fee: \$348 (full or half payment due at the time of registration)

Combo Fee: \$418, Save \$40

The combo fee is for only people that have taken the summer classroom class. If participants register for both the classroom and the behind the wheel portion at the same time you can save \$40.

Drivers Education Behind the Wheel

Drivers Education Behind the Wheel Drivers Education: Behind the Wheel Participants who have successfully completed classroom training sessions and have been issued a permit, are eligible for 6 hours of behind the wheel training. To register for behind the wheel training, the registration form should be submitted, in person, along with payment and the letter verifying completion of the 30 hours of classroom instruction to the CE office. The blue card will then be issued. Students need this card in order to complete a computerized permit test at the DMV. The date of their 16th birthday, along with the date of registration, will determine their priority on the waiting list. Please do not schedule your driver's test before you start your 6 hours of Behind the Wheel. If you are in an after school activity, please be aware that this limits your scheduling availability with the instructors. Fee: \$348 Fee Payment Options: 1. The entire fee paid at the time of registration. 2. \$174 at the time of registration and \$174 prior to your last behind the wheel lesson.

*Please note that at this time Community Education is extremely backed up with our Behind the Wheel driving hours with students due to COVID-19. We can accept your registration and give you a blue card so your child can get his/her permit. However, we do want to make families aware before they sign up with us, that Community Education WILL NOT be able to guarantee that your child will have their 6 hours of Behind the Wheel training done by their 16th birthday. It will take us at least 9 - 12 months to catch up. There is a \$45 cancellation fee if you choose to get a blue card from us and then decide down the road to cancel your registration with us.

Code Championship Tournament | Virtual Computer Coding Competition

Students can register for any 1, 2, 3, or 4 tournaments, each one will be a little different! Build a computer bot to play head-to-head against other coders! Players will be broken into pools based on age for competitive and fair play. Whether this is your first Code Championship event, or if you've been competing for years, this is the perfect way to explore the competitive coding world of Code Championship. No previous coding experience necessary. This event will be hosted online using Google Meet and the Code Championship website. If you have a modern browser like Chrome or Firefox, no additional download is required. Please come knowing how to navigate the internet (basic typing and mouse control). The link to the Google Meet event will be emailed two days before the tournament. Promotional Videos/Pictures: <https://www.codechampionship.com/gallery/>

Chess Club with Pat LaVone

Whether you have never played chess and want to learn the basics or if you have played some and want to improve your skills, Waconia Chess Club is a fun, learning experience. Research shows that kids who play chess often see increases in scholastic performance, especially in math and reading, and benefit from increases in concentration, problem solving skills and more. Best of all, kids love it! Students will learn: value of pieces, the difference between check, check mate, and stalemate; basic checkmate patterns, opening principles and general strategic concepts. There will be instruction given, but also open play time where kids can try out their own strategies - plus a tournament with medals. Chess sets will be provided; kids do not need to bring their own. Pat LaVone has been teaching chess for more than 2 decades, including 15 in Waconia, was voted SCA chess coach of the year, was former President of the Chess Club of Minnesota and the West Suburban Chess Club and coached Breck and Eden Prairie High School to the Minnesota State Scholastic Championship.

Eureka Engineering

Eureka introduces students to the core skills of robotics and other STEM areas through engaging, hands-on learning opportunities. Student groups will work with Lego Mindstorm kits, which include both programming and mechanical components. The small groups will be mentored by experienced and passionate instructors. A snack will be provided and parents are welcome to watch their child's robotic creations come to life in exciting and competitive challenges. For those interested in getting involved in FIRST Robotics, Eureka serves as a marvelous transition into a FIRST Lego League team!

Tech Tac Toe Technological literacy is becoming as important as knowing how to read and write. At Tech Tac Toe it is our mission to spread this knowledge through high-quality, kid-friendly classes that motivate and get young minds excited about technology, computers and science. Our classes are designed to engage children multiple ways: from conceptualization to design, ultimately building life-skills such as problem solving, logic, and creativity. Programs are presented in a kid-friendly way and tailored to their abilities. We make great use of video game programming and other fun computer-based programs, as this allows children to learn the way they learn best: playing!

The AMAZING stem RACE

Pack your bags and get ready to explore the world as you and your team race to solve fun STEM challenges inspired by different countries' landmarks and engineering marvels. Reach the next Pit Stop as you solve fun problems, then receive the clue for the next challenge in a "different country." Which team will finish each leg first, and most importantly, which team will win in the final leg and cross the finish line first to win the "grand prize"? Join us to find out! Youth Enrichment

Tech Academy of Minnesota provides research-proven technology and summer STEM day camps for kids and teens ages 4-15. We believe learning should be fun, innovative, challenging and hands-on. We host over 300 camps annually throughout Minnesota and Wisconsin. We offer 30 different classes/camps in Minecraft, Video Game Design, Programming, Engineering, Robotics, Computers and Film Making.

