

Waconia High School Educational Materials Pick Up Plan

Some teachers have identified instructional materials for their courses that are essential, and for these courses, we have set up times for students to come to the high school and pick them up. **Please note that this will not involve every student.** The schedule for pick-up is:

Monday, March 23, 2:00 - 6:00 pm
Tuesday, March 24, 9:00 - 12:00 noon

Students will enter the Commons, look for signs that indicate the teacher's department (i.e. Social Studies), find the teacher's name on a table and pick up your packet, book, or other teaching materials.

We expect that students will:

- Enter the building, quickly find their materials, and exit immediately.
- Maintain a six-foot social distance at all times from other students
- Wait outside if it appears there are more than 25-30 students already in the Commons
- Be patient and courteous, if you need to wait, it shouldn't be more than a couple of minutes
- If possible, sanitize your hands before entering and after leaving the building

Once again, not all students will need to pick up materials. Please look at the following list to see if any of your third-trimester courses are included, along with what you'll be able to pick up. You can expect to get a follow-up email from your classroom teacher if they have material you'll need.

If you have questions you can reach out to Mr. Sparby or me. Stay healthy and stay connected, I hope to see you soon!
Mr. Fredericksen

Teacher Name	Course Name	Type of material to be distributed (Ex: novels/kits/other supplies)
