# Kids' Company Childcare

## Kids' Company Childcare -

If you are looking for quality child care in a school setting - look no further. Kids' Company offers children the opportunity to thrive in an atmosphere that supports positive growth. Children are given this opportunity starting at the age of three (must be toilet trained) through fifth grade. Kids' Company is open at 6:00 am and our last pick up time is 6:15pm. We are located at Bayview Elementary School, Southview Elementary School, Laketown Elementary School & Waconia Enrichment Center. Children may attend Kids' Company at the school they attend which means a peace of mind for parents. Kids' Company is available on most school release days.

Our belief at Kids' Company is that children need to be in an environment that will enhance their social, academic and positive self image. We accomplish these goals through exposure to new experiences, freedom of choice and building new friendships. Children are always placed in age appropriate classes. Please see below for our specific site locations and for more details. Please note that times and locations may change due to registration numbers.

## Welcome to Dist. 110 ECFE

Early Childhood Family Education (ECFE) is a District 110 Community Education program of Waconia Public Schools. All families with children ages birth to kindergarten are welcome. Our mission is to strengthen families through education, and support all parents toward healthy growth and development of their children.

Early Childhood Family Education offers classes, events and other programs designed by highly qualified teachers, specifically for families with young children. Most classes meet once a week for 1.5-2 hours. Quality child care is provided for siblings not enrolled in class.

A sliding fee scale is provided to make classes affordable for all families. No one will be denied participation for inability to pay.

## Next Steps

### Kindergarten - 3rd Grade

The elementary years are an exciting time for parents and children alike. Trying new opportunities, learning, exploring, and going through changes. We get to applaud their accomplishments and help them work through frustrations or disappointments.

Growth like success is not a direct path. There will be starts and stops, challenges and successes. Join other parents from our community to celebrate, problem solve and learn how to support our elementary aged children. Discussions are facilitated by a licensed Parent Educator. This is a fun time to focus on how we want to raise our children.

We meet 1.5 hours every other week. Childcare is available for younger siblings who are not in school so that parents can focus without distraction. Topics are selected by group request. Popular topics have been: problem solving daily life, teaching skills of independence, friendships and social conflicts, bullying, and teaching children to be organized.

# Early Childhood Screening

## Is your child 3 years old?

The early childhood years are an important time of rapid learning and growth. Early Childhood Screening is a **FREE** service offered by District 110 that will check a child's overall development and health. Children are screened by a licensed early childhood teacher and a school nurse. Results of the screening help identify any learning or health concerns that may require attention before a child enters kindergarten. **In Minnesota all children are required to complete Early Childhood Screening before kindergarten entrance, however, it is not a test for kindergarten.** The preferred age to screen is between the ages of 3 and 4 years old.

### Early Childhood Screening includes:

- \* A look at your child's development
- \* Vision and hearing checks
- \* Height and weight measurements
- \* Immunization and health history review

Screenings take place at the Early Childhood Family Center, 520 Industrial Blvd. **Register online at [www.waconiacommunityed.org](http://www.waconiacommunityed.org).** Click on Community Ed, go to Programs and scroll down to Early Childhood Screening. Please call **952-442-0613** to receive more information.

## Girls Futsal (Small Sided Soccer)

Futsal is an exciting, fast-paced small sided soccer game that is played across the world and is officially recognized by both FIFA and UEFA. Why play Futsal? Futsal is played in an environment that motivates players and is conducive to learning. The small sided format allows players to have lots of touches on the ball and learn and use different soccer moves to attack and defend. Because Futsal is played with a low bouncing ball, players develop great footwork and can transition what they learn to both recreational and competitive soccer programs. Format: Players spend the first ½ of the session learning and mastering soccer skills. The second ½ of the session is spent playing the game of Futsal. The Futsal skills practiced and learned are very similar to those taught at Coerver or Pura Vida but offered locally and at a fraction of the cost. Futsal: Allows players to frequently touch the ball, Presents many opportunities to score goals and score goals often, Maximizes active participation and minimizes inactivity and boredom, Focused on individual player development & Focus on the game by eliminating complicated rules.