Java Minecraft Modding

In this camp, we will be creating custom armor, items, and blocks. Learn to mod Minecraft using Java and the Forge API and customize your gaming experience. Students will be introduced to coding concepts and learn how to use MCreator. Students should be comfortable with keyboarding and, of course, playing Minecraft! At the end of the class, take home your Mods to share with family and friends.

Beginning Golf Camp Skyhawks

Skyhawks Golf focuses on building the confidence of young athletes by teaching proper technique to refine essential skills of the game. Golf is a challenging and lifelong sport, so young athletes need proper focus on the fundamentals of form, swinging, putting, and body positioning. To assist in this training, Skyhawks has adopted the SNAG (Starting New At Golf) system to its curriculum. SNAG utilizes a set of equipment designed for beginning golfers, including oversized plastic club heads and "mini tennis balls" to help build confidence and to have fun. Developed by PGA professionals, SNAG is specifically designed for the entry-level player; SNAG simplifies instruction so that young players can make an easy and effective transition onto the golf course. No need to bring your own clubs--all equipment is provided.

Our tennis programs focus on skill refinement as well as practice and match play to develop consistent, well-rounded tennis players. Each player is given personal attention and taught through repetition in an enjoyable, lively atmosphere. Skyhawks tennis breaks down the fundamental skills of tennis through easily understood games and exercises to help improve the athlete's overall coordination and technique. Players learn proper grips, footwork, strokes, volleys and serves during a series of drills designed to teach skills in a fun and dynamic way. In addition to developing a love for tennis, athletes will learn the rules and etiquette that make tennis such an exciting game to play.

Kevin Lynch Basketball Camp

This camp is run by former NBA and Gopher basketball player Kevin Lynch who has been organizing and running summer basketball camps for over 20 years! Kevin's goal in running a great camp is simple: learn, and have a lot of fun! All skills will be focused upon, including shooting/ shooting mechanics, ball handling, passing, rebounding, one on one moves, position specific skills, free throws, shot fakes, amongst others. Also, he'll be teaching basic team instruction such as defense, pick n' roll and give n' go. Every camper will be placed on a team, and 5 on 5 games will be played on a daily basis – which allows each player to work on the skills that are being taught. Kevin runs an organized, competitive and challenging camp. And remember - the skills that he learned going to summer basketball camps as a kid, helped him get to the highest level of basketball in the world. So come join the FUN! Please bring a bag lunch and snack with you each day.

Carlson Tennis Spring Lessons

Our mission with Junior Tennis is to provide a tennis pathway for kids from learning how to play to applying it in match play. Our Stars Program is for both beginner and those that have played. Please contact Dan Carlson with any questions dan@carlsontennis.com or check out their website at carlsontennis.com for more details.

Tennis Little Stars (Ages 4-6)

This class is for our youngest players. We emphasize agility, balance, and coordination. Movement and tracking skills will give the kids the ability to properly handle a racquet and ball. We feel that this foundation will be instrumental in their long term success playing tennis. FUN and SUCCESS is our goal!

Youth Fishing Night on Lake Waconia

Prepare your fishing pole and join us on Lake Waconia! You'll learn to bait your hook, cast your line and have lots of fun catchin' fish with your friends! We will explore different baits and techniques to help us catch fish. For the new and the experienced anglers... Even if you're already familiar with fishing, take it to the next step and see who can land the biggest fish between you and your friends. We'll meet down at the Cedar Pointe Park Dock on Lake Waconia (near the tennis courts). All fishing will be from the safety of the dock and all fish will be released back into the lake. Bait will be provided, however, you must bring your own age appropriate rod and reel, and bobber. Parents are welcome to stay and assist their child but it is not necessary. Space is limited on the pier, so casting room is appreciated!

MN Sword Play - Fencing

Whatever you are looking for in the sport of fencing there is something for everyone! Fencing is a vigorous sport that develops stamina, quick reactions, speed, accuracy of movement and excellent coordination. More than a game fencing requires a mental attitude of self-discipline involving total manipulation of mind and body in perfect harmony. It utilizes natural body movement to create simple and effective self-protection techniques with the sword. All participants are encouraged to have fun no matter what their ability. Attacking, defense, timing and intense tactics are all integrated into this beginning class. Whether you're fencing for a good work out, or gaining points for the Olympics, fencing is fun for the whole family. We provide everything needed to fence (mask, jacket, glove, and weapon). Fencers need only to come dressed comfortably (for freedom of movement) including long sweat pants and running shoes. Check us out here: minnesotaswordplay.com

The Art of De-Aging: Peel Years Off Your Biological Age

Your chronological age is the number of years you have been alive. It is a fixed number and cannot be changed. Your biological or body age, however, is measured by how well all of your organs and body systems work. And there are many things you can do to affect your biological age. You have more control over how your body ages than you may think. Research has shown us that you can peel years off your bio age. In this workshop, you will learn simple, scientifically proven things you can do right now to decrease your body age. Also, you will learn facial acupressure points to help erase years from your face naturally by increasing muscle tone, decreasing puffiness and eye bag. Reduce lines and prevent new lines from forming. Help yourself look better, feel younger and age with health and vigor.

