

ISD ONE10 Summer Safe School Plan 2021 Starting June 4, 2021

ISD ONE10 will continue to follow and monitor the ever changing guidelines and requirements from MDE, MDH, the Governor, the State and CCPH. As of today here is the plan for the summer of 2021 for our ONE10 buildings and what it means for staff, students, and guests.

As of June 4, 2021, ISD ONE10 will be using our local authority to implement a safe school plan.

- Starting Friday, June 4, 2021, masks will no longer be required inside or outside ONE10 facilities. Masks will continue to be recommended for employees, students and members of the public that are not yet fully vaccinated. Masks will be allowed and encouraged for those that wish to continue wearing them, yet not required at our ONE10 facilities.
- Social distancing is still recommended yet not required for the summer of 2021 at ONE10.
- Although we are reducing the safety mitigations for masks and social distancing, we are still encouraging the following:
 - Health screening protocols will continue. Monitor and look for COVID-19 symptoms. Anyone with symptoms or feeling ill is asked to stay home.
 - Report any COVID-19 symptoms and/or positive cases immediately....
 - Employees report to your supervisor. If your supervisor is not available, please contact the front office of your school building.
 - Students and families please report this information to the front office of your school building.
 - Continue to maintain seating charts and students in small common groups to help with contact tracing.
 - Contact tracing and quarantining will still continue as needed.
 - Those not vaccinated are encouraged to wear masks.
 - Masks are allowed and encouraged for those that wish to wear them.
 - Continue with routine cleaning and disinfecting

This is the plan as of today, 5/28/21, ONE10 will continue to carefully monitor area COVID-19 data and trends. If requirements change we will update our plan and communicate as needed. Knowing that we will be mask free is exciting for ONE10, yet we want to continue to be respectful to ensure the safest environment we can following our guidance from the MN Department of Health.

Stay safe. Be well.

WE Are ONE10!

Pat Devine, Superintendent

ISD ONE10
