

## EXPERIENCE OUR OUTSTANDING EARLY LEARNING PROGRAMS

**BRIAN GERSICH**  
*Superintendent,  
Waconia Public Schools*

One benefit of the District Office being located at the Educational Services Center is that we are located in the same building as our early learning programs. With a short walk down the hall, I can find myself in a classroom with our youngest learners who are enrolled in one of our many Wildcat Preschool classes.

There are a number of studies, scholarly articles and research-based opinions on the importance of early learning education to the long-term growth and development of students, but witnessing it in-person is far more powerful.

Wildcat Preschool teachers and staff have a number of goals when students walk through their doors. Those goals include providing play-based inquiry, nurturing curiosity, providing a joy of learning, and supporting physical, intellectual, and social/emotional readiness skills using a research-based curriculum to support kindergarten readiness.

Three to five year olds who attend Wildcat Preschool will experience a curriculum that is intentionally

aligned with ISD 110 curriculum to create a seamless transition to kindergarten.

.....  
Due to increased demand and popularity, Wildcat Preschool is expanding for the 2023-24 school year. New class times, more classrooms, additional staff and an elementary school-based classroom at Laketown Elementary School are all being added beginning next Fall.  
.....

I highly encourage families who are looking for a preschool option for their children to attend the Wildcat Preschool Open House from 4:00-7:00 p.m. on Tuesday, February 21, at our Early Learning Center, located at 520 Industrial Blvd. This is an opportunity for parents/guardians to meet preschool staff, see a preschool classroom, and ask questions about Wildcat Preschool.

For more information about Wildcat Preschool class offerings, costs, and registration information, I invite you to see Page 3 of this edition of the CommuniCAT.

## KINDERGARTEN ENROLLMENT NOW OPEN FOR FALL OF 2023

**Do you have a child who is eligible to start kindergarten in the Fall of 2023? Now is the time to complete the online enrollment process by visiting [www.isd110.org/enrollment](http://www.isd110.org/enrollment).**

.....  
Kindergarten is an exciting and important time in a student's life as they will develop and grow many academic, social, and emotional skills that will lay the foundation for their K-12 journey.  
.....

In Waconia Public Schools, we strive to form a partnership with parents and guardians to create a safe, caring and cooperative environment. Our talented, caring, and dedicated teachers and staff will create developmentally appropriate activities throughout the day to meet the varying needs and

to optimize learning for all students in the areas of cognitive development, gross and fine motor skills, and social and emotional development.

We have three outstanding elementary schools – Bayview, Laketown, and Southview Elementary Schools – that serve students in grades K-5. If you are unsure which elementary school your child will attend, visit the District website and use our Interactive District Boundary Map tool.

Waconia Public Schools provides a standards-based curriculum in Language Arts, Mathematics, Science, Social Studies, Health, Physical Education, Music, Art, and Media Skills to fully prepare all students to be successful life-long learners. Language Arts and Mathematics provide the core of the academic program for kindergarten students.

Our Kindergarten program challenges students to develop academically, socially and emotionally. We emphasize the introductory skills of reading, writing, mathematics, and problem-solving.

**Our students are provided individualized support as they progress, at varying rates, through each developmental milestone.**

## SCHOOL BOARD THANKS OUTGOING MEMBERS; WELCOMES FOUR NEW MEMBERS

The December 19 Regular Meeting of the School Board marked the final meeting for four outgoing board members, including Mike Bullis (2011-2022), Rachel Myers (2019-2022), Brian Rothstein (2011-2019; 2021-2022), and Jackie Johnson (2019-2022).

The four outgoing members were presented with a lifetime pass to Waconia Activities as a showing of appreciation for their years of service and a way for them to stay active and engaged in our school community.

The Board held its annual organizational meeting on Tuesday, January 3 at the District Office. Newly elected board members Kelly Amott, Jesse Bergstrom, Melanie Hagen and Kimberly Kelzer-Breeden recited an oath of office at the onset of the meeting. The full board then nominated and voted members into officer positions including Dana Geller as Chair, Luke DeBoer as Vice Chair/Clerk and Alycia Myers as Treasurer.

## MEET THE NEW DIRECTOR OF COMMUNITY EDUCATION

Waconia Public Schools recently hired Steven Jensen as the District's new Director of Community Education. Jensen started his new role on January 16 and replaces Tiffany Nelson, who announced her resignation after 21 years of service to the District.

Jensen brings more than 11 years of experience working in community education, including the last four years as Director of Community Education for Jordan Public Schools. Prior to his current role in

Jordan, Steven worked for eight years in the Burnsville Eagan Savage Public Schools Community Education Department in a coordinator role. He holds a Bachelor's Degree in Management from Gustavus Adolphus College and a Master's Degree in Educational Leadership with a Director of Community Education License from Minnesota State University, Mankato.

As Director of Community Education, Jensen will be responsible for the overall planning, implementation, fiscal control and operation of Community Education programs and its staff in the areas of Early Childhood Family Education, Kids' Company, Wildcat Preschool, adult enrichment, youth recreation and enrichment programming.

## CHILDREN’S BOOK BY RECENT GRADUATE LANDS IN ELEMENTARY SCHOOL MEDIA CENTERS

“ I think the main thing that I’m hoping students who read the book will learn is that sometimes differences can be small or large and sometimes you can’t see them but that doesn’t mean they aren’t affecting someone.”

– MAGGIE MERNIK  
Author, Illustrator, & 2019 Graduate

Students in Waconia’s three elementary schools have a new book available to them in their respective media centers and the author and illustrator is 2019 Waconia graduate Maggie Mernik.

Mernik is a senior at the University of St. Thomas in St. Paul who expects to graduate this spring with a Bachelor’s Degree in Biology and Nutrition. About two years ago she had a dream about a children’s book series that was dedicated to helping children learn about health related differences regarding nutrition and overall health and wellness. That dream and Mernik’s own personal experiences with food

sensitivity and intolerance led to her publishing the book “Lactose-Free Leo.”

When Waconia Public Schools Director of Nutritional Services Barb Schank caught wind of the new book, she purchased several copies to be placed in the District’s elementary schools and the early childhood programs library.

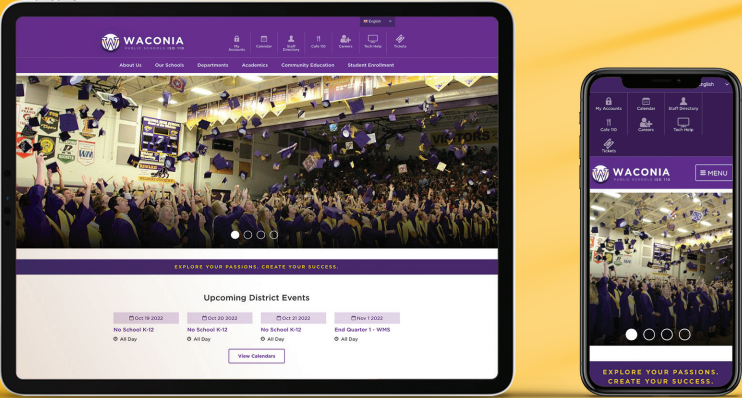

After graduating from St. Thomas, Mernik is hoping to attend graduate school to become a registered dietitian nutritionist. She also plans to continue writing and illustrating children’s books and is already working on a second book in the series.

You can read more about Lactose-Free Leo and support Mernik’s work by visiting [www.wildwellnessbooks.com](http://www.wildwellnessbooks.com).