Posture & Osteoporosis Workshop: Building Better Bones

Have you ever caught sight of your reflection in a window or mirror to see that your head leads the way? Or noticed that your shoulders and upper back are too rounded forward? You'll learn simple techniques to improve posture and stand straighter. We'll do exercises to help flatten the upper back, un-round shoulders and flatten your midsection. We'll talk about how to reduce the risk of osteoporosis and related injuries and how to re-gain bone mass. We'll discuss the latest research findings on nutrition and talk about the importance of minerals and trace minerals for bone health; foods that help and/or harm your bones and more. Wear loose, comfortable clothing.

Vitamins & Herbs: Facts & Fallacies

Confusion abounds about vitamin supplements. Do you need them? Which ones are best? How do you choose? In this workshop, you will learn the 7 guidelines that determine if a supplement is well balanced or a waste of money. (The instructor DOES NOT sell any supplements). Also, we'll discuss what current research says about: antioxidants, phytochemicals, anti-aging nutrients, colloidal minerals, chelated minerals, sustained release formulas, and herbal preparations such as Glucosamine Chondroitin, Melatonin, St. John's Wort, Ginkgo, Ginseng, Echinacea, & DHEA.

Acupressure to Assist Weight Loss

Acupressure is a Chinese healing technique that involves pressing or massaging key points on the body to stimulate energy flow through pathways called meridians. When the points that regulate metabolism, digestion and thyroid function are blocked or out of balance, losing weight will seem like an impossible task. In this workshop, you will learn the main pressure points that help strengthen thyroid function, boost metabolism, control appetite, decrease food cravings, reduce stress eating and strengthen the entire digestive system.

Women, Weight & Hormones

Is fat collecting around your mid-section and no matter how well you watch what you eat or how much you exercise that weight is not budging? If this is your story, your inability to lose weight probably has more to do with your hormone levels than anything else. Until you discover and correct any imbalances, trying to lose weight will be like shoveling sand against the tide. You will learn key strategies for fighting fat and losing weight including: concrete solutions (not tricks, not using your will power) for controlling appetite and cravings; boosters to keep your metabolism burning brightly; how to tell if your thyroid is creating weight problems and what to do about it; hormone mimicking chemicals; what HRT or birth control pills have to do with weight gain; hormone levels checked reliably; steps needed to safely break the vicious cycle of hormone related weight gain to help your body begin to lose weight again.

Thyroid Information You Need to Know

If you currently take thyroid medication but are still gaining weight and still have a variety of symptoms, there's more you need to know. Fatigue, weight gain, depression, anxiety, rising cholesterol levels, inability to focus, thinning hair, digestive problems, abnormal blood pressure, reduced sex drive, and heart palpitations are only some of the symptoms. In this workshop, we'll discuss: how thyroid function can make any illness worse; the 5 things that need to be measured, but usually aren't; why the #1 thyroid replacement may not be helping you; connection between thyroid, fibromyalgia and arthritis; foods that help or hinder; commonly misunderstood rules of how and when to take thyroid meds; environmental triggers and info you need to discuss with your doctor. This workshop is a source of information only and should by no means be considered a substitute for the advice of a qualified medical professional.

Avoid the Pitfalls (and Weight Gain) of Perimenopause & Menopause

Perimenopause starts around the age of 35 for most women and can last 10-15 years. Common symptoms include fatigue, migraines, weight gain, water retention, depression, sleep disturbances, joint aches, hot flashes, anger flashes, migraines, fibroids, exaggerated PMS and more. Once you understand exactly what is causing all the troublesome symptoms, they are much easier to correct. We'll discuss how to get hormone levels measured - blood test vs. saliva test and what to do with the results; traditional HRT vs. bio-identical; acupuncture points to assist in symptom relief and nutritional musts. You'll leave with multiple tools and techniques for restoring health and well-being.

For Your Information

Is your family included on the School District Census?

Has there been a birth in your family? Have you recently moved into your neighborhood? Is there a new family in your neighborhood? District 110 wants all families to know about the programs and activities it has to offer. Being on the School District Census insures that you will automatically receive information about Early Childhood Screening, Preschool, Kindergarten and all of the opportunities offered by Community Education. To be added to the census, please call the School District Census office at 952-442-0607. Thank you
